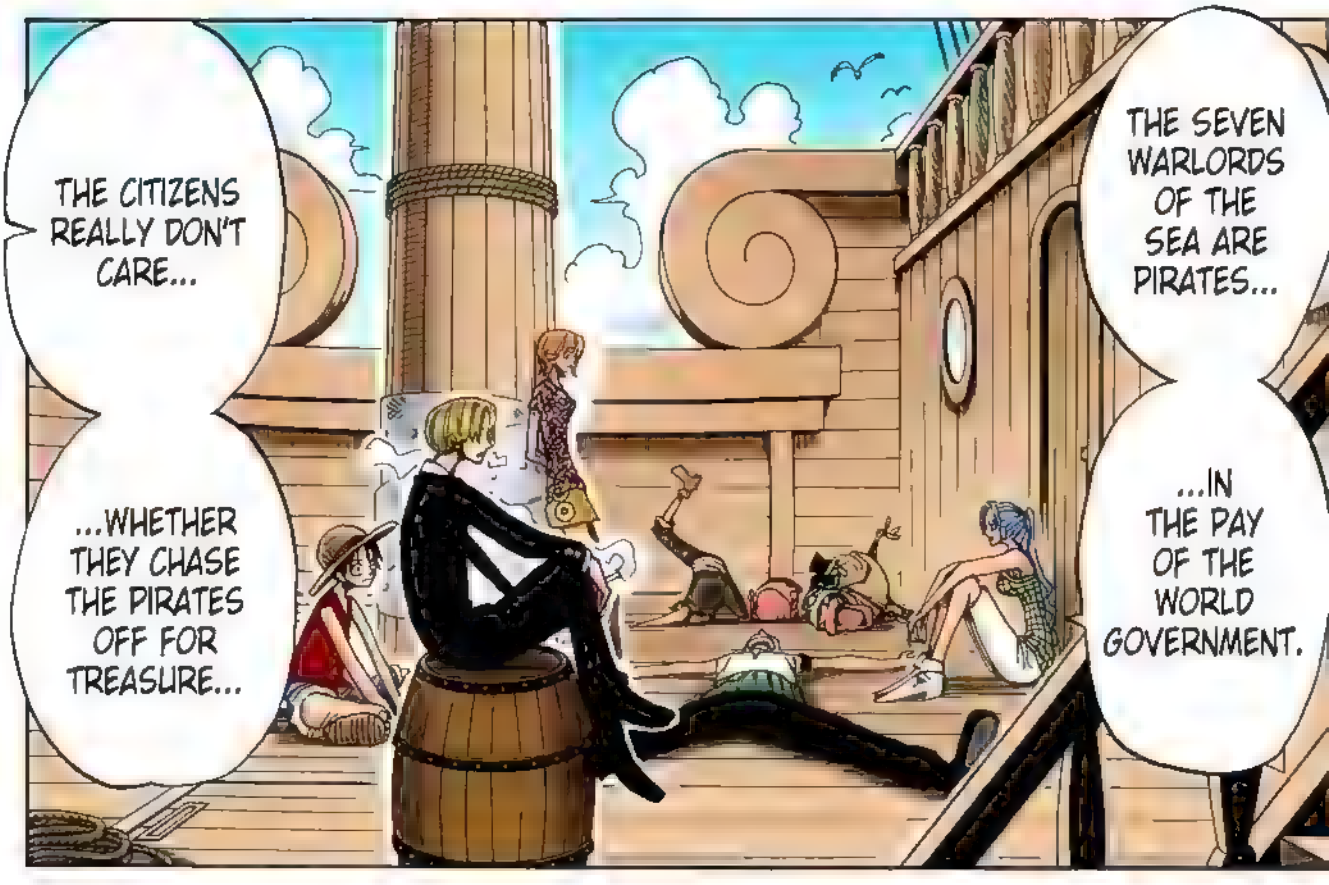
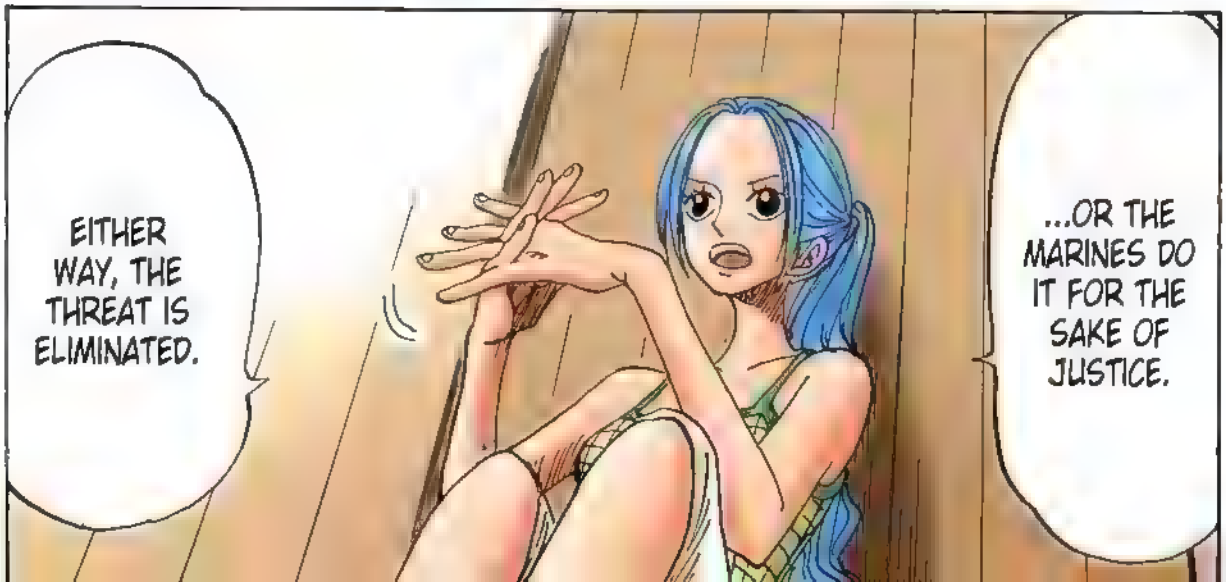
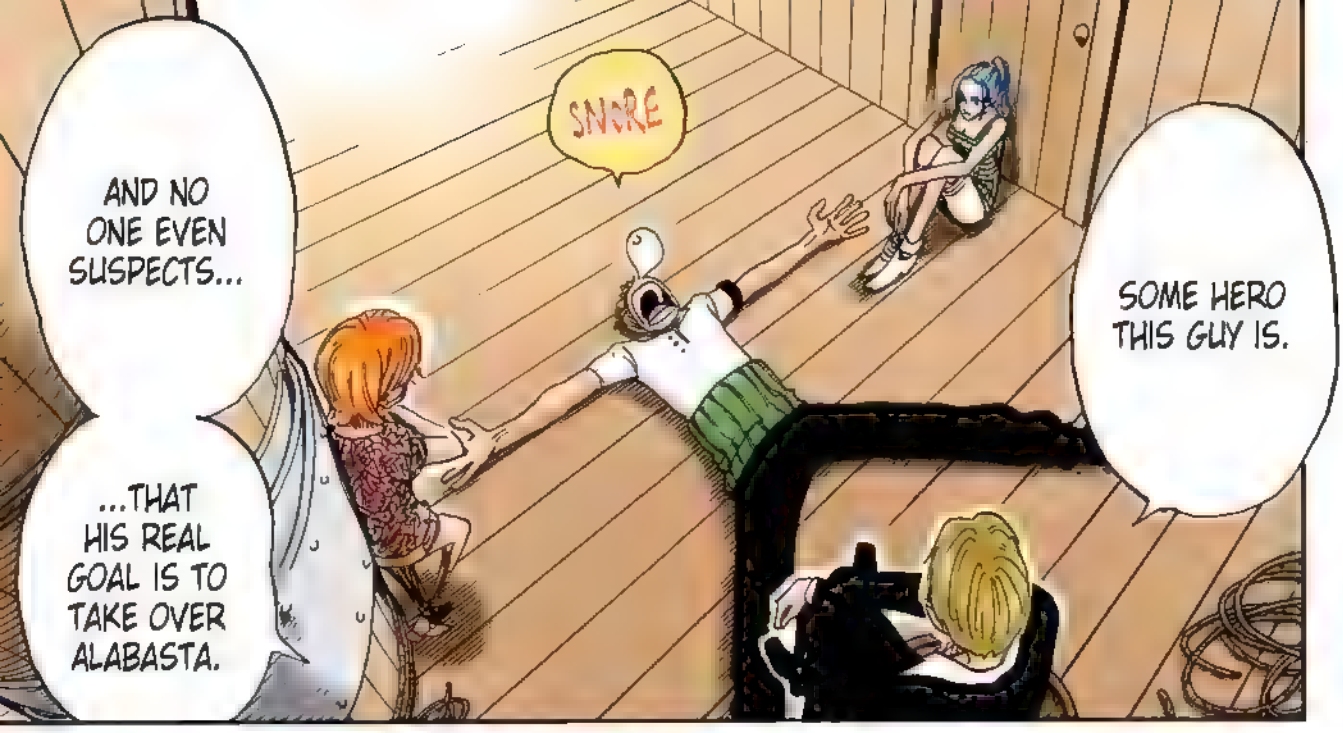
HERO?



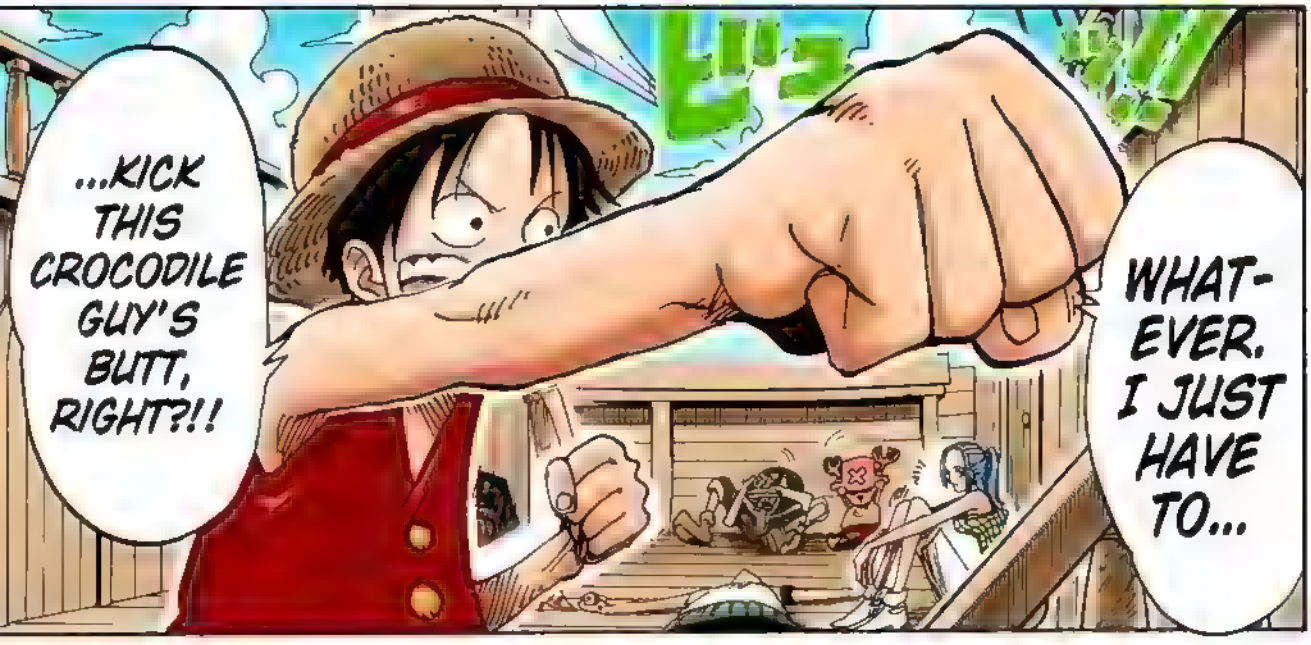
THE CITIZENS REALLY DON'T CARE...
...WHETHER THEY CHASE THE PIRATES OFF FOR TREASURE...
THE SEVEN WARLORDS OF THE SEA ARE PIRATES...
...IN THE PAY OF THE WORLD GOVERNMENT.



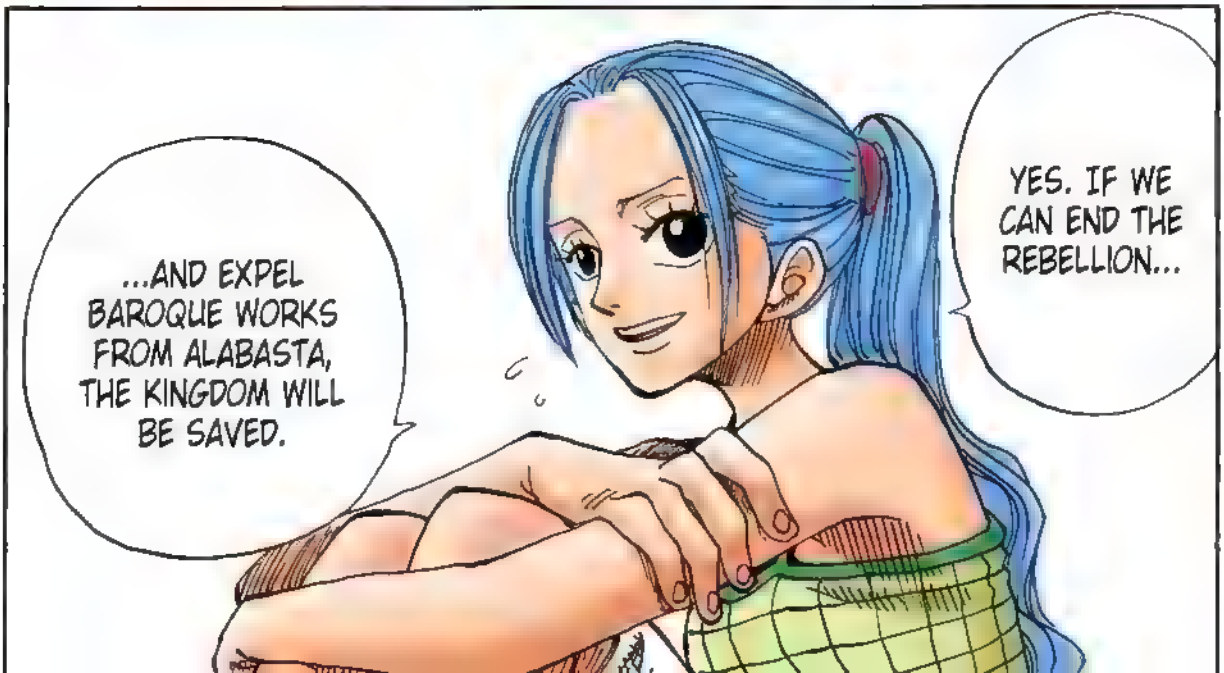
EITHER WAY, THE THREAT IS ELIMINATED.
...OR THE MARINES DO IT FOR THE SAKE OF JUSTICE.



AND NO ONE EVEN SUSPECTS...
...THAT HIS REAL GOAL IS TO TAKE OVER ALABASTA.
SNORE
SOME HERO THIS GUY IS.

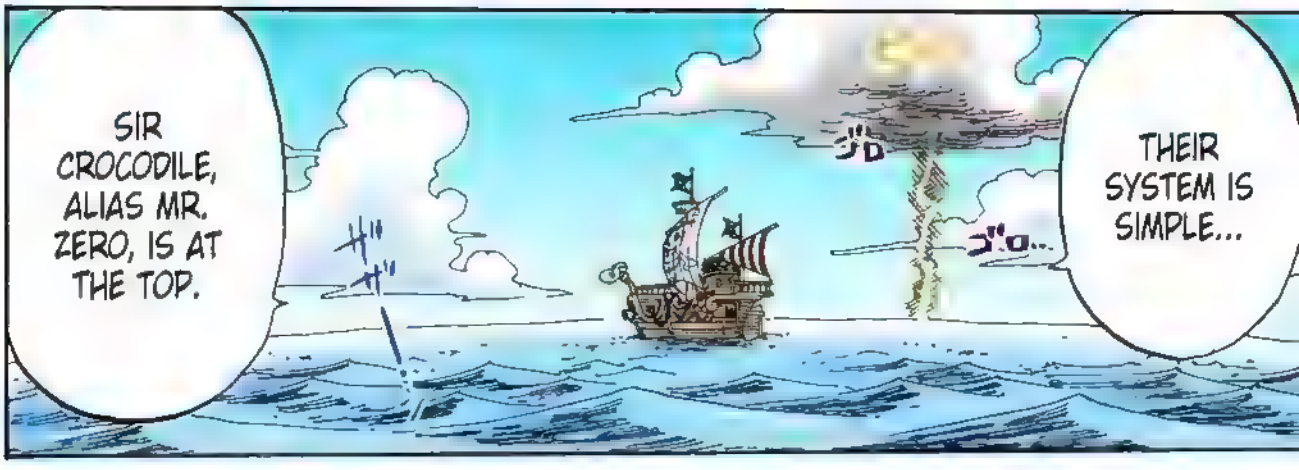


...KICK THIS CROCODILE GUY'S BUTT, RIGHT?!!
ビュ
WHAT-EVER. I JUST HAVE TO...



...AND EXPEL BAROQUE WORKS FROM ALABASTA, THE KINGDOM WILL BE SAVED.
YES. IF WE CAN END THE REBELLION...

むくっ…
BAROQUE WORKS …
すりっ すりっ
JUST WHAT KIND OF OUTFIT IS THIS BAROQUE WORKS?
BUT…
I MEAN, WHAT'S WITH ALL THOSE NUMBERS?

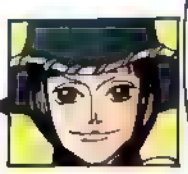


SIR CROCODILE, ALIAS MR. ZERO, IS AT THE TOP.
ゴゴ
ゴゴゴ…
THEIR SYSTEM IS SIMPLE…

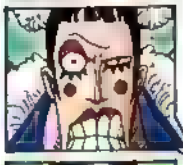
EACH ARE PAIRED WITH A FEMALE AGENT WHO MATCHES THEIR POWERS WELL.
…
AND TAKING ORDERS DIRECTLY FROM HIM ARE THE AGENTS--12 PEOPLE AND A BEAST.
YAWN
MR. 13 AND MISS FRIDAY ARE SPECIAL. THEY EXECUTE ANY AGENTS WHO FAIL.
THEY ALL HAVE CODE-NAMES. THEY'RE ALL CALLED A "MR. NUMBER".

BAROQUE WORKS

(President) Mr. Zero (Crocodile) — (Vice president-Commander) Miss All Sunday



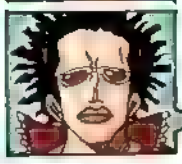
ALL AGENTS FROM MR. 5 UP ARE CALLED "OFFICER AGENTS."



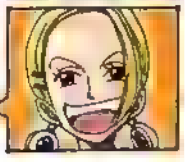
Mr. 1 — Miss Doublefinger

Mr. 2 Bon Kurei (No partner, since they identify as both male and female)

Mr. 3 — Miss Goldenweek



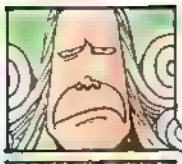
Mr. 4 — Miss Merry Christmas



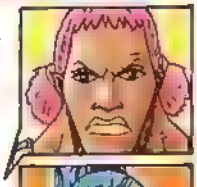
Mr. 5 — Miss Valentine

MOST OF THEM HAVE DEVIL FRUIT POWERS.

Billions (200 agents) Officer Agents' underlings



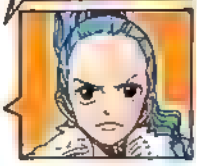
Mr. 6 — Miss Mother's Day



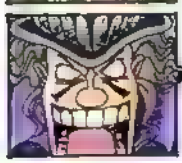
Mr. 7 — Miss Father's Day

Mr. 8 — Miss Monday

Mr. 9 — Miss Wednesday



Mr. 10 — Miss Tuesday



Mr. 11 — Miss Thursday

Mr. 12 — Miss Saturday

THEY HANDLE THE MOST IMPORTANT MISSIONS.

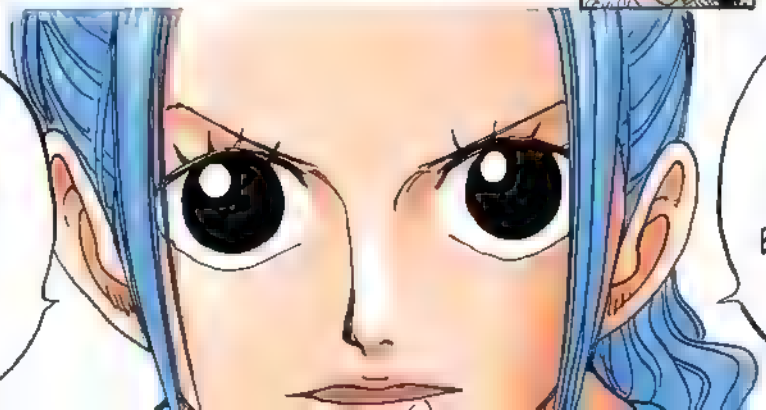
Millions (1,800 agents) Frontier Agents' underlings

Mr. 13 — Miss Friday

(Unluckies) In charge of executions, communications

AFTER THEM COME THE "FRONTIER AGENTS."

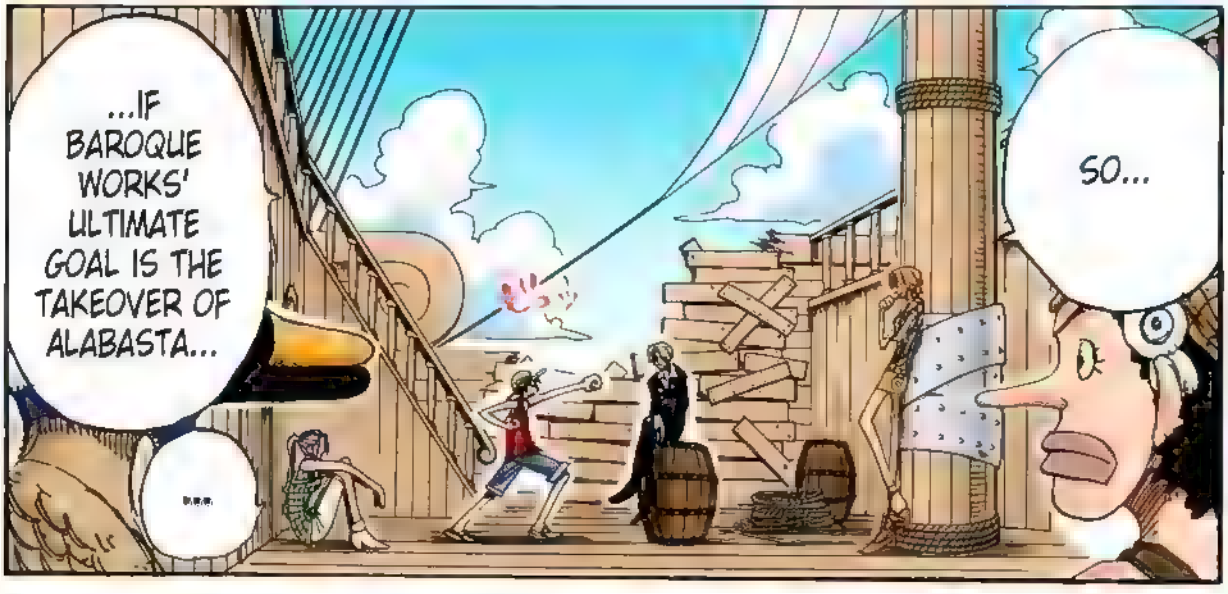
THEY COMMAND THE LOWER OPERATIVES...



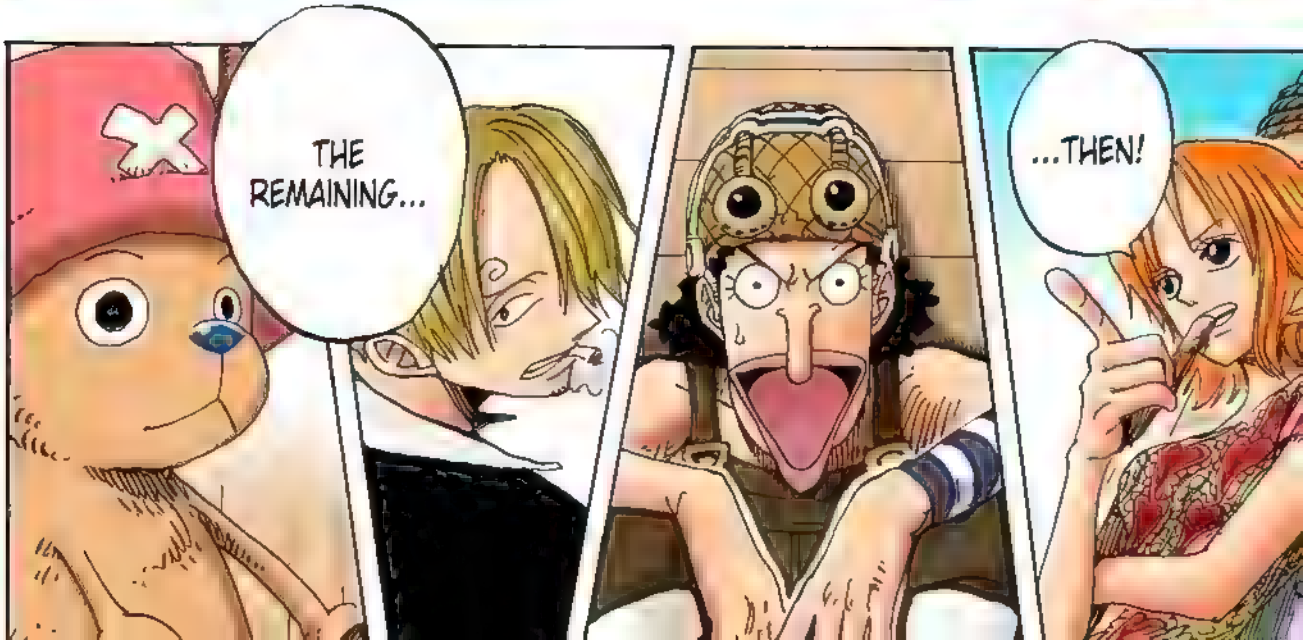
THAT'S THE CRIMINAL ORGANIZATION KNOWN AS BAROQUE WORKS.

...AND COLLECT BOOTY FOR THE COMPANY AT THE ENTRANCE TO THE GRAND LINE.

ビュッ!!
WE'LL KICK HIS BUTT!!!
YOU DIDN'T FOLLOW ANY OF THAT, DID YOU?
OH YEAH?!! THEN WE'LL GET THIS CROCO-DILE GUY!!!



...IF BAROQUE WORKS' ULTIMATE GOAL IS THE TAKEOVER OF ALABASTA...
...
SO...



THE REMAINING...
...THEN!

TO BE CONTINUED IN ONE PIECE, VOL. 18!

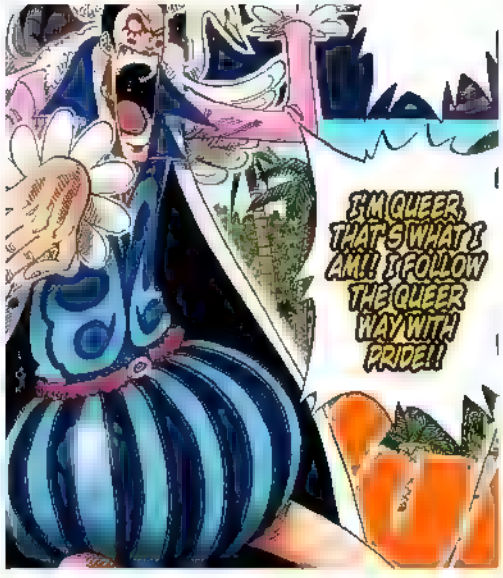
TRANSLATION NOTES CORNER
Volume 17

- LUFFY CALLS WAPOL "***JAMAGUCHI***", WHICH MEANS "MOUTH BOTHER", BUT IT'S LIKELY A PUN ON THE COMMON JAPANESE NAME "YAMAGUCHI". WE TRANSLATED IT AS "MOUTHFACE" OR "MOUTHFUL", WHICH SOUNDS JUST AS SILLY AND NONSENSICAL

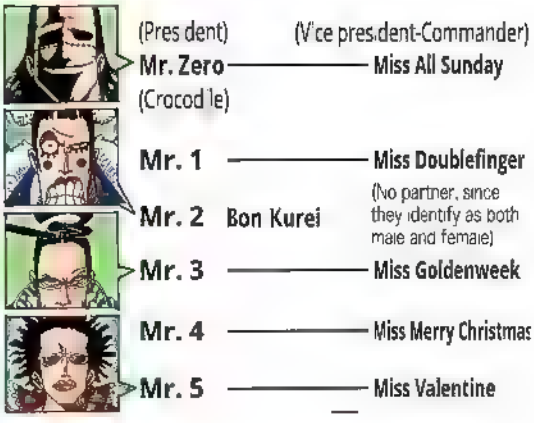


- ON MR. 2 BON KUREI'S COAT IS THE WRITING "お釜通", OR "***OKAMA WAY***", WHICH MEANS "QUEER WAY". "OKAMA" IS A JAPANESE SLANG THAT WAS ORIGINALLY USED IN A DEROGATORY WAY TOWARDS QUEER PEOPLE, BUT IT WAS EVENTUALLY RETAKEN BY ITS COMMUNITY AS A POSITIVE TERM TO AFFECTIONALLY REFER TO ALL PEOPLE WHO ARE QUEER, GAY, TRANS, OR ANY OTHER TYPE OF IDENTITY (THOUGH YOU SHOULD STILL BE MINDFUL OF WHICH CONTEXT TO USE IT IN JAPANESE, GIVEN ITS HISTORY). THIS IS MUCH THE SAME AS THE ENGLISH WORD "QUEER", WHICH ONCE WAS A DEMEANING INSULT, NOW BEING USED AS A POSITIVE SYMBOL OF EQUALITY AMONG THOSE WHO ARE QUEER, SO WE FEEL IT'S AN APT TRANSLATION FOR "OKAMA", WHICH HOLDS AN EQUIVALENT MEANING.

SOME OLD ONE PIECE TRANSLATIONS PREFERRED TO LEAVE "OKAMA" UNTRANSLATED MUCH LIKE "NAKAMA", WHILE OTHERS LIKE THE OFFICIAL CENSORED IT ALL TOGETHER DUE TO ISSUES WITH DISCRIMINATION IN THE US. HOWEVER, EVEN OUTSIDE OF ONE PIECE, ODA HAS BEEN PUBLICLY OUTSPOKEN TOWARDS SUPPORTING QUEER HUMAN RIGHTS, WHICH LINES UP WITH ONE PIECE'S THEMES OF FREEDOM AND EQUALITY, AND IT IS AN INSEPARABLE PART OF MR. 2'S CHARACTER, SO WE MADE SURE TO TRANSLATE EVERYTHING AS LITERALLY AS ODA WROTE IT. DESPITE MR. 2 BEING ONE PIECE LEVELS OF QUIRKY, AS BECOMES APPARENT LATER ON, HIS PORTRAYAL ISN'T MEANT TO BE DEMEANING TO QUEER PEOPLE, BUT RATHER A SIGN OF EMBRACING IDENTITY WITH PRIDE

TNC

TRANSLATION NOTES CORNER
Volume 17



- ***"MR. 2 BON KUREI"*** IS OFTEN MISTRANSLATED AS "BON CLAY" DUE TO ITS SIMILAR SOUND, BUT IT IS IN FACT "BON KUREI". *BON KUREI* REFERS TO OBON FESTIVITIES, BEING THE SUMMER FESTIVALS IN JAPAN, WHICH MAKES IT A FEMALE CODENAME. COMBINED WITH MR. 2, THIS MEANS MR. 2 (MISS) BON KUREI HAS BOTH A MALE AND FEMALE CODENAME. AS EXPLAINED DURING THE BAROQUE WORKS BREAKDOWN, THIS IS DUE TO MR. 2 IDENTIFYING AS BOTH MALE AND FEMALE, MAKING THEM GENDERQUEER

- AS A NOTE, JAPANESE VERY RARELY EVER USES THIRD-PERSON ***PRONOUNS***, SO THE MATTER OF GENDERING MR. 2 ISN'T REALLY BROUGHT UP DUE TO NO GRAMMATICAL NEED. HOWEVER, DUE TO BEING GENDERQUEER, ANYTHING FROM HE/SHE/THEY IS FINE, WHICH IS WHY WE JUST HAD OTHER CHARACTERS USE "HE" IN TRANSLATION IF NEEDED WITHOUT MUCH ISSUE

- MR. 2 BON KUREI USES THE FIRST PERSON PRONOUN ***"ACHISHI"***, WHICH DOESN'T EXIST IN JAPANESE. IT BASICALLY MEANS MR. 2 MADE UP UNIQUE PRONOUNS TO REPRESENT THE NON-BINARY GENDER THEY IDENTIFY AS. WE DECIDED TO LEAVE IT AS "I" TO AVOID A HEADACHE, BUT KEEP IN MIND MR. 2 USES BOTH MASCULINE AND FEMININE EXPRESSIONS IN THE JAPANESE VERSION

- MR. 2 BON KUREI REFERS TO MR. ZERO AS ***"ZERO-CHAN"***, WHICH IS A FAIRLY AFFECTIONATE AND EFFEMINATE TERM, SHOWING MORE OF A GIRLY SIDE. WE TRANSLATED IT HERE AS THE AFFECTIONATE "ZERO-POO"

They say that sleep requires physical strength. With good quality sleep, even if it's short, you can wake up refreshed. In other words, you should sleep with all your might. So I decided to get fit so that I could get some good quality sleep in a short period of time. I gulped down a potent vitamin drink, then crawled under the covers.

Aw, man... Geez...

Like I can fall asleep now...

ACE ARRIVES

尾田栄一郎
EIICHIRO ODA

Monkey D. Luffy started out as just a kid with a dream—and that dream was to become the greatest pirate in history! Stirred by the tales of pirate "Red Haired" Shanks, Luffy vowed to become a pirate himself. That was before the enchanted Devil Fruit gave Luffy the power to stretch like rubber, at the cost of being unable to swim—a serious handicap for an aspiring sea dog. Undeterred, Luffy set out to sea, and recruited some crewmates: master swordsman Zoro, treasure-hunting thief Nami, lying sharpshooter Usopp, the high-kicking chef Sanji, and the latest addition Tony Tony Chopper—the walkin' talkin' man-reindeer doctor.

En route to Alabasta to help Princess Vivi save her kingdom, Luffy and crew have discovered a prehistoric island of Giants and an island locked in perpetual winter. Now, having defeated the evil King Wapol and liberated Drum Island, they set sail once more, joined by the new ship's doctor, Chopper. The crew of the *Going Merry* are in a festive mood, but little do they suspect what dangers lie in store for them in the desert Kingdom of Alabasta ..

Oda: Hey, I didn't say anything.

Q: Oda Sensei, get hold of yourself. Pardon me for saying this, but…your window to the world is open!!!! It's embarrassing. ♡

A: Oh! Darn. My fly's open.
Phew. I don't ever want that to happen again, so I'd better just take my pants off. [Swuff swuff…] All right, let's continue.

Q: Dr. Kureha always talks about the secret of youth, but what is the secret? I've gotten so old lately.

A: Gotten old? You're only 13! Anyway, the secret is--be happy!! Dr. Kureha is probably going to be around for a long time.

Q: **Mr. Afroda, I have your lunch money. If you want it back, put me on the Question Corner.**

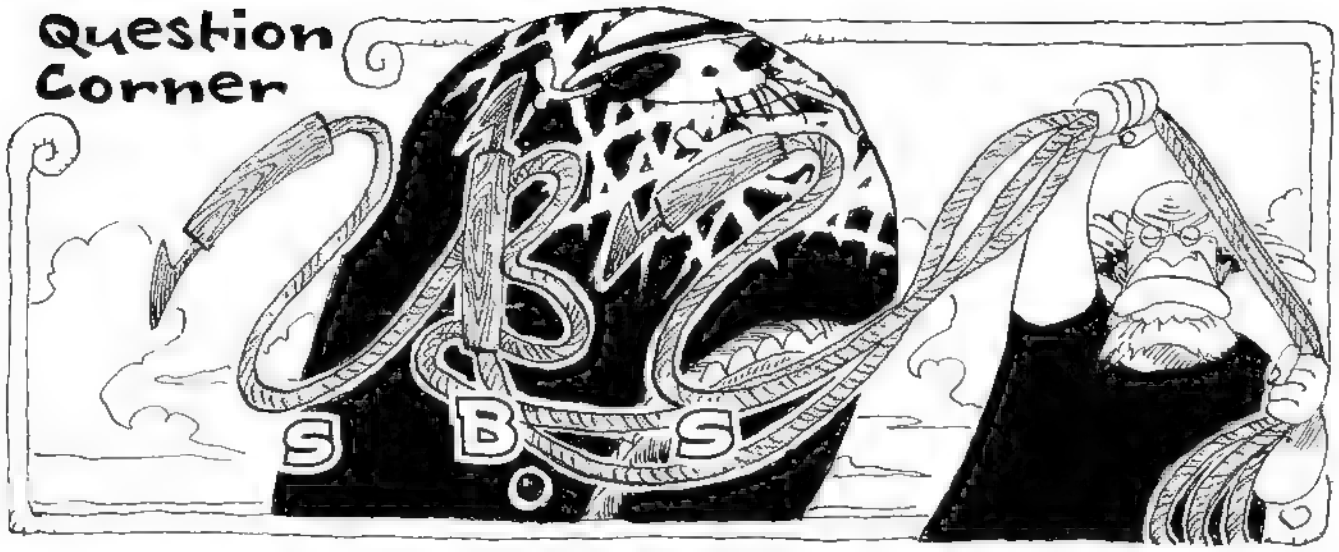
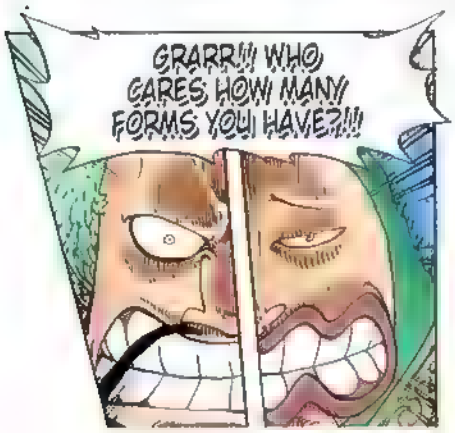
Question Corner

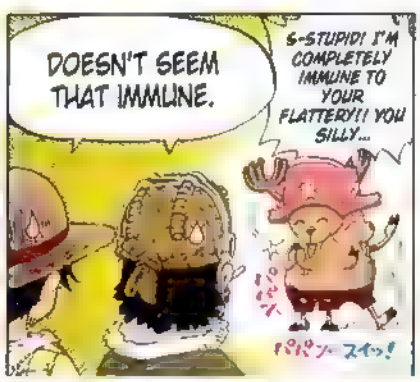


Oda: Yes, um, I'd like to...clarify something for a few of our readers about the last issue, volume 17. There was a character named "Chessmarimo." He was a fusion of "Chess" and "Kuromarimo," so when he spoke, you could hear both of their voices at the same time. In order to illustrate that, I made their dialogue overlap. And, boy, did I get it.



Tons of complaints from parents of little kids screaming, "Your quality control is terrible!!" They even complained to the publisher of this comic. I'm very sorry, Mothers, but I did it on purpose!! Please, read the comic. It's "Chessmarimo." Isn't that hilarious!? (not much repentance here)

Q: Oda Honey, I have a question…
In vol. 17, page 176, panel 6, what is Chopper doing? It looks to me like he's doing that "dirty old man" dance that Ken Shimura* does!! Am I right? Please tell me!!



A: Oh, you figured it out.

Q: Hi, Oda Sensei. → I think *One Piece* is just too much fun!!
During class → I drew → Buggy! In my notebook!!
I have Buggy-itis →!
Oh yes, yes… Young Shanks and Buggy once argued about whether the South Pole or the North Pole was colder. Which is it? → Well, *sayonara.*

A: Oh, that was Buggy's flashback in Volume 3. The answer is the South Pole. The North Pole isn't a continent, it's an ice formation. Between land and ocean, land is colder, so the South Pole wins. Shanks was right. By the way, did you know that the coldest place in the world is not the South Pole?

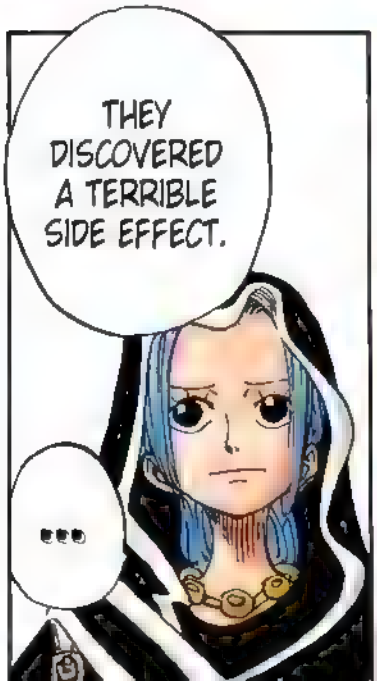
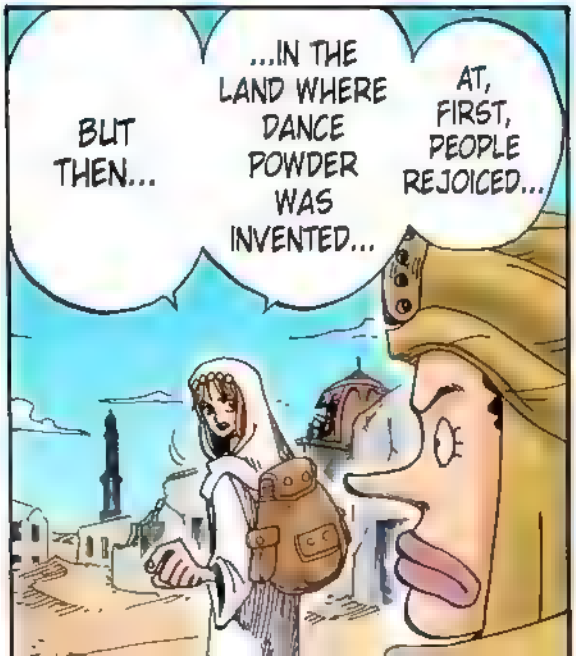
...WHERE IT TRIGGERS ICE PARTICLES TO GROW IN THE CLOUDS AND FALL AS RAIN.
UH-HUH, UH-HUH...
IT WAS DEVELOPED BY A SCIENTIST IN A COUNTRY WHERE IT NEVER RAINS.

SUMMONS RAIN?!

...THAT MAKES RAIN.
A MYSTERIOUS POWDER...
...CREATES ARTIFICIAL RAIN.
DANCE POWDER...



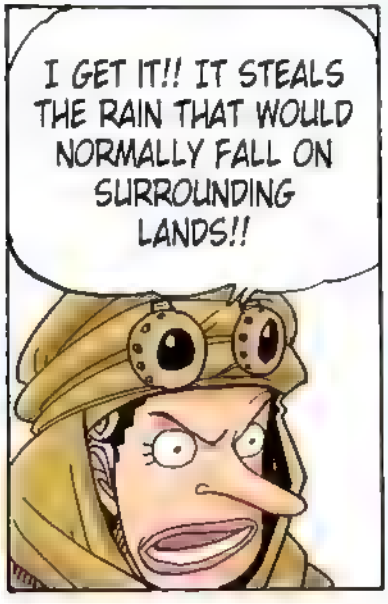
THEY DISCOVERED A TERRIBLE SIDE EFFECT.
...



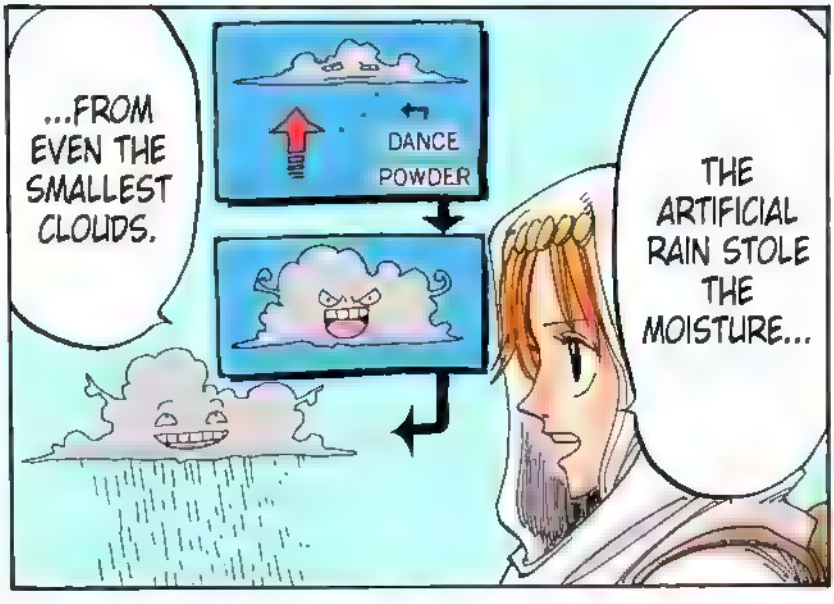
BUT THEN...
...IN THE LAND WHERE DANCE POWDER WAS INVENTED...
AT, FIRST, PEOPLE REJOICED...

HEY, THAT'S JUST WHAT THIS KINGDOM NEEDS.

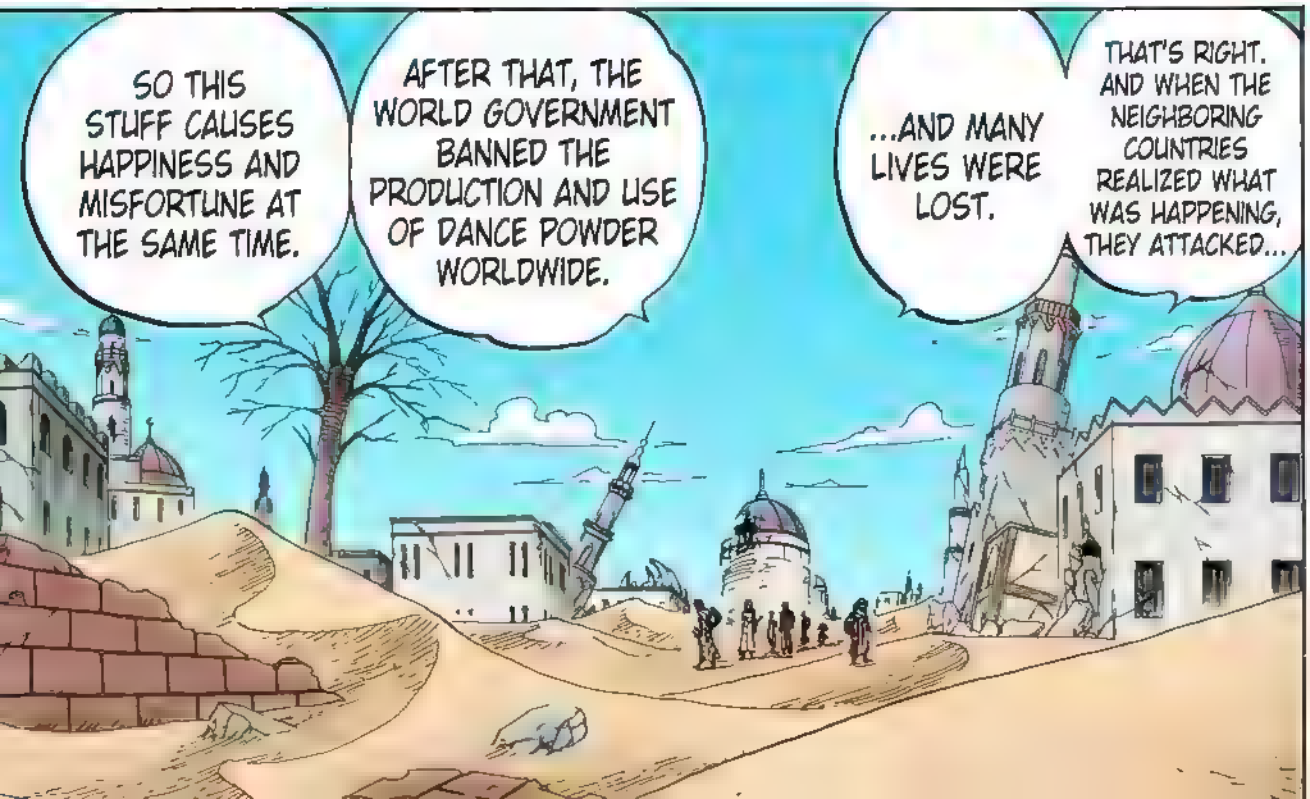
GET IT?
THE COUNTRIES UPWIND SUFFERED THE "DRY CURSE"!!!



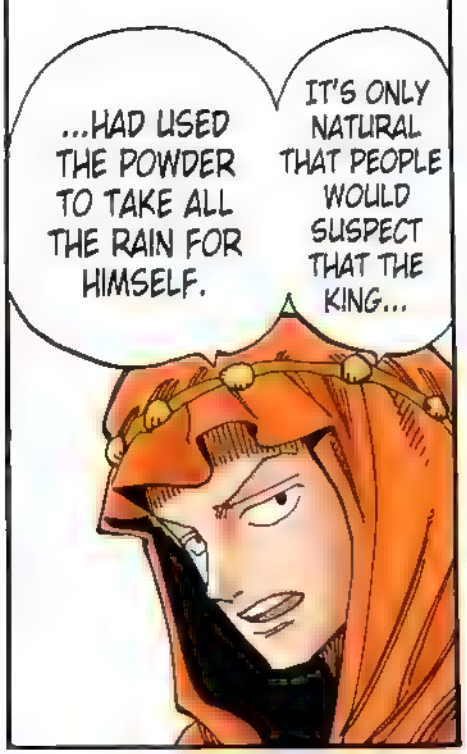
I GET IT!! IT STEALS THE RAIN THAT WOULD NORMALLY FALL ON SURROUNDING LANDS!!



...FROM EVEN THE SMALLEST CLOUDS.
DANCE POWDER
THE ARTIFICIAL RAIN STOLE THE MOISTURE...



SO THIS STUFF CAUSES HAPPINESS AND MISFORTUNE AT THE SAME TIME.
AFTER THAT, THE WORLD GOVERNMENT BANNED THE PRODUCTION AND USE OF DANCE POWDER WORLDWIDE.
...AND MANY LIVES WERE LOST.
THAT'S RIGHT. AND WHEN THE NEIGHBORING COUNTRIES REALIZED WHAT WAS HAPPENING, THEY ATTACKED...



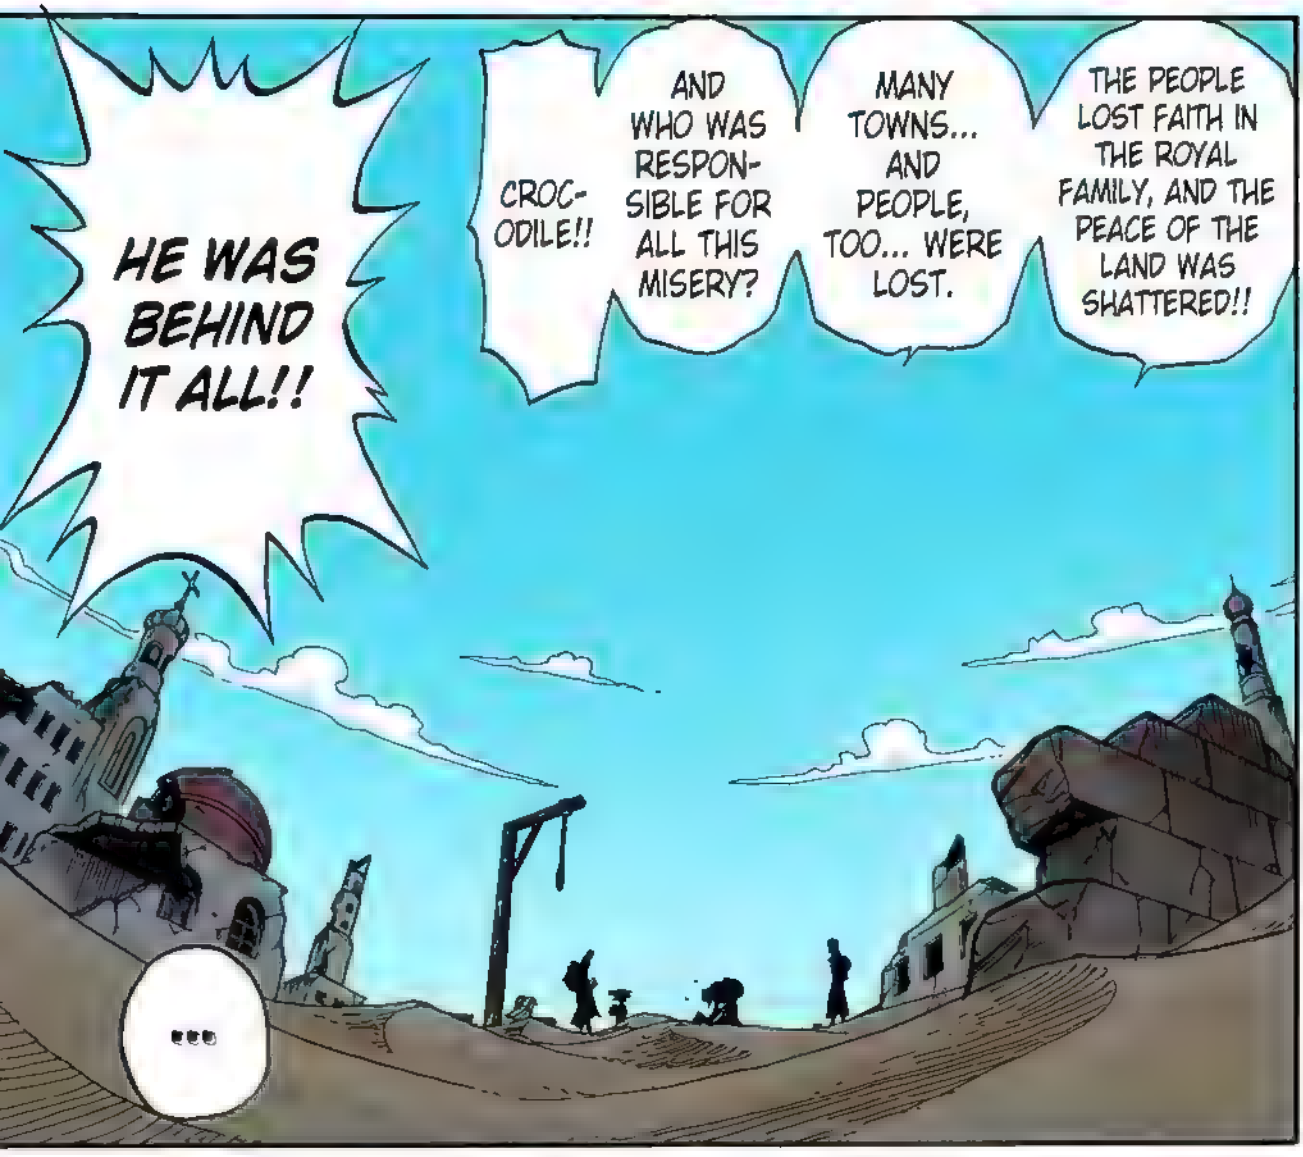
...HAD USED THE POWDER TO TAKE ALL THE RAIN FOR HIMSELF.
IT'S ONLY NATURAL THAT PEOPLE WOULD SUSPECT THAT THE KING...

...EXCEPT UPON THE CITY WHERE THE KING LIVED!!
...IT WAS A TIME WHEN NOT A DROP OF RAIN FELL ANY-WHERE...
WHEN THAT HUGE LOAD OF DANCE POWDER GOT DUMPED...

I KNOW NOW THAT IT WAS ALL PART OF CROCODILE'S SCHEME.
VIVI'S FATHER WOULD NEVER DO SOMETHING SO EVIL!!!
HE WAS FRAMED, YOU IDIOT!!!
HEY, IT'S ALL YOUR FATHER'S FAULT, VIVI!!
SWAMP...
ゴン!

...BUT A HUGE QUANTITY OF DANCE POWDER HAD BEEN PLACED INSIDE THE PALACE TOO.
THE KING HAD NO IDEA...
KLAK...

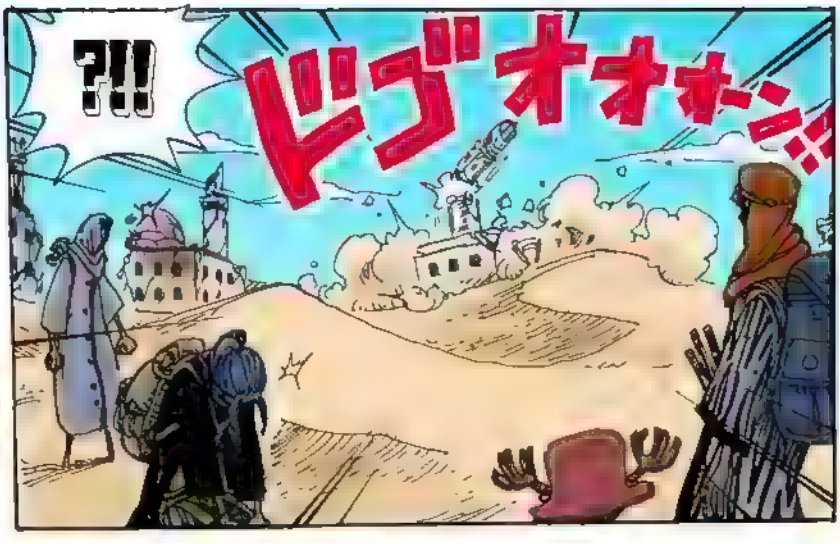
...DROUGHT RAVAGED THE LAND. THE ANGER OF THE PEOPLE INCREASED WITH THEIR HUNGER. ULTIMATELY, A REBELLION BROKE OUT!!!
IT WAS A TRAP SET BY CROCODILE!! AND JUST AS HE PLANNED...



HE WAS BEHIND IT ALL!!
CROC-ODILE!!
AND WHO WAS RESPON-SIBLE FOR ALL THIS MISERY?
MANY TOWNS... AND PEOPLE, TOO... WERE LOST.
THE PEOPLE LOST FAITH IN THE ROYAL FAMILY, AND THE PEACE OF THE LAND WAS SHATTERED!!
...

...WILL NEVER FORGIVE THAT MAN!!!
I...

HMPH... STUPID KIDS...



?!!
ドゴオオオーン!!

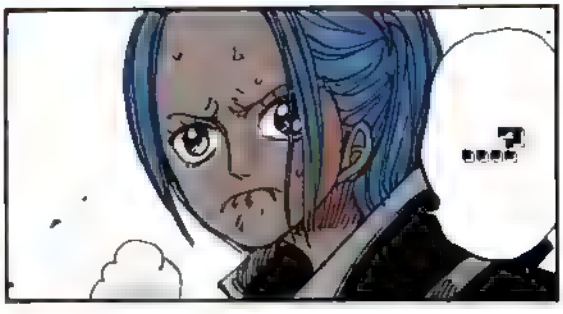
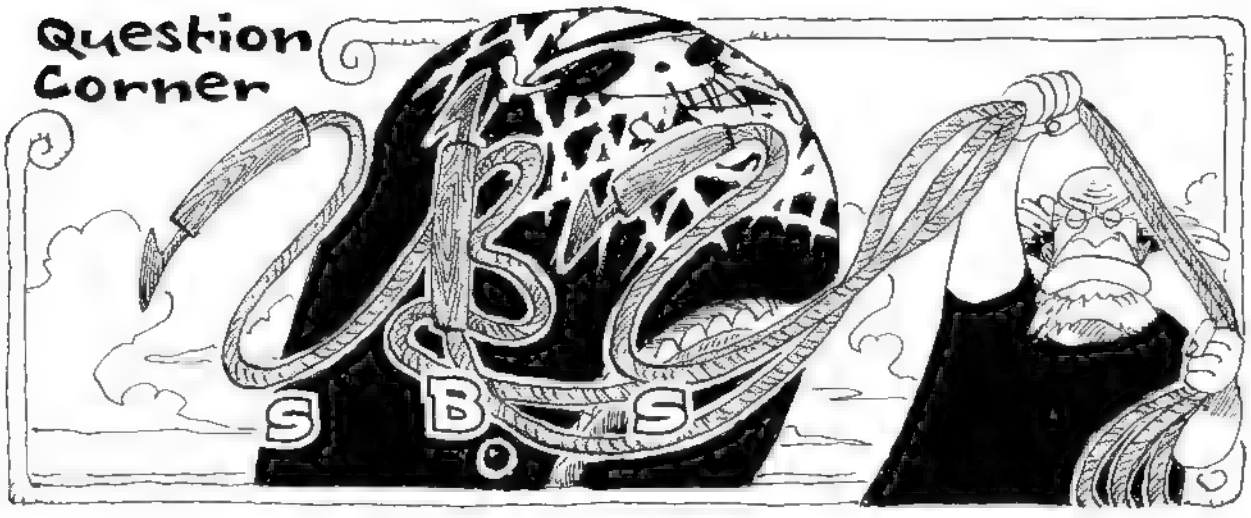
WHAT'RE YOU DOING?!
HEY!



...?

KRAK
LET'S GET MOVING.
I'M ITCHING FOR ACTION.



Q: Ha ha ha! Is that a hippo?

A: No. Be quiet. You're wrong.

Q: Oda Sensei, when Dr. Hiriluk was naked, how come the snow conveniently hid his private parts? Amenokawa.

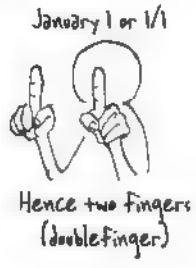
A: Snow can be very useful sometimes.

Q: Hello, Oda Baby! I noticed something amazing about Mr. 2 Bon Clay!! He has an unusual code name. "Mr. 2" is a masculine code name, and Bon Clay is a feminine code name. Bon Clay stands for "bon-kure" or "Bon and year-end festivals." Holidays are used for female code names. So Bon Clay is a little of both, right?

A: That's right. The female agents are named after happy events.

0 = All Sunday (For all the Sundays)
1 = Doublefinger (New Year's Day)
2 = Mr. 2 Bon Clay (Bon and year-end festivals)
3 = Goldenweek (Golden Week)
4 = Merry Christmas (Christmas)

People seem confused by Doublefinger, though.



Q: Here's a question for you. Nami's older sister is Nojiko. So what's my mother's name, Mr. Manga Artist?

A: Hmm... Well...Utsubo? Utsuboko?

Q: Bwaaa!! Wrong. It's Nobuko. But that was close though. We'll do another quiz sometime.

A: Oh!! Nobuko! I get it. Just one syllable off from Nojiko. Of course, I get it... No, I don't!!!

Q: Hey, Oda Baby, just how bad is Zoro's sense of direction? Use Xs and Ys to explain!! By order of Zoro.

A: Er, let's see... X times y? Okay, next.

Q: We're a married couple and we're big fans of the Hiking Bear. ♡ How is one punished when one forgets to bow to him? (Mountain climbing etiquette.) This worries us so much that we can't make babies.

A: Can't make babies? That's a problem. But this is important, so please remember--the Hiking Bear loves mountains, and he never forgives bad-mannered climbers. The punishment is one hour of sitting, meditation style. This is harsh. After all, taking for granted the Bear's beloved mountains is a serious offense. (From *The Drum Animal Encyclopedia*)

Q: Hello, I have a question for you, Oda Sensei. "Krieg" is the German word for war. *One Piece* seems to have a lot of German in it. Is there a connection between pirates and Germany?

A: Hmm... I don't think so. I just selected words that had the meanings I wanted and a good "feeling" to them. The theme of the Krieg story was "war," so I chose a word that was easy to remember.

Q: Happy New Year!!

Hey, you!! Oda!! Can you beat up my gorilla?

This is the end of the Question Corner.

A: Hey, what's up!? Anyway, see you in the next volume. Huh? A gorilla? No way I can beat it up. Besides, it's got enormous spiritual power. But it likes bananas, right? Maybe I can use a banana to trap it.

NOT DISAPPOINTED, JUST CONFUSED.

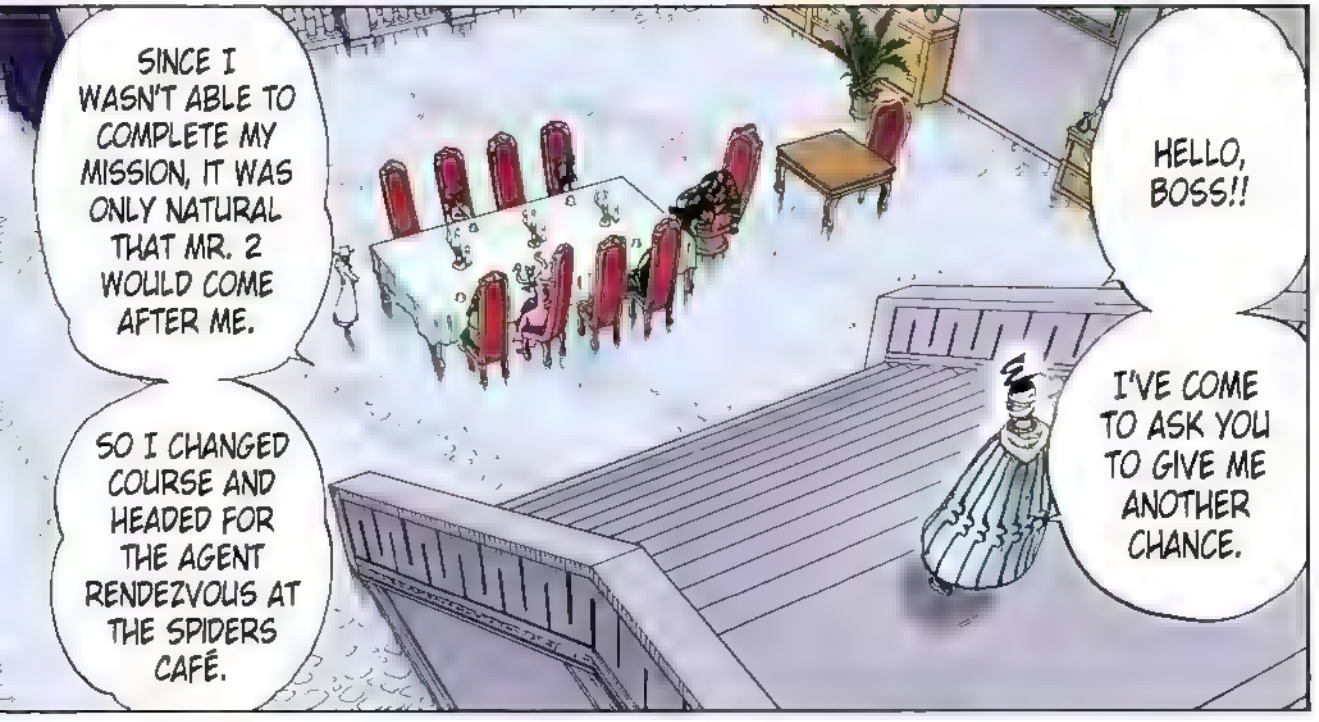
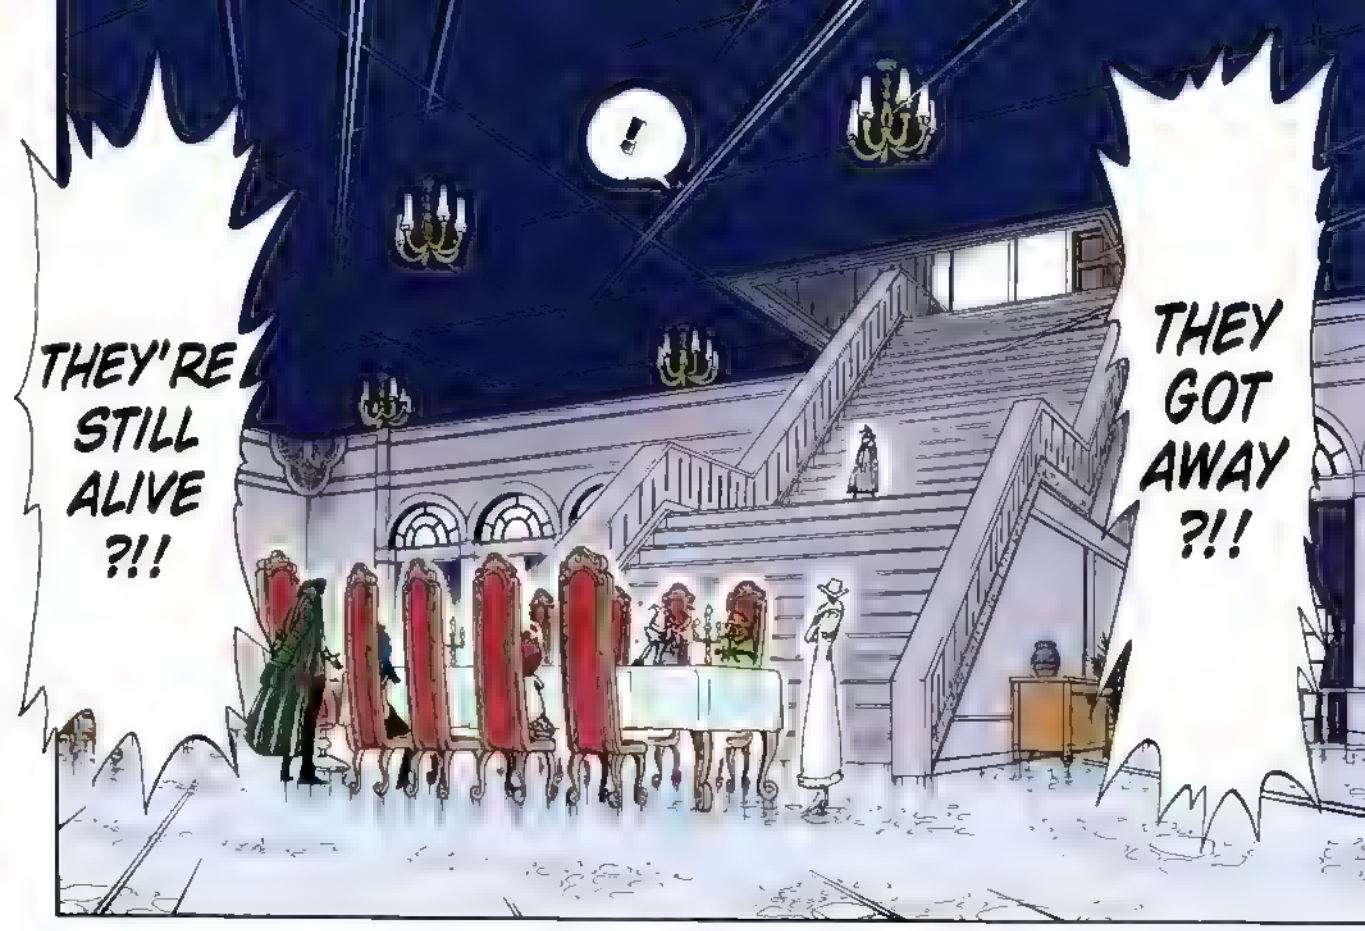
ドドド ドドド
WAIT, MR. 2!!!
MR. 3!!! HOW ON EARTH DID YOU SNEAK UP ON US?!!
I WAS INSTRUCTED TO GET RID OF YOU!



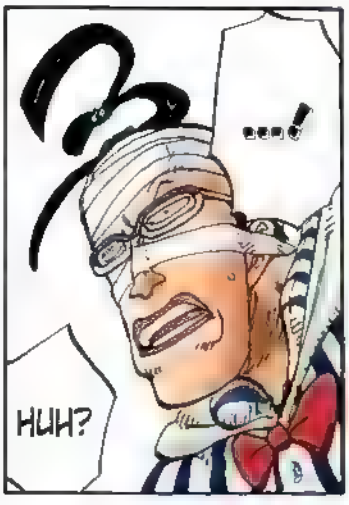
SINCE I WASN'T ABLE TO COMPLETE MY MISSION, IT WAS ONLY NATURAL THAT MR. 2 WOULD COME AFTER ME.
SO I CHANGED COURSE AND HEADED FOR THE AGENT RENDEZVOUS AT THE SPIDERS CAFÉ.
HELLO, BOSS!!
I'VE COME TO ASK YOU TO GIVE ME ANOTHER CHANCE.

...GOT AWAY.
THE STRAW HATS AND PRINCESS VIVI...
!!
WHAT ARE YOU TALKING ABOUT?!
WEREN'T ABLE TO COMPLETE YOUR MISSION?



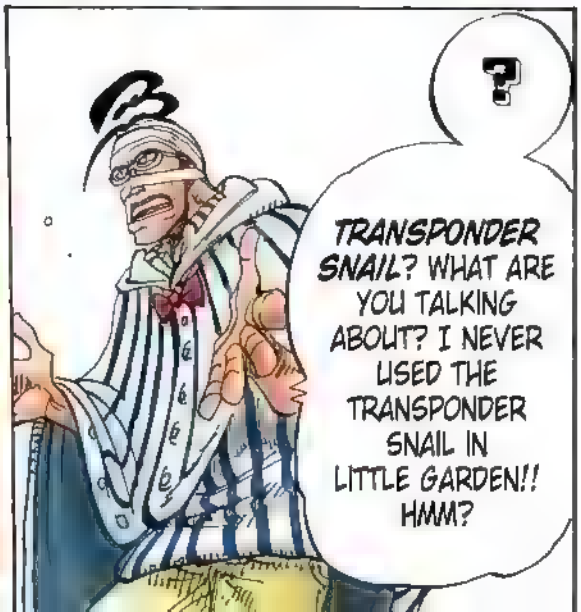
!
THEY'RE STILL ALIVE ?!!
THEY GOT AWAY ?!!

DIDN'T YOU SAY YOU TOOK CARE OF THOSE PIRATES AND PRINCESS VIVI?!
WHAT DID YOU TELL ME ON THE TRANS-PONDER SNAIL?!



...!
HUH?

WOULD YOU LIKE TO MAKE A RESERVA-TION?
HELLO, THIS IS RESTAURANT LE SHIT.
?!!
WHAT ?!!



?
TRANSPONDER SNAIL? WHAT ARE YOU TALKING ABOUT? I NEVER USED THE TRANSPONDER SNAIL IN LITTLE GARDEN!! HMM?

THIS IS BAD. SO THAT'S WHY THE UNLUCKIES NEVER RETURNED.

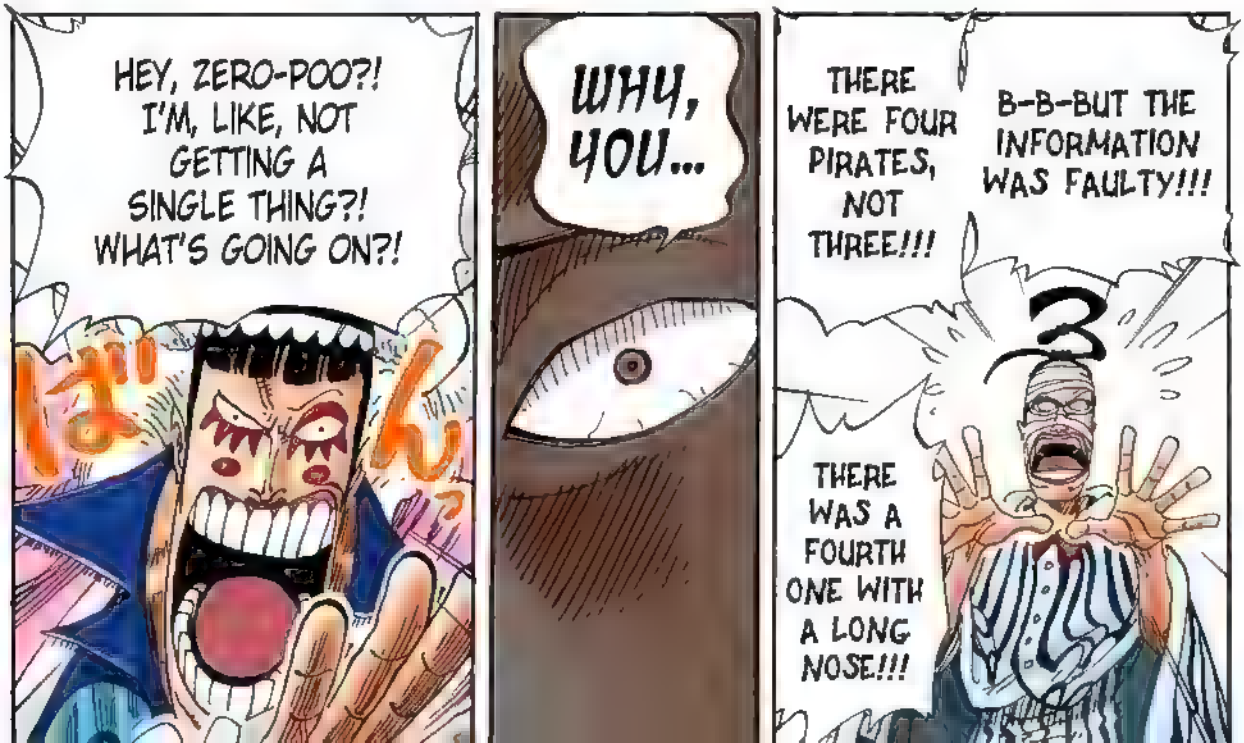
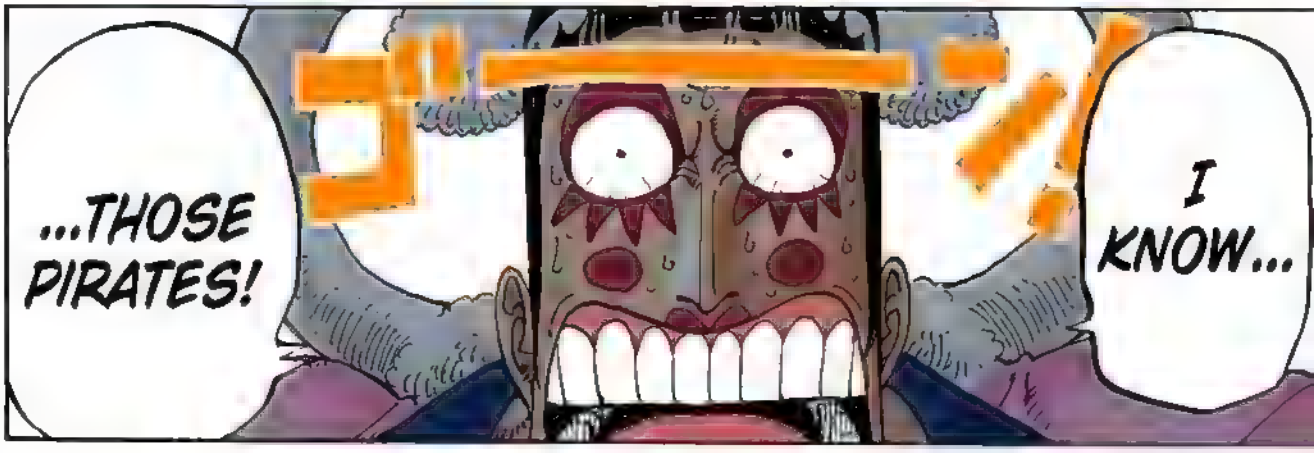
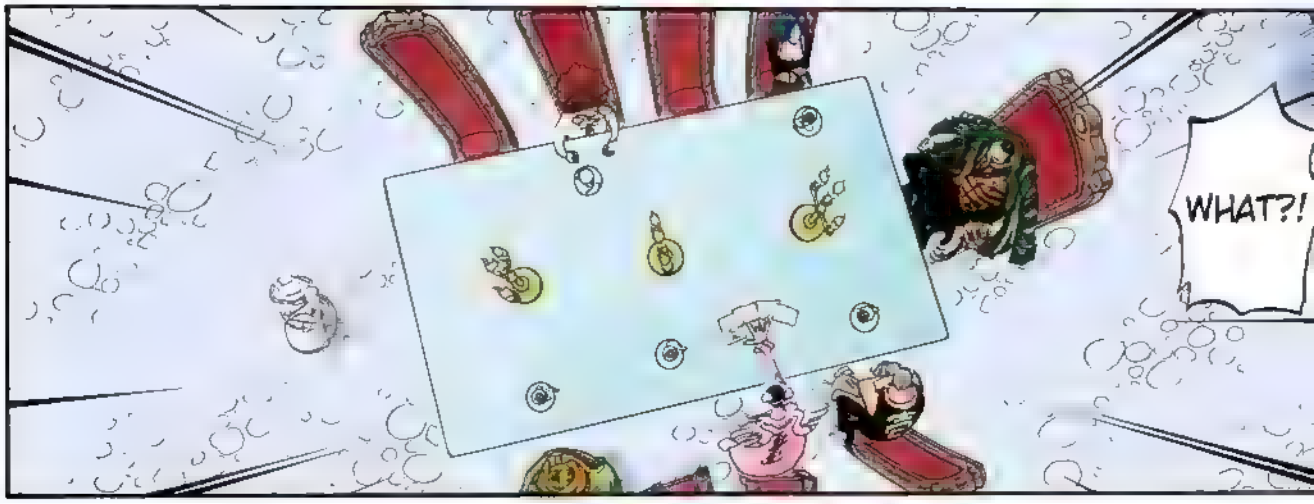
WHAT?
ER... WELL...
BUT AT LEAST YOU GOT RID OF A COUPLE OF THEM... DIDN'T YOU?



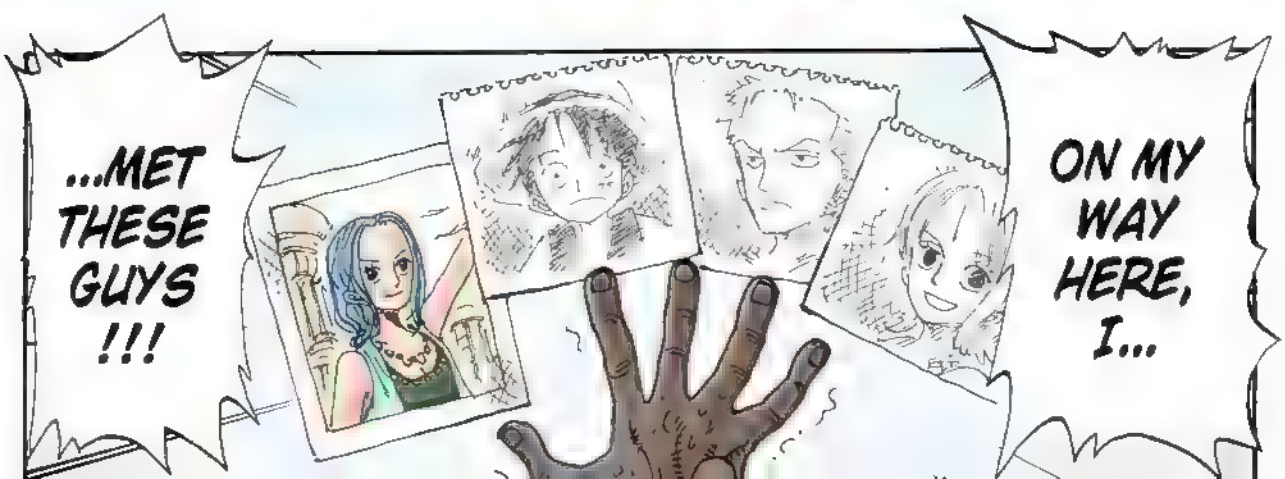
HEY, ZERO-POO?! I'M, LIKE, NOT GETTING A SINGLE THING?! WHAT'S GOING ON?!
WHY, YOU...
THERE WERE FOUR PIRATES, NOT THREE!!!
B-B-BUT THE INFORMATION WAS FAULTY!!!
THERE WAS A FOURTH ONE WITH A LONG NOSE!!!



...THOSE PIRATES!
I KNOW...



WHAT?!



...MET THESE GUYS !!!
ON MY WAY HERE, I...

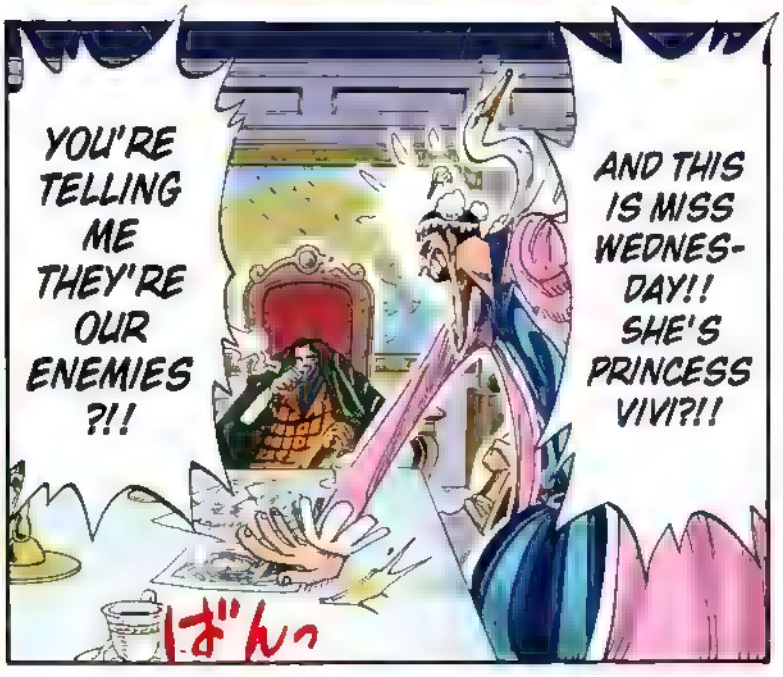
THEY MUST BE DEALT WITH BEFORE THEY CAN INTERFERE WITH OUR PLANS!
YES. THEY KNOW MY TRUE IDENTITY.



YOU'RE TELLING ME THEY'RE OUR ENEMIES ?!!
AND THIS IS MISS WEDNES-DAY!! SHE'S PRINCESS VIVI?!!
ばんっ

...ALREADY ENTERED ALABASTA.

YOU'RE NOT STRONG LIKE MR. 4!!!

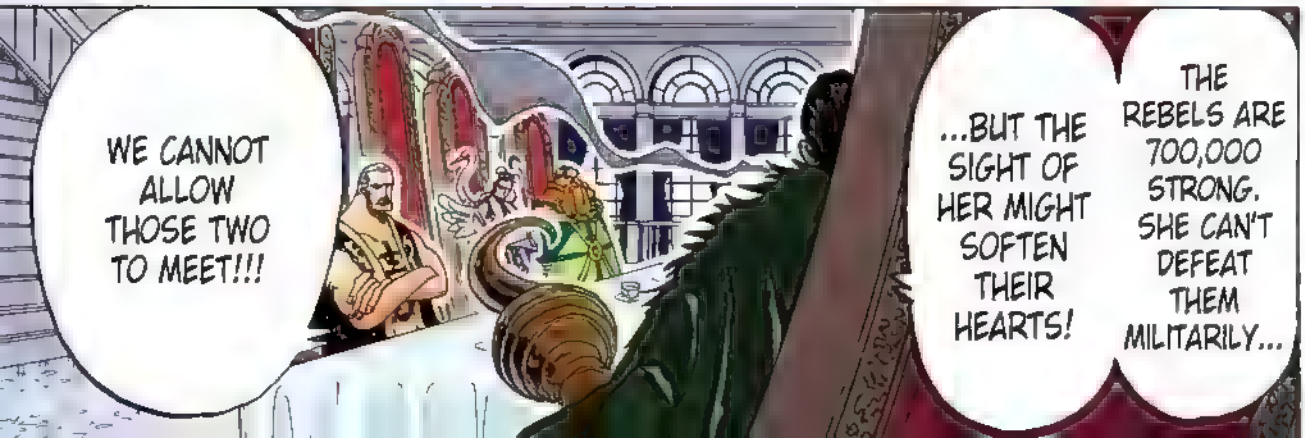
THEY WANT TO STOP THE REBELLION!! THEY'LL BE COMING NO MATTER WHAT!!
NOW LISTEN, YOU. BURN THESE FACES INTO YOUR MEMORY!!

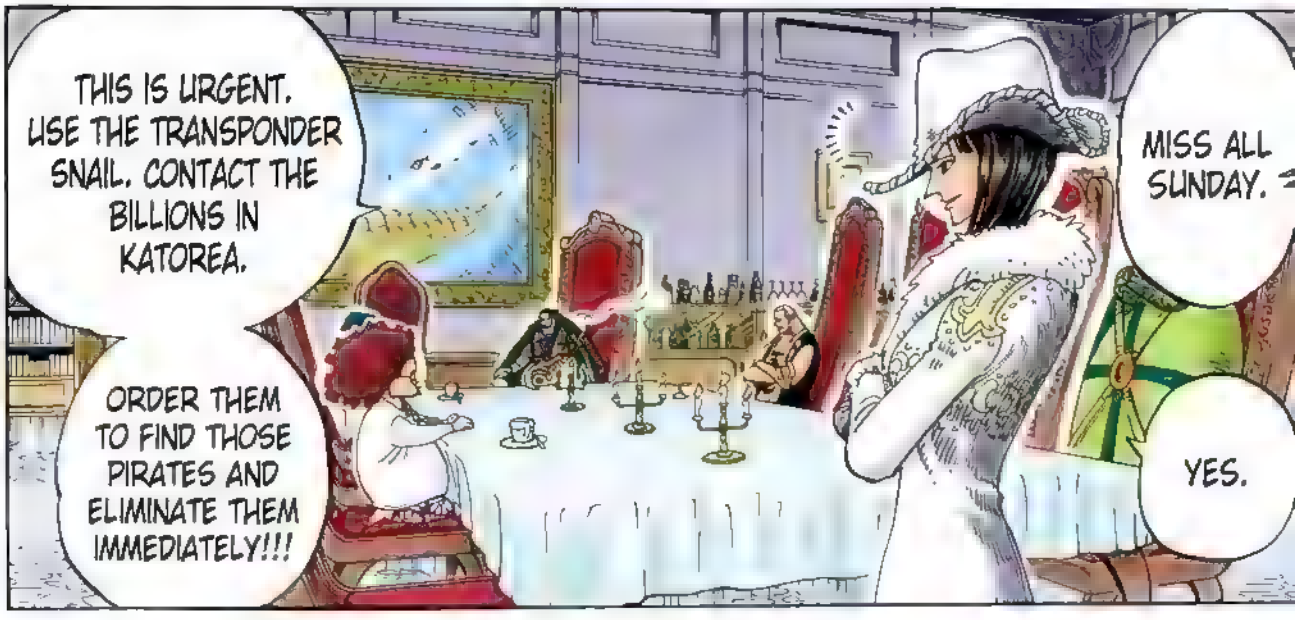
...AND PRINCESS NEFERTARI VIVI WERE CHILDHOOD FRIENDS.
I'VE LEARNED THAT KOZA, THE LEADER OF THE REBELS...

...HOW CAN SHE POSSIBLY STOP THE REBELS AT THIS POINT?!!
EVEN IF SHE IS THE PRIN-CESS...
BUT, ZERO-POO...



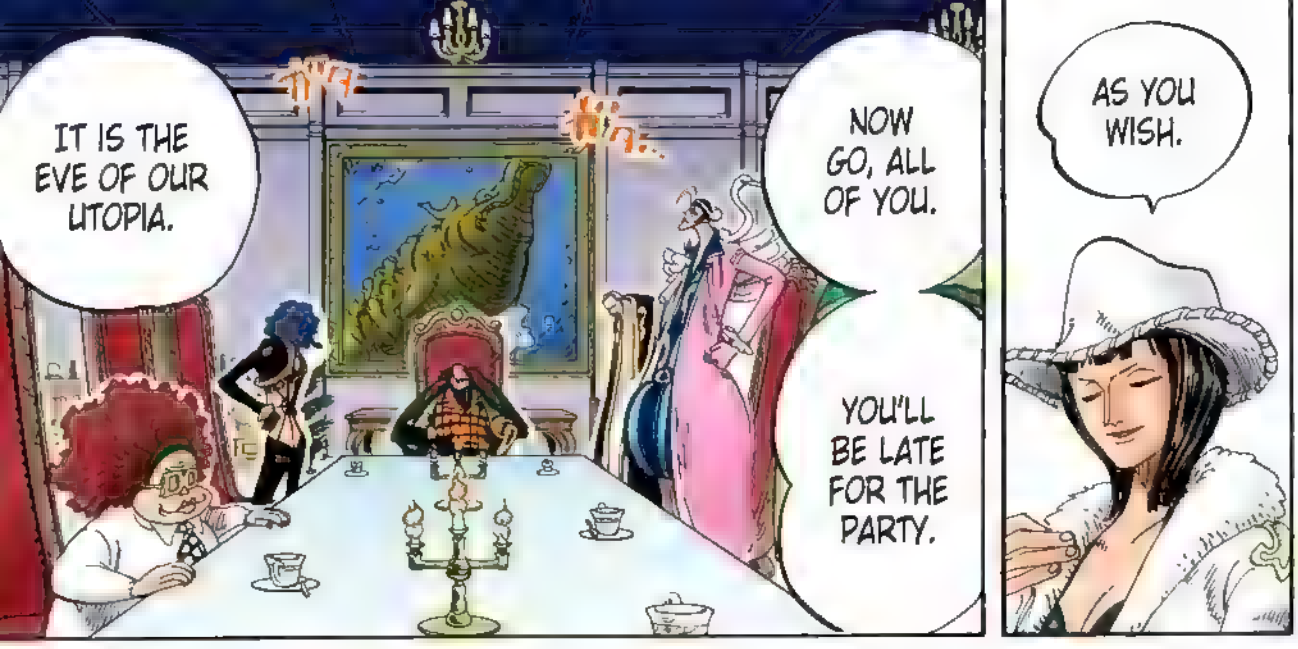
WE CANNOT ALLOW THOSE TWO TO MEET!!!
...BUT THE SIGHT OF HER MIGHT SOFTEN THEIR HEARTS!
THE REBELS ARE 700,000 STRONG. SHE CAN'T DEFEAT THEM MILITARILY...

VIVI MUST NOT MAKE CONTACT WITH THE REBEL FORCES!!
SOME OF MY BILLIONS HAVE INFILTRATED THE REBEL FORCES.
THEY'RE BIDING THEIR TIME, WAITING TO ACT.

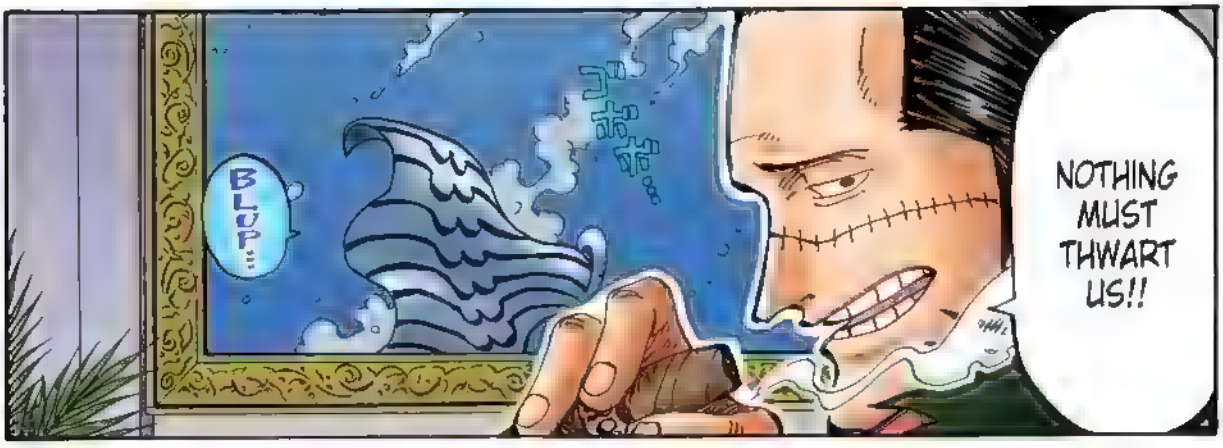


THIS IS URGENT. USE THE TRANSPONDER SNAIL. CONTACT THE BILLIONS IN KATOREA.
ORDER THEM TO FIND THOSE PIRATES AND ELIMINATE THEM IMMEDIATELY!!!
MISS ALL SUNDAY.
YES.

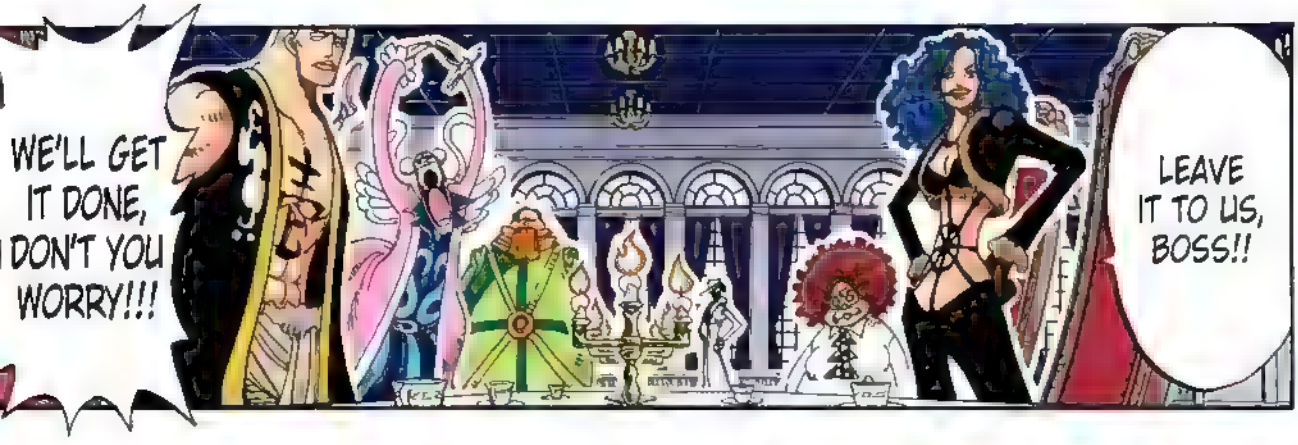
VIVI AND KOZA MUST NOT MEET!!!
THE PRINCESS MUST NOT REACH KATOREA !!!



IT IS THE EVE OF OUR UTOPIA.
NOW GO, ALL OF YOU.
YOU'LL BE LATE FOR THE PARTY.
AS YOU WISH.

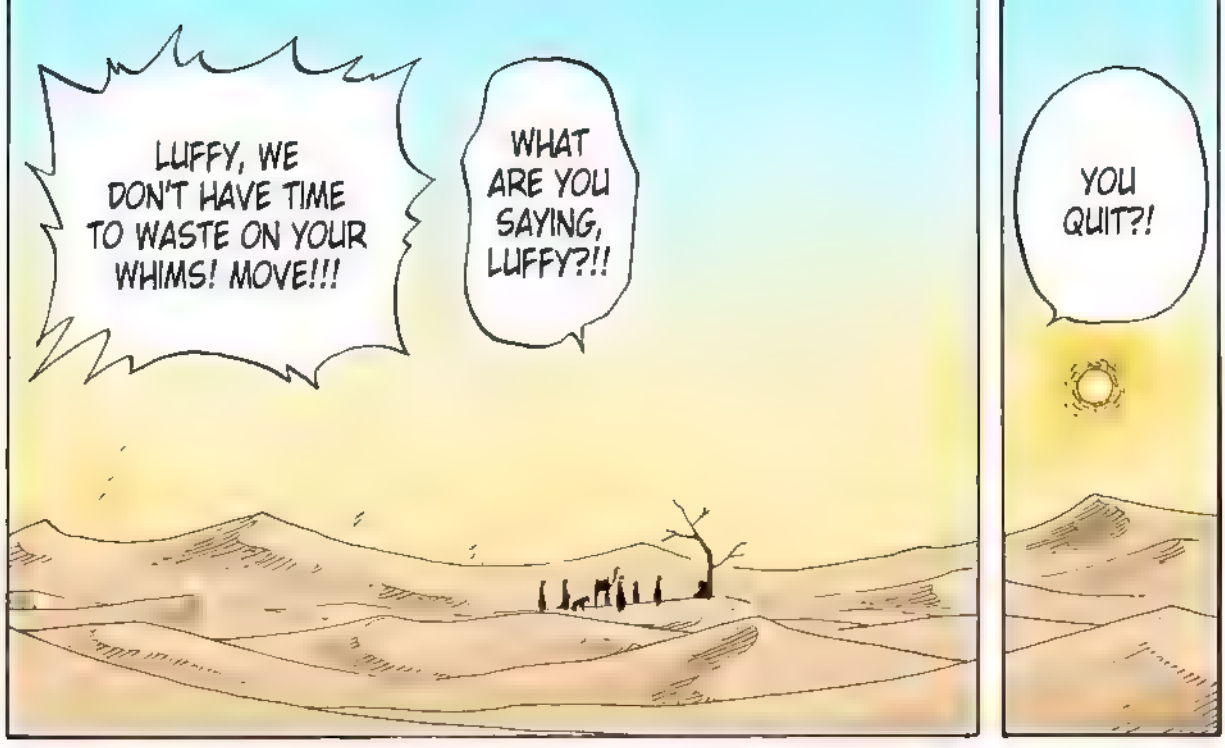


BLUP...
NOTHING MUST THWART US!!

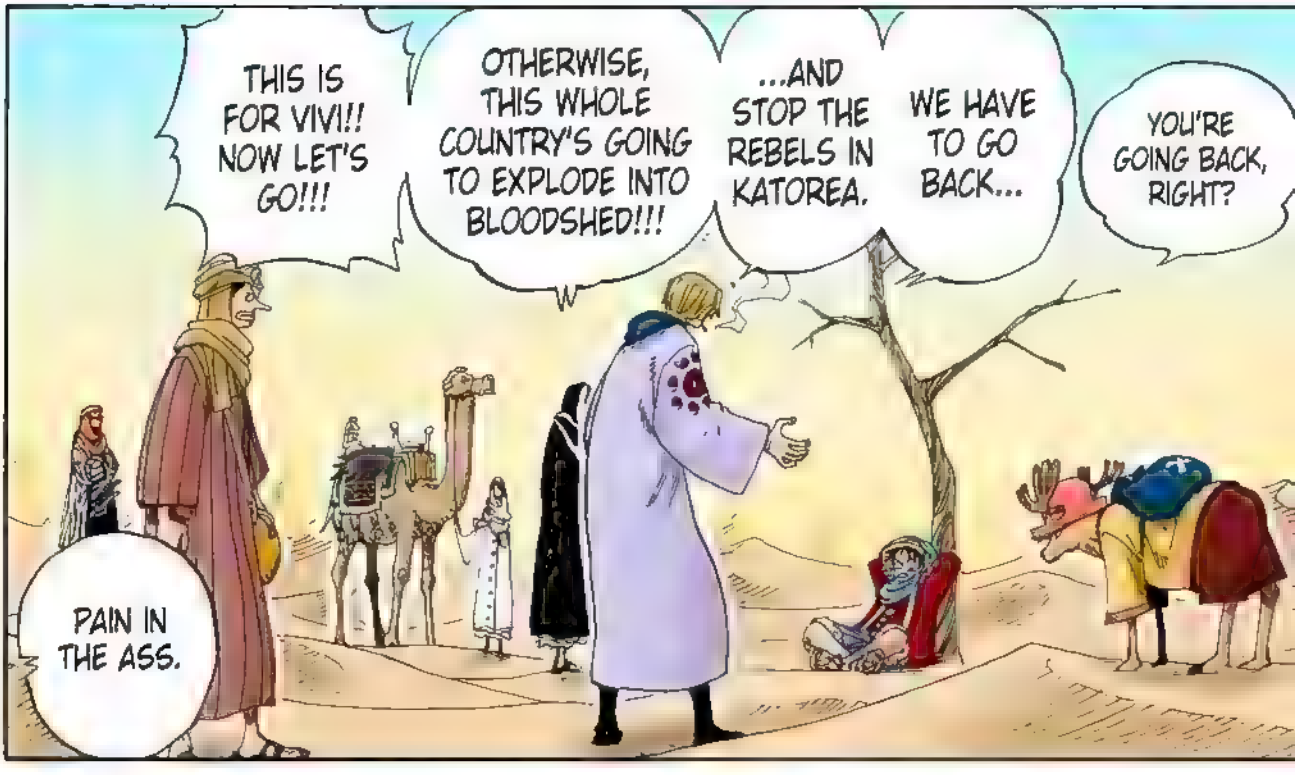


WE'LL GET IT DONE, DON'T YOU WORRY!!!
LEAVE IT TO US, BOSS!!

HAVE FUN.

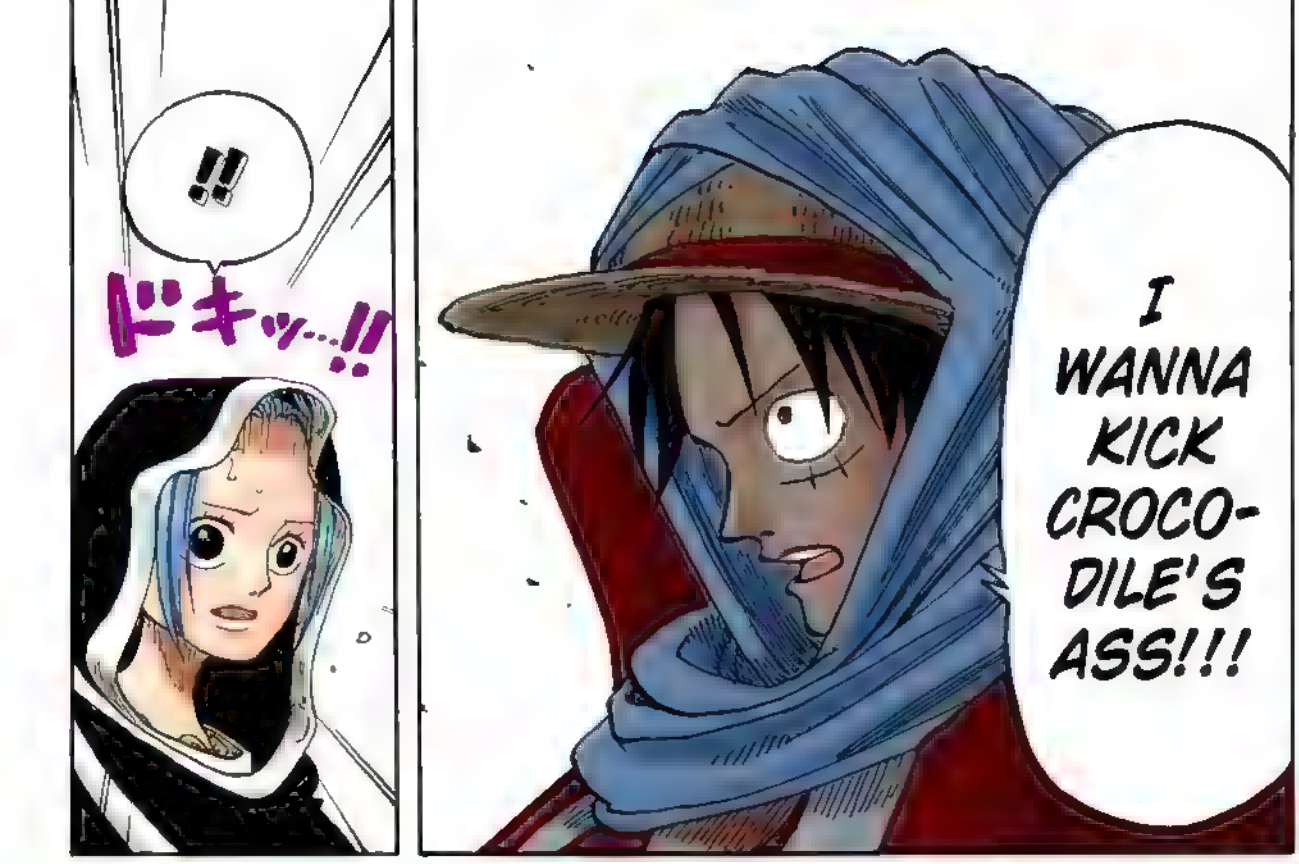


LUFFY, WE DON'T HAVE TIME TO WASTE ON YOUR WHIMS! MOVE!!!
WHAT ARE YOU SAYING, LUFFY?!!
YOU QUIT?!

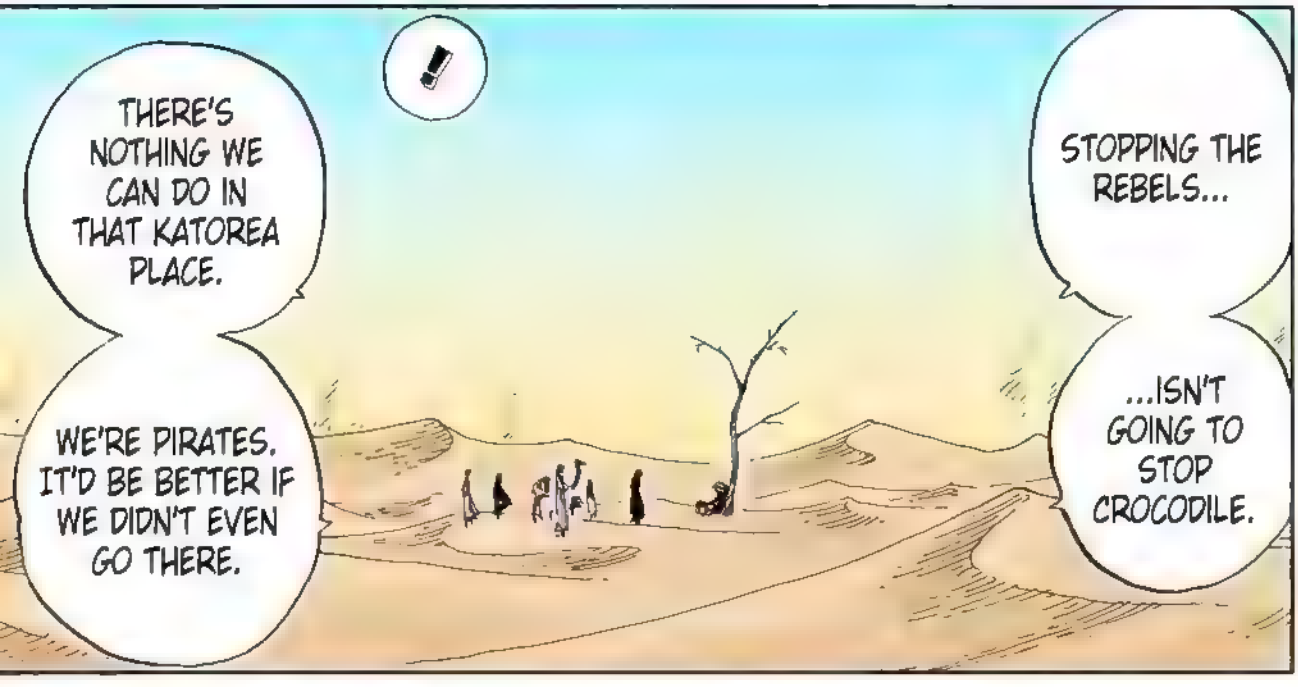


THIS IS FOR VIVI!! NOW LET'S GO!!!
OTHERWISE, THIS WHOLE COUNTRY'S GOING TO EXPLODE INTO BLOODSHED!!!
...AND STOP THE REBELS IN KATOREA.
WE HAVE TO GO BACK...
YOU'RE GOING BACK, RIGHT?
PAIN IN THE ASS.

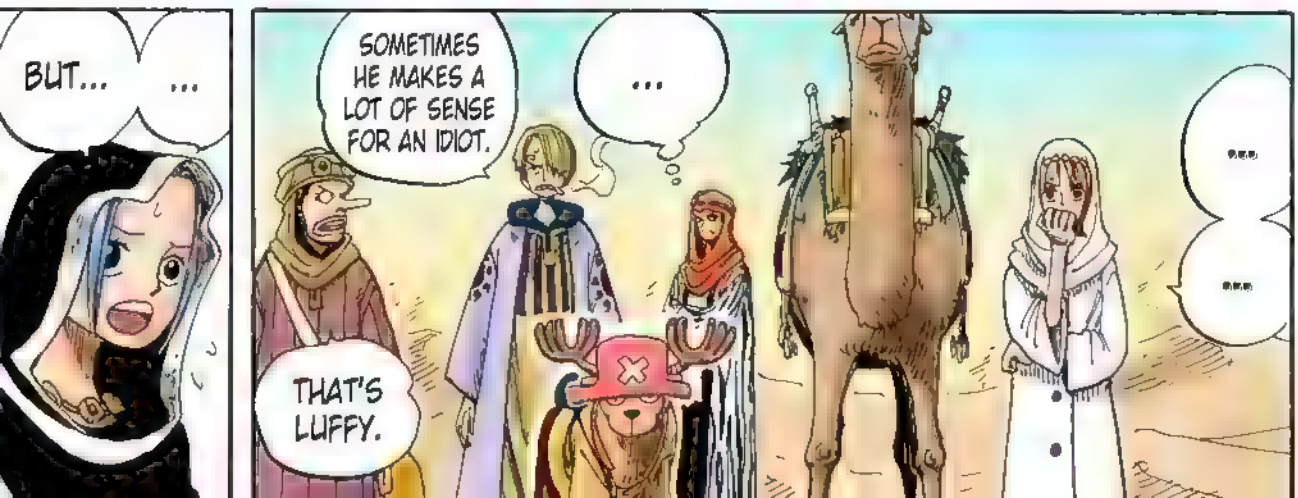
YES?
VIVI...
WHAT YOU SAY, YOU LITTLE...
?



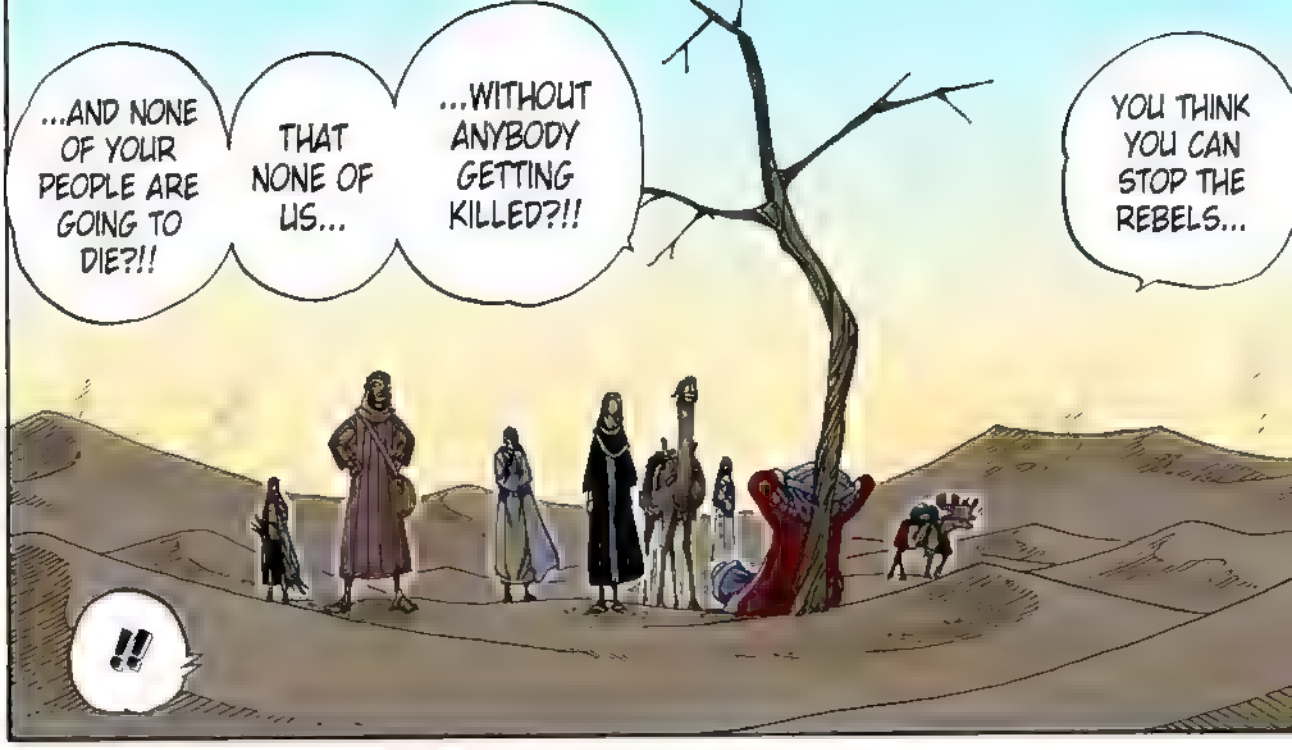
!!
ドキッ…!!
I WANNA KICK CROCO-DILE'S ASS!!!



!
THERE'S NOTHING WE CAN DO IN THAT KATOREA PLACE.
WE'RE PIRATES. IT'D BE BETTER IF WE DIDN'T EVEN GO THERE.
STOPPING THE REBELS...
...ISN'T GOING TO STOP CROCODILE.



BUT...
...
SOMETIMES HE MAKES A LOT OF SENSE FOR AN IDIOT.
...
THAT'S LUFFY.



...AND NONE OF YOUR PEOPLE ARE GOING TO DIE?!!
THAT NONE OF US...
...WITHOUT ANYBODY GETTING KILLED?!!
YOU THINK YOU CAN STOP THE REBELS...
!!

THAT'S NAIVE.
!!!
...!!
...AND YOU EXPECT EVERYBODY TO LIVE?!!
A MILLION PEOPLE ARE ITCHING TO FIGHT...
WE'RE UP AGAINST ONE OF THE SEVEN WARLORDS OF THE SEA.
...!!

PEOPLE DIE.
WHAT'S SO WRONG ABOUT NOT WANTING ANYONE TO DIE?!!
WHAT'S WRONG WITH THAT?!
NAMI, WAIT...

BUT...

SAY THAT AGAIN, AND YOU'LL BE SORRY!!! I'M TRYING TO PREVENT BLOOD-SHED!!!
SHUT UP! DON'T SAY THINGS LIKE THAT!!!
BWAH !!!
THEN WHY ARE YOU RISKING YOUR LIFE?!
!!
IT'S ALL THAT CROCO-DILE'S FAULT!!!
I'M TRYING TO SAVE THE REBELS!! AND THE ROYAL ARMY!!! NO ONE IN THIS KINGDOM IS TO BLAME!!! WHY MUST ANY OF MY PEOPLE DIE?!
UNH...
...WHAT NEEDS TO BE DONE HERE!!!
WHAT?!!
EVEN I CAN SEE...
WHY, YOU !!!
LUFFY!!! STOP!!!

I DON'T WANT OTHERS TO HAVE TO RISK THEIR LIVES AS WELL... I...
I... WILL NEVER FORGIVE THAT MAN!!!
I HAVE TO!!
YOU CAN'T DO IT ALL BY YOURSELF!!!
YUBA WILL NEVER SURRENDER TO THE SANDS.
?!!
...!!!
WE'RE CREW-MATES, AREN'T WE?!!!!
LET US RISK OUR LIVES TOO!!!
...
...YOUR TEARS.
UNH...
I'M GOING TO STOP THE REBELLION!
!
FINALLY, YOU'RE SHOWING THEM...

...
...MORE THAN ANYONE, DON'T YOU?
THE TRUTH IS, YOU WANT TO KICK HIS ASS...
ALL RIGHT...
SO WHERE DO WE FIND THIS CROCO-DILE?!!
TO BE CONTINUED IN ONE PIECE, VOL. 19!

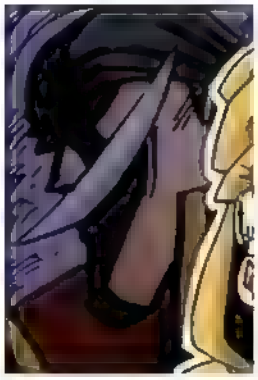
TRANSLATION NOTES CORNER
Volume 18

- VIVI REFERS TO CHOPPER AS "***TONY-KUN***", WHICH IS A RESPECTFUL WAY TO USUALLY ADDRESS SOMEONE WHO IS YOUNGER THAN YOU, AS CHOPPER (15) IS A YEAR YOUNGER THAN VIVI (16). WE JUST LEFT IT AS TONY HERE AS IT'S STILL NOT CALLING HIM ON A FIRST-NAME BASIS, BUT AS A NICKNAME, WHICH FITS THE WAY SHE'D TALK TO SOMEONE YOUNGER. KAROO IS THE SAME AGE AS VIVI, BY THE WAY

- WHITEBEARD IN JAPANESE IS "***SHIROHIGE***". "HIGE" IN JAPANESE MEANS "FACIAL HAIR" RATHER THAN JUST BEARD, WHICH IS WHY EVEN AS SEEN IN HIS SILHOUETTE THAT USOPP RECALLS HE DOESN'T ACTUALLY HAVE A BEARD, BUT JUST A WHITE MUSTACHE. WE LEFT IT AS "WHITEBEARD" FOR OBVIOUS REASONS, AS "WHITEFACIALHAIR" JUST DIDN'T ROLL OFF THE TONGUE QUITE RIGHT



- ACE'S EXPRESSION OF "NEXT TIME WE MEET WILL BE AT THE SUMMIT OF THE PIRATE WORLD" ISN'T REFERRING TO A SPECIFIC PLACE (SOMETHING THAT SEVERAL EARLY FAN TRANSLATIONS ACCIDENTALLY THOUGHT), RATHER JUST THE FIGURATIVE LEVEL OF WHERE THE GREATEST PIRATES FIGHT AT, ESSENTIALLY TELLING LUFFY TO CATCH UP TO HIM AT THE TOP

- ORIGINALLY, THE FLAG OF THE WHITEBEARD PIRATES WAS SHAPED LIKE A MANJI (卍), A RELIGIOUS SYMBOL IN JAPAN. HOWEVER, THIS WAS CHANGED TO A CROSS IN LATER VOLUME PRINTS DUE TO POTENTIAL WORRIES IT COULD BE MISTAKEN BY THE SIMILAR-LOOLING SWASTIKA OVERSEAS

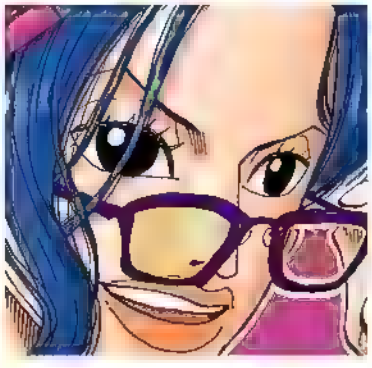
TRANSLATION NOTES CORNER
Volume 18

- FROM A DATABOOK: MR. 2 BON KUREI'S ***REAL NAME*** IS "BENTHAM". MR. 4 IS "BABE", MISS MERRY CHRISTMAS IS "DROPHY", MR. 1 IS "DAZ BONEZ", AND MISS DOUBLEFINGER IS "ZALA" (PAULA IS JUST A COVER NAME). WHILE WE'RE AT IT, MR. 3 IS "GALDINO", MISS GOLDENWEEK IS "MARIANNE", MR. 5 IS "GEM", AND MISS VALENTINE IS "MIKITA"

- AS ODA ALSO EXPLAINS IN AN SBS, MISS ***DOUBLEFINGER*** REFERS TO NEW YEAR'S DAY, WHICH IS A VERY IMPORTANT FESTIVITY IN JAPAN, ARGUABLY THE MOST ESSENTIAL OF ALL, AS PEOPLE OFTEN SPEND THE NEW YEAR WITH FAMILY AND AT TEMPLES TO START THE YEAR ON THE RIGHT FOOT



- THE ***HEINOUS HERONS*** ARE CALLED "WARUSAGI" IN JAPANESE, A COMBINATION OF "WARU", "EVIL", AND "SAGI", OR "HERON". THE PUN IS THAT "SAGI" CAN ALSO MEAN A CON ARTIST. WE TRIED TO KEEP THE JOKE WITH VIVI CALLING THEM "CRANE ARTISTS"

Mr. 1

Mr. 2 Bon Clay

Miss Merry Christmas

Mr. 4

Monkey D. Luffy started out as just a kid with a dream—and that dream was to become the greatest pirate in history! Stirred by the tales of pirate "Red Haired" Shanks, Luffy vowed to become a pirate himself. That was before the enchanted Devil Fruit gave Luffy the power to stretch like rubber, at the cost of being unable to swim—a serious handicap for an aspiring sea dog. Undeterred, Luffy set out to sea, and recruited some crewmates: master swordsman Zoro, treasure-hunting thief Nami, lying sharpshooter Usopp, the high-kicking chef Sanji, and the latest addition Chopper—the walkin' talkin' reindeer doctor.

In the beleaguered Kingdom of Alabasta on the Grand Line, Luffy and crew struggle to help Princess Vivi save her country, a drought-ravaged land descending into civil war. Hoping to prevent a wholesale slaughter, they head for a rebel stronghold of Yuba, and along the way pass the ruins of Erumalu, a once thriving city destroyed by drought. At Yuba, they find a sandstorm-blasted, waterless ghost town inhabited only by Toto, father of the rebel leader Koza, Vivi's childhood friend. Angered by what they have seen, Luffy resolves to find the man responsible for all the misery, Sir Crocodile, and kick his ass. But even as they set out to find him, the forces of Baroque Works prepare to launch their final offensive—which could mean the total destruction of Alabasta!

Reader: Hello, Mr. Oda. I fell in love with the outrageous way you portrayed Ms. Merry Christmas! So now I'm going to do something equally outrageous.

S-!! (SBS start!)

Oda: Whaaat?!

Reader: Oda-sensei! Please draw the six main characters with your left hand!

Oda: For the sake of space, can I stop at three?

Reader: For some time now I've been wondering how old Vivi and Chopper are. Vivi looks like she's about the same age as Luffy and gang, but Chopper looks like a little kid! Tell me!

Oda: Vivi is 16 years old. Chopper is a man-reindeer, and he's about 15 in human years. So there you go.

Reader: What happens at a Chinese restaurant if you say, "I'll have fried rice, but hold the rice"?

Oda: What happens--? Don't order like that! And don't say, "I'd like boiled tofu, but hold the tofu" either. 'Kay? But what does any of this have to do with *One Piece*?

GO GREET THOSE FOOLS !!!
HA HA HA HA HA!!

Reader: Oda Sensei, how old are Dorry and Brogy?

Oda: Well, giants can live to be 300 years old and they mature at about half the rate of normal humans. That means they reach adulthood at the age of 40. Dorry and Brogy were both 58 years old (the equivalent of 29 for humans) when they first began fighting on Little Garden. They went on fighting for 100 years, so that makes them 158 years old. Since they can live for 300 years, they're still in their fighting prime. But they're a little older than Dr. Kureha.

Reader:

(By ChickPiratesGallery)

Oda: Oooooh. Beautiful, Beautiful. Uh, next question please.

Reader: Hi! My nose won't stop running. Oh, it finally stopped. Mr. Oda, I've been wondering about Chopper, the blue-nosed reindeer. Why is there an "X" on Chopper's hat? Uh-oh, my nose is running again…

Oda: Oh, I see. So, about the snot... Whoops! I mean..the "X" on Chopper's hat is the cross symbol from the hospital, only it's crooked. Not too many people noticed this, but it's also on Hiriluk's head.

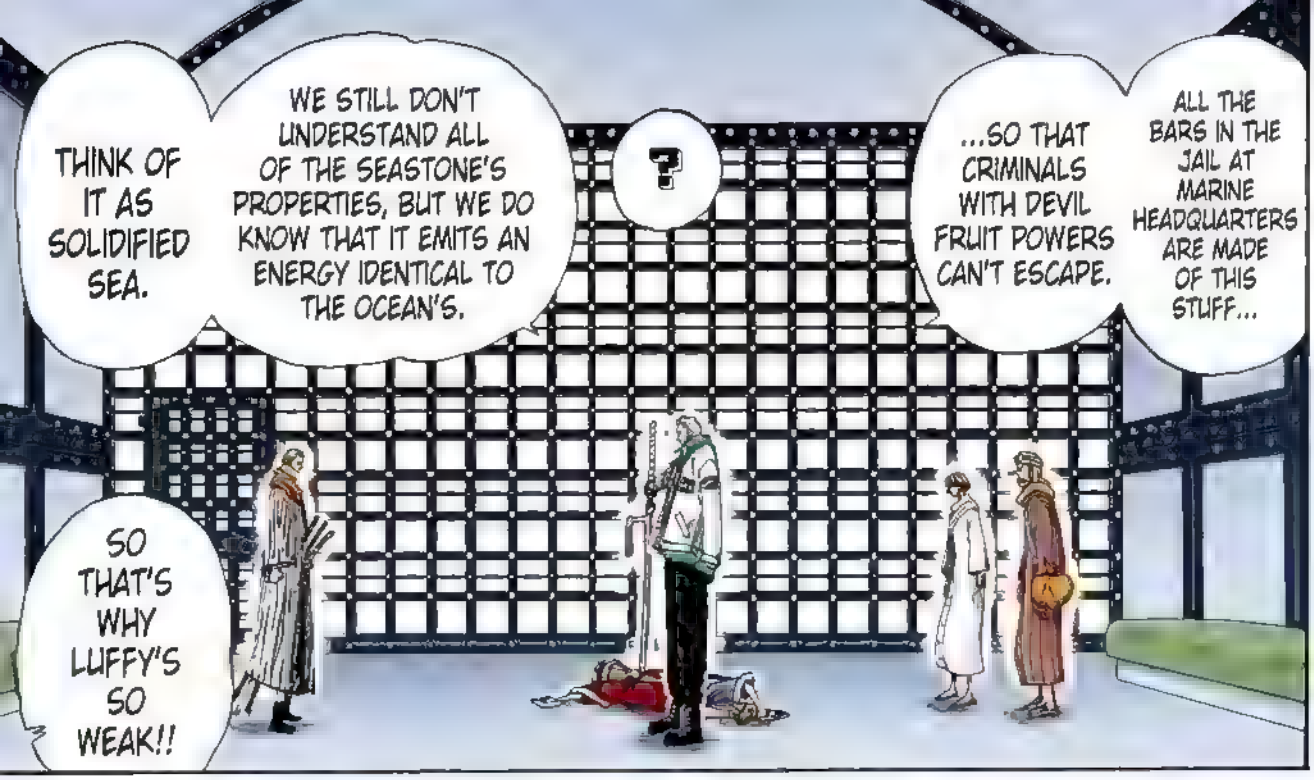
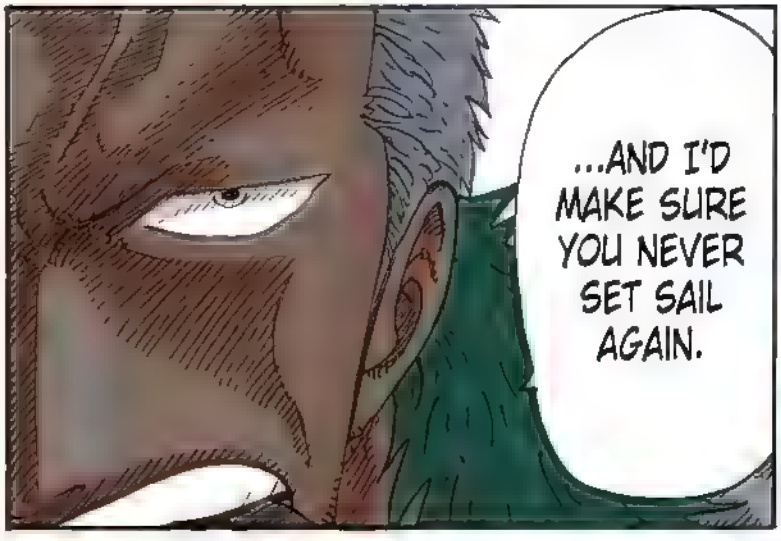
WAH!
?
...WHAT'S WRONG WITH ME? I CAN'T MOVE!!
IT'S LIKE THE TIME I FELL IN THE WATER.
THAT'S RIGHT.

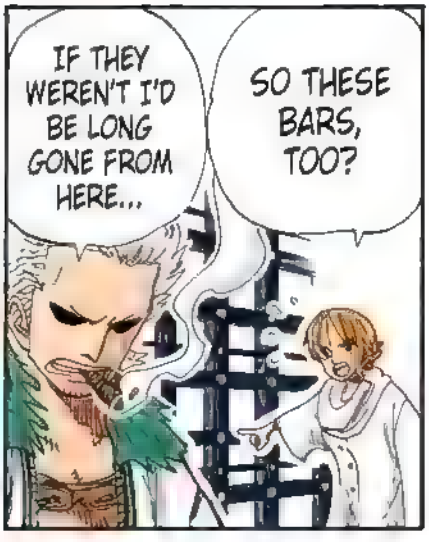
IT'S A MINERAL WITH SPECIAL PROPERTIES ONLY CRAFTED IN A SPECIFIC REGION.
THIS JITTE WEAPON'S TIP IS MADE OF A MINERAL CALLED SEASTONE.



THINK OF IT AS SOLIDIFIED SEA.
WE STILL DON'T UNDERSTAND ALL OF THE SEASTONE'S PROPERTIES, BUT WE DO KNOW THAT IT EMITS AN ENERGY IDENTICAL TO THE OCEAN'S.
?
...SO THAT CRIMINALS WITH DEVIL FRUIT POWERS CAN'T ESCAPE.
ALL THE BARS IN THE JAIL AT MARINE HEADQUARTERS ARE MADE OF THIS STUFF...
SO THAT'S WHY LUFFY'S SO WEAK!!



...AND I'D MAKE SURE YOU NEVER SET SAIL AGAIN.



IF THEY WEREN'T I'D BE LONG GONE FROM HERE...
SO THESE BARS, TOO?

SHHK...
ZORO, SWORDS WON'T WORK!

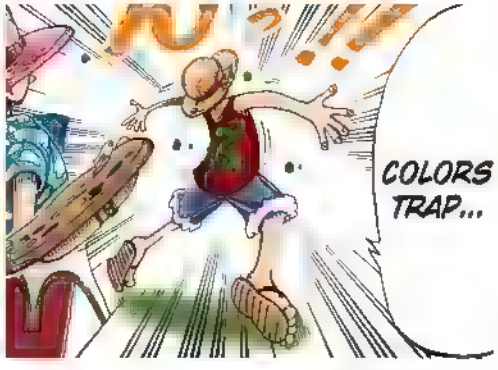
IT'S 7 O'CLOCK.
BAROQUE WORKS' "OPERATION UTOPIA" BEGINS.

Q: Hey, Mr. Oda, does that mark that Miss Goldenweek drew on Luffy mean anything? Couldn't she just paint colors on him? Please tell me, 'kay?

--Lemon



A: Yes, that mark has a meaning.

(That mark)

Get it? Maybe you're thinking, "So what?" But it's better than nothing, right?

Q: Sensei, you went to college, correct? Also, were you in any manga or drawing clubs back in middle school or high school? I want to be a manga artist someday. (I'm in the eighth grade and I'm trying to figure out my future. Please tell me!)

A: I did go to college, but I dropped out after one year. I haven't had any formal art or manga training either. Actually, a lot of pro manga artists are like that. Since this is a serious question, I want to give you a serious answer. Regardless of the technical school you attend, I think the most dangerous thing you can do is to rely on other people.

Q: Hey, Oda!! Er, Sensei... Try this challenge!! Say "Roronoa" ten times!! Roronoa, Roronoa, Rororoa, Nononoa, Roronoa, Roroano… Okay, your turn!!

A: Sheesh-- You can't even do it yourself! Well, okay... Nonodo...chomp!! (I bit my tongue) Whaths nektht? (Covered with blood)

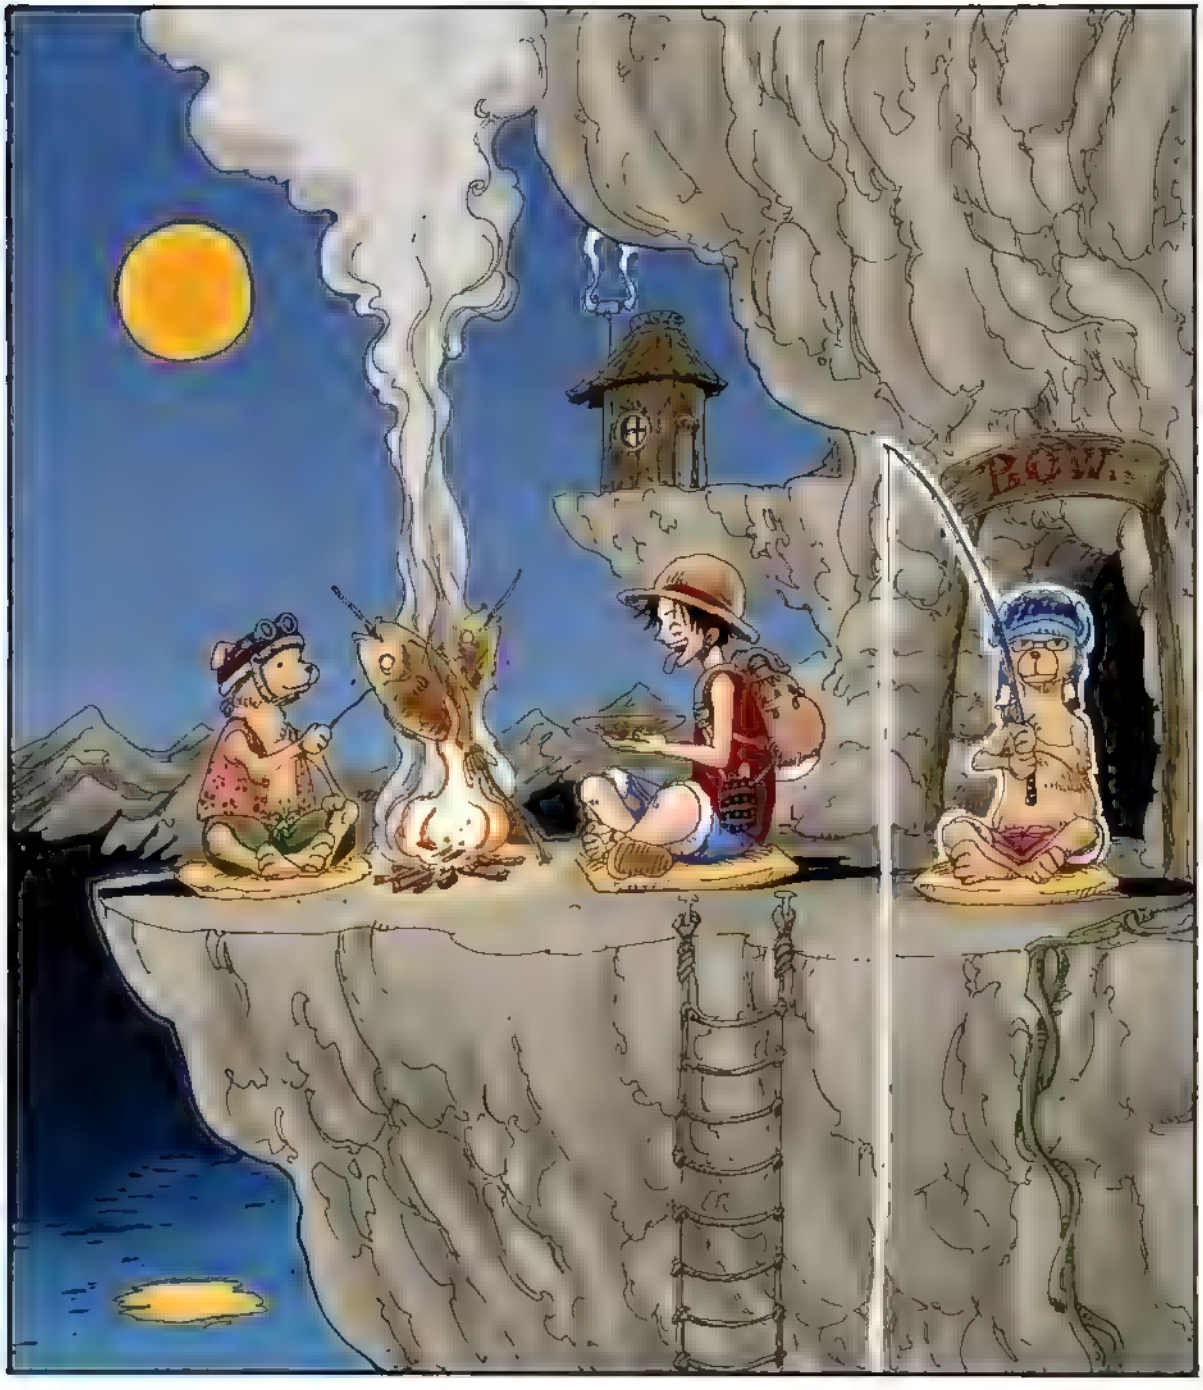
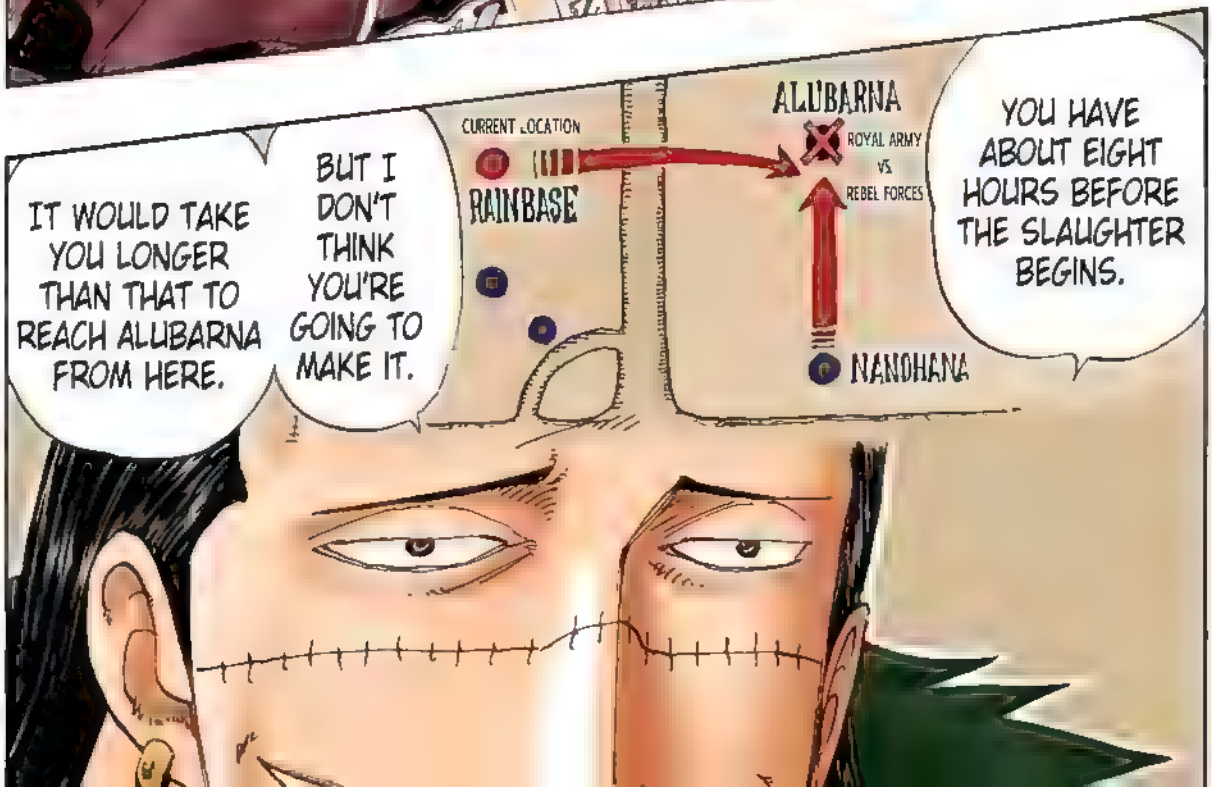
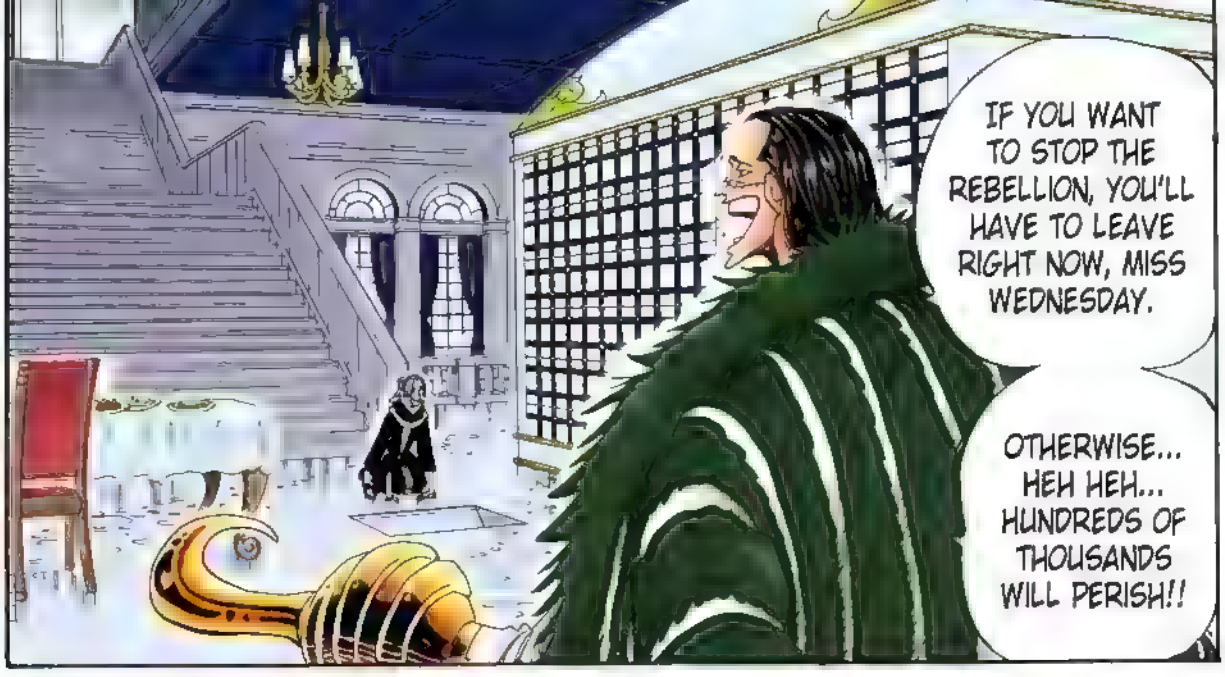
Chapter 173:
BANANADILE



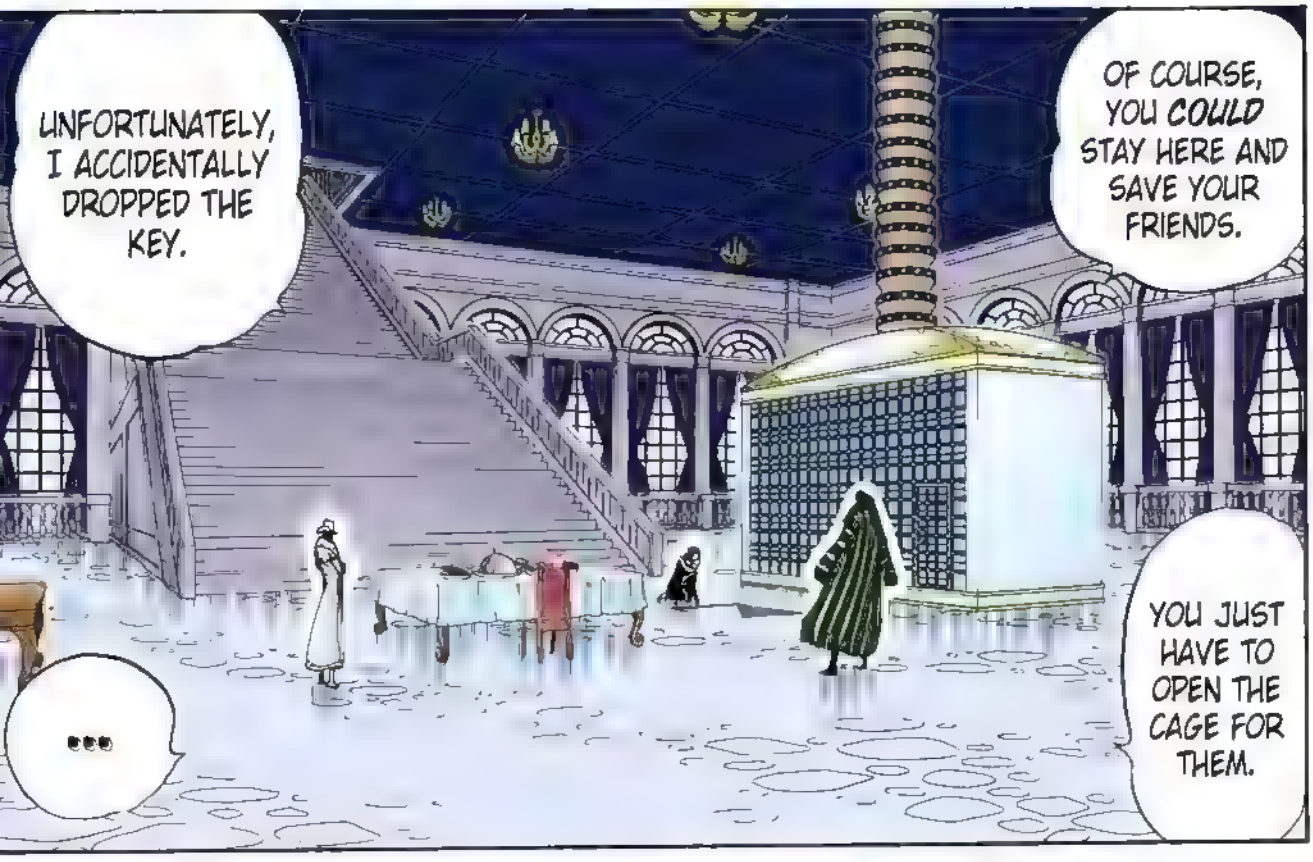
YES, THERE'S STILL TIME TO PREVENT THE REBELS AND THE KING'S SOLDIERS FROM BUTCHERING EACH OTHER.



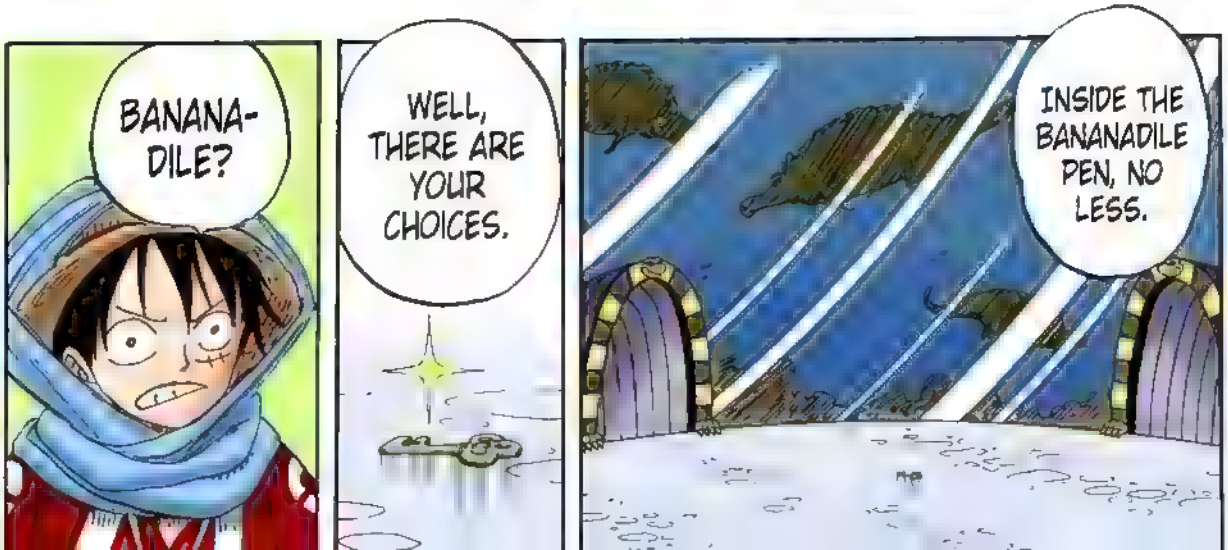
IT WOULD TAKE YOU LONGER THAN THAT TO REACH ALUBARNA FROM HERE.
BUT I DON'T THINK YOU'RE GOING TO MAKE IT.
CURRENT LOCATION
RAINBASE
ALUBARNA
ROYAL ARMY VS. REBEL FORCES
NANOHANA
YOU HAVE ABOUT EIGHT HOURS BEFORE THE SLAUGHTER BEGINS.



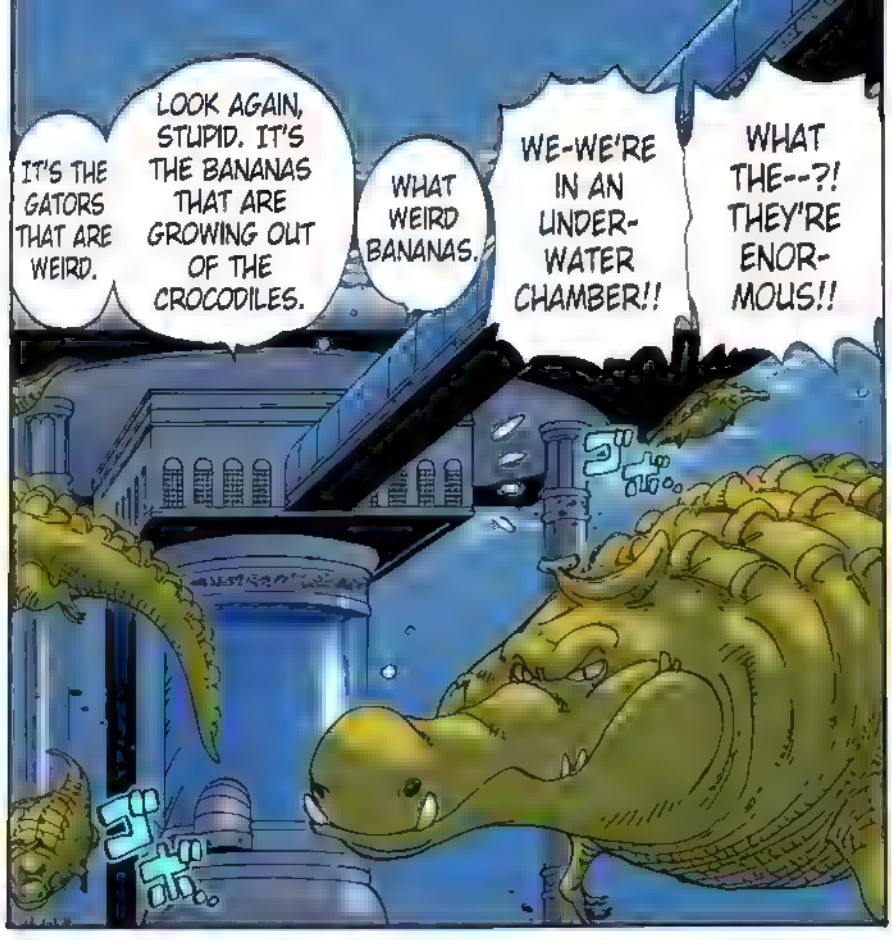
IF YOU WANT TO STOP THE REBELLION, YOU'LL HAVE TO LEAVE RIGHT NOW, MISS WEDNESDAY.
OTHERWISE... HEH HEH... HUNDREDS OF THOUSANDS WILL PERISH!!



UNFORTUNATELY, I ACCIDENTALLY DROPPED THE KEY.
OF COURSE, YOU *COULD* STAY HERE AND SAVE YOUR FRIENDS.
YOU JUST HAVE TO OPEN THE CAGE FOR THEM.
...



BANANA-DILE?
WELL, THERE ARE YOUR CHOICES.
INSIDE THE BANANADILE PEN, NO LESS.



IT'S THE GATORS THAT ARE WEIRD.
LOOK AGAIN, STUPID. IT'S THE BANANAS THAT ARE GROWING OUT OF THE CROCODILES.
WHAT WEIRD BANANAS.

OH. SORRY ABOUT THAT...
THEY THINK THAT ANYTHING THAT FALLS IN THERE IS FOOD.

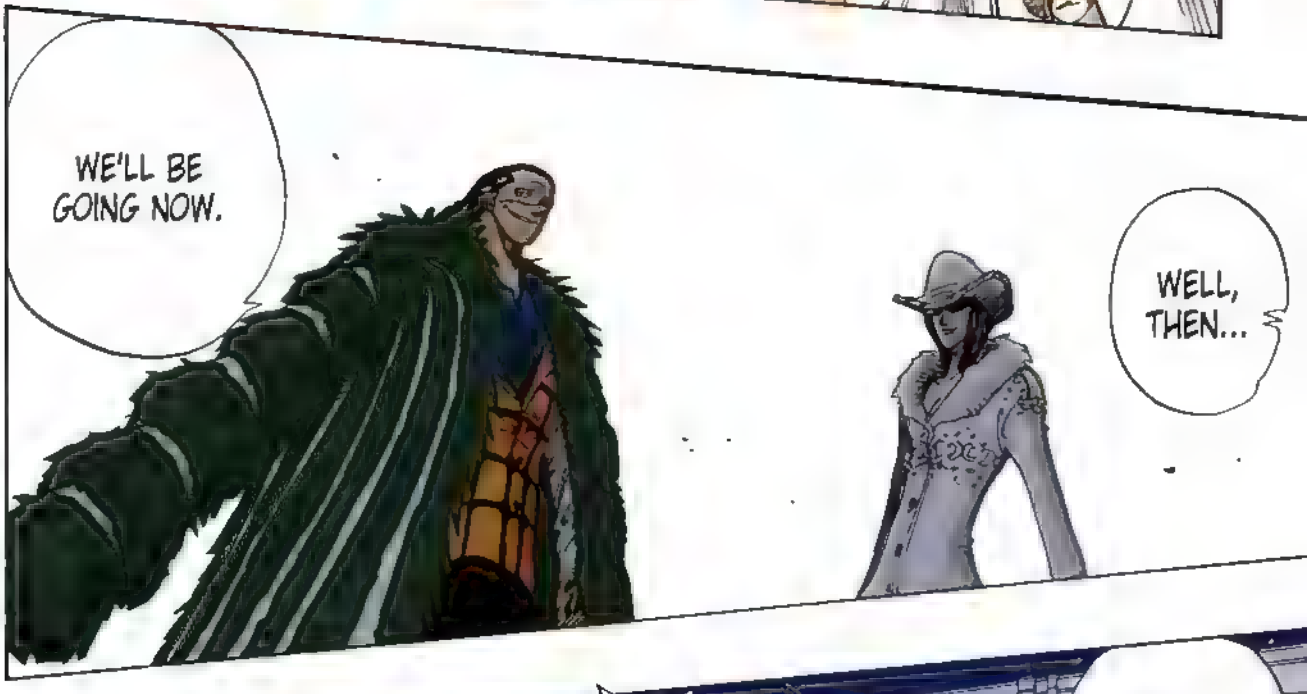
DUH, ZORO. WE CAN'T GET OUT OF THIS CAGE BECAUSE ONE OF THEM SWALLOWED THE KEY!!
GRR... IF WE COULD JUST OPEN THIS CAGE, I'D TEACH THOSE LIZARDS A LESSON!!
YOU BEAST!!



WE'LL BE GOING NOW.
WELL, THEN...

!!
BY THE WAY... IN ONE HOUR, THIS ROOM...
...WLL BE ONE BIG FISH TANK.

MAKE YOUR CHOICE, BUT YOU'LL BE LUCKY TO SAVE ANYONE.
YOU HAVE TO DECIDE WHOM TO BET ON, MISS WEDNESDAY.
A MULTITUDE OF INNOCENT CITIZENS...
...OR FOUR NO-ACCOUNT PIRATES...

...
KU HA HA HA HA HA!!
DO YOU LIKE TO GAMBLE?

THIS COUNTRY MADE MY WORK EASY. SINCE IT'S POPULATED BY IDIOTS...

THIS IS...

Reader: Oda Sensei!! I found something rather surprising!! It's about the courier who appears on Volume 18. His T-shirt says "half-ripe" there, but it says "fully-ripe" later on, like a melon!! What's going on with him? Please tell me!!

(FlashBack scene of the courier)

(The courier now)

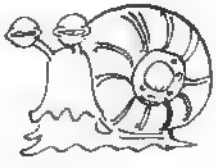
Oda: He matured.

Reader: Are Den Den Mushi (Transponder Snails) animals or machines?

Oda: They're living things, like bugs.

Baby Den Den Mushi

They are small and easy to carry. However, they have a weak signal and cannot be used to communicate between islands.



Den Den Mushi

These are big and inconvenient to carry around, but they have a strong signal so they can communicate with distant islands. They can also be used to send faxes by connecting an attachment.

Different species

Black Den Den Mushi

These remain small even when mature. They like to eavesdrop and do not like to communicate with their fellow Den Den Mushi. They are used as listening devices.

The important thing is that Den Den Mushi do not mind captivity by humans because they get fed.

Chapter 174:

THERE MUST BE OTHER MEMBERS OF THE STRAW HAT CREW ON THE LOOSE!!
TAKING OUT THE BRIDGE TO BUY TIME... VERY CLEVER.

EVEN IF THEY MANAGE TO FIND THE BANANADILE THAT SWALLOWED THE KEY...

Mr. Prince

Reader: Howdy! Well, if it ain't that Eiichiro Oda kid! Thought I rec'nized y'all. Ya sure have grown! What? Ya think I'm cute? None of that now, ya hear?! But I'll leave you some onions and potatoes. Share 'em with yer friends.

--Belle of Kesennuma.

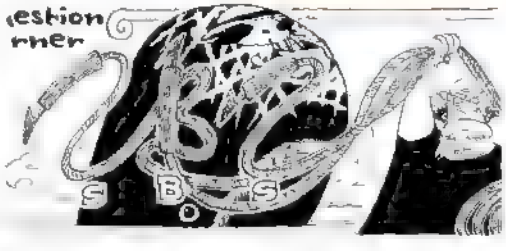
Oda: Y'all talk that Miyagi dialect. I cain't understand nothin' you said.

The General of Higo

Reader: Oda-san, one of the Erimaki Runners from page 110 of Vol. 18 isn't wearing a tag on its neck. Why not? Bye now!

--Professor of Ancient Civilizations, Fourth Year

Oda: You're right. That one isn't carrying a message. Maybe that's why it's saying, "Ee?" as in "Ee? Why am I running?" Baroque Works will fire him, of course.



Reader: How do you do, Oda Sensei? Let me get right to the point. In Vol. 18, Crocus made a mistake. The two S's in SBS are written backwards!! Ha ha ha ha!! What happened? (Seriously.) Mr. Crocus? Well?

--Akiko

Oda: Uh-oh!! Um, well, see you in the next volume!! Sayonara!!

We realized this before it hit the store shelves, but it woulda been a pain to fix it.

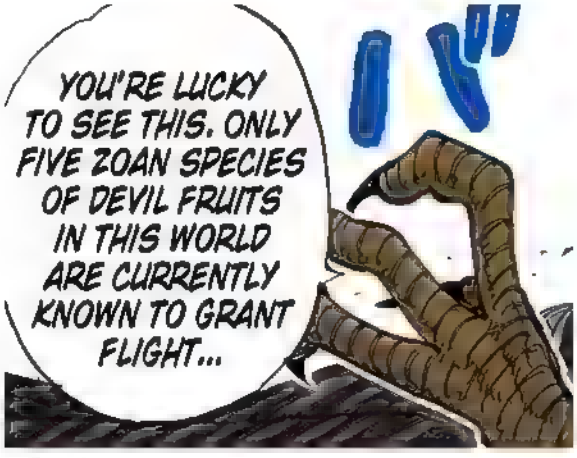
TRANSLATION NOTES CORNER
Volume 12

- ***SEASTONE*** IS CALLED "KAIROSEKI" IN JAPANESE, BUT WHILE SOME OLD FAN TRANSLATIONS LEFT IT UNTRANSLATED, WE FELT IT MADE MORE SENSE TO KEEP IT AS WHAT IT LITERALLY MEANS, "SEASTONE". IT WAS ORIGINALLY OFFICIALLY TRANSLATED AS "SEA PRISM STONE" AS WELL, BUT "PRISM" ISN'T REALLY A CORRECT TERM HERE

- PELL'S QUOTE ABOUT ***FLYING DEVIL FRUITS*** HAS CAUSED A LOT OF CONFUSION OVER TIME, AS MORE THAN 5 FRUITS ABLE TO GRANT FLIGHT DO EVENTUALLY APPEAR. HOWEVER, IN HIS ORIGINAL LINE HE USES A WORD THAT MEANS "SPECIES", WHICH LIKELY REFERS TO FIVE SPECIES OF ZOAN FRUITS (THOSE THAT TRANSFORM YOU INTO ANIMALS) RATHER THAN INCLUDING ALL TYPES OF FRUITS, WHICH WOULD MAKE MORE SENSE. IT'S ALSO WORTH NOTING THAT HE SPECIFIES "THAT ARE CURRENTLY KNOWN", SO YET TO BE CLASSIFIED FRUITS COULD ALSO BE EXCLUDED HERE



- THE ***BANANADILE*** IS CALLED "BANANAWANI" IN JAPANESE, WHICH LITERALLY MEANS "BANANA-CROCODILE", SO IT WAS SHORTENED. THE ORIGINAL TRANSLATION USED "BANANAGATOR", BUT THIS SPECIES APPEARS TO BE A BIT CLOSER TO A CROCODILE, AND LIKELY IS MEANT TO PARALLEL CROCODILE HIMSELF. IT COULD BE ARGUED THERE'S A DEEPER REFERENCE TO PETER PAN'S CAPTAIN HOOK HERE

Monkey D. Luffy started out as just a kid with a dream—to become the greatest pirate in history! Stirred by the tales of pirate "Red-Haired" Shanks, Luffy vowed to become a pirate himself. That was before the enchanted Devil Fruit gave Luffy the power to stretch like rubber, at the cost of being unable to swim—a serious handicap for an aspiring sea dog. Undeterred, Luffy set out to sea, and recruited some crewmates—master swordsman Zoro, treasure-hunting thief Nami, lying sharpshooter Usopp, the high-kicking chef Sanji, and the latest addition Chopper—the walkin' talkin' reindeer doctor.

On the Grand Line, Luffy and crew struggle to help Princess Vivi save her war-torn and drought-ravaged kingdom from the evil Sir Crocodile and his secret criminal organization, Baroque Works. But, having trekked to Rainbase to confront the villain, Luffy instead finds himself imprisoned in Sir Crocodile's hideout—with Captain Smoker of the Marines! Meanwhile, the rebels and the royal army head for a catastrophic clash, and Vivi must choose between going to Alubarna to stop it or saving her friends from the gigantic Bananawani. Only Sanji's unexpected arrival saves the day, and the crew races to Alubarna in hopes of stopping the war. But even as they set out, Sir Crocodile's sudden appearance forces Luffy into a showdown!!

Reader: To all you good children reading the Question Corner, HOW ARE YOU?!
Good, you're very energetic. Today, a friend has come to visit. His name is Eiichiro. Welcome! (Applause) Thanks for coming! Okay, let's have little Eiichiro introduce this feature. Go ahead.

Oda: (Ahh, the day has finally come. Let's Begin the Question Corner.) Uh...how are you, everyBody? Okay, then...

Let's Burst the S-pañola!
(I'm a failure.)

Q: 除了娜美外的船員、好像都一直案一樣的衣服吔?

A: Huh? Okay, I get it. This is a question from a *One Piece* reader in Taiwan. But since it's written in kanji characters, I think I can manage to make sense of it. It probably goes like this, "Except for Nami, why do all the crew members always wear the same clothes?" Well, there are a lot of reasons for that. First of all, they have several of the same outfit. And Nami doesn't give them much of a clothing allowance, either. Something like that.

Q: Oda Sensei, if Luffy, Zoro, Usopp, Nami and Sanji were animals, what would they be?

A: Luffy is a monkey. Zoro's...a shark. Usopp's an armadillo. Nami's a cat. And Sanji's a duck, I think. But the one I feel most confident about is Chopper.

He's a reindeer. (Ta-dah!)

Q: I have a secret I'd like to tell Master Oda (in a regular letter). Please (x 10) tell me your home address. See you. Wa ha ha ha ha ha ha ha!

A: Okay. Let's see, my zip code is 202-- Hey, if I told you that, everyone'll be ding dong ditch'ing my house.

Q: Can you tell me what Tashigi's age, height, and weight is? ♡

A: Tashigi, you say? Tashigi is 21. She's surprisingly old. She's on the tall side at 170cm. As for her weight, she's a lady, so let's not go there.

Q: Here's a question for you, Mr. Oda! When Ace ate the Flame-Flame Fruit did he:
1. Gain the power to turn his body into flames?
2. Gain the power to make flames shoot out of his body?
Which is it?

A: The answer is 1. But his most deadly move--the Fire Fist--makes his fiery knuckles expand by increasing the temperature, so it's also like 2.

Q: The Question Corner has begun. (Past tense)

Q: A friend said to me, "You're a girl! Why are you reading *Shonen Jump*!!" So I said, "Why shouldn't a girl read *Shonen Jump*? Is it against the law? I was a boy in my previous life!!!" (Probably.)

A: I see. So you had an argument over that, did you, "Ms. West"? Well, don't you worry! It's okay!! You see, *Shonen Jump* is a boy's magazine whose readership is 30 percent girls. It's true. Three out of every ten *Jump* readers are girls. And it's a similar percentage for *One Piece* readers. So think of it as having about 1.2 million comrades (according to my rough calculations) throughout Japan. As long as they understand a boy's fiery spirit, boys, girls, old guys and old ladies are all welcome, darn it!!

Q: Oda Sensei! There was a music question on my final exam the other day! As I worked through the questions, Bach's name suddenly appeared. Bach was a baroque composer. Could it be that Igaram, who looks like Bach, and the baroque school inspired Baroque Works?!! That's it, isn't it?

A:
Bach
(rough sketch)

That's right. But this is extremely difficult to explain. Baroque is a style of art, literature and music that became popular in Europe during about the 17th century. This is just my own interpretation, but the Baroque style was unnecessarily ostentatious and excessively ornamental. That's why Baroque Works is made up of such flamboyant characters.

Q: I have a favor to ask. I picked up a White Walkie (a.k.a. Wooly Hippo) on the street. Can you care for it at your place, Oda Sensei? --New York Cocoa

A: I don't want it.

Q: This question comes from a 28-year-old male in Tokyo (occupation: manga editor) who wants to know the names of each of the members of the Super Spot-Billed Duck Troops. Oda Sensei, you really hit a soft spot with me. They're so cute!! Anyway, I realize it might be a bother, but give it your best shot. I'm counting on you.

A: Hey! Hey! Now hold on just a minute, you. You're Asada, a.k.a. Daasa, that *Jump* editor with a weakness for cute things who was formerly assigned to *One Piece*, aren't you?! You thought you could fool me, didn't you? You pretended to be a fan and sent in a work-related question! This is a sacred place for our readers! Well, okay. And thanks for helping me for four and a half years. Okay, I'll answer your question, since I received it from other people as well. Starting with the bottom row, from left to right, they are: Cowboy, Bourbon Jr., Karoo, Centaur, and Hikoichi. The top two are Stomp and Ivan X. That's it. I had given them all names, but I thought that revealing them would just confuse people, so that's why I hadn't.

Q: Well, now, I have something I wanted to ask you, Oda baby. Today I read *WANTED!*, your anthology of short stories, and thought to myself…seems like a lot of your characters pick their boogers. --Euphoria

A: They do, don't they? They just dig and dig and dig. I wonder why? But they're not the only ones. All characters do it--it's just that other manga artists don't show it. If they didn't dig them out, their nostrils would get plugged up!! Ah! What a gross subject. I get a lot of complaints from female readers when I write about things like that. I'm going to get letters about this too. But guys get a big laugh out of it! Right?! Okay, next.

Q: Good day, Oda Sensei! I know this is sudden, but I have a very serious question. The Spiders Café from volume 18, page 94, looks a lot like director Percy Adlon's *Bagdad Café*. Was that your inspiration? I love that movie, so please do let me know. Please.

A: Wow, you have good taste. You're only 15 years old and you like that movie? Well, you're right. I really loved the feel of that place. But its austere elegance was a bit too far removed from manga, so I just tried to capture a little of that look for my own enjoyment. Readers, see that movie, if you get a chance. It will remain in your heart. Bagdad Café…

Q: Oda Sensei, I went to a certain flower shop recently and saw that they were selling crocus seeds. Does this have any connection to the character Crocus?

A: In the language of flowers, the crocus symbolizes "trust."

Q: All the boys at school ever talk about is Nami's body! Tell them to stop it!!

A: Uh... Umm... There was no age written on this postcard, but judging from the writing, I'd guess you're probably in middle school. Middle school boys spend a lot of time thinking about girls. They can't help themselves. I just can't bring myself to scold them. (Hey!)

Q: What would happen if a human ate the Human-Human Fruit?

A: There's a saying we have in Japan: "to become a human" or rather "to come of age." It means to act like an adult or to stop acting crazy--to behave the way a human being is supposed to. Maybe that's part of it. Or not. Well, no. Yes. That's what I mean. (Runs away.)

Q: Mr. Oda!! You have to tell me!! What happened to Sanji's left eye?!

A: Here we go again. I get this question so much that I tended to ignore it. All right. Sanji's left eye is one of the Seven Mysteries of *One Piece*. Let's answer the question at last!! Come on out, Sanji!!

Sanji: **Hey. You called? What? Show them my left eye?! You called me for that? That's stupid. Well, all right, if it'll make you happy. Watch carefully, folks. There.**

Oda: Wow!!! Seriously?!! Holy smokes!! What a finale!! And on that note, this Question Corner is over!! See you in the next volume!!

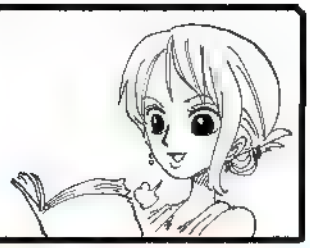
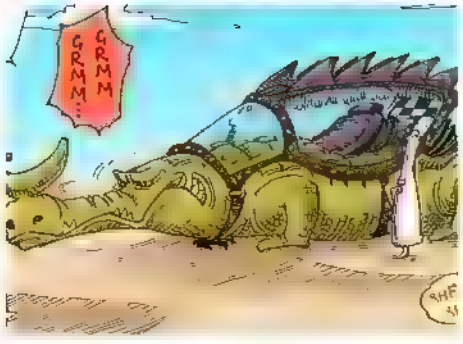
TRANSLATION NOTES CORNER
Volume 20



- THE ***F-ONEANA*** IS CALLED "F-WANI" IN JAPANESE. WANI MEANS CROCODILE, BUT ALSO SOUNDS LIKE "ONE", BEING A PUN ON FORMULA ONE. SINCE IT IS RELATED TO THE BANANADILE, WE DECIDED TO GO WITH F-ONEANA TO STILL KEEP THE PUN



- THE WIDTH OF THE ***SANDORA RIVER*** IS SAID TO BE 50KM BY VIVI, BUT THIS IS MOST LIKELY A MISTAKE GIVEN HOW THEY CAN QUITE VISIBLY SEE THE OTHER SHORE FROM LAND, MAKING THIS CLAIM LOGISTICALLY IMPOSSIBLE FOR IT TO BE 50KM (MAY HAVE POTENTIALLY MEANT 5KM). THIS CLAIM HAS LED SOME FANS TO SPECULATE THAT THE WORLD COULD BE SEVERAL TIMES BIGGER THAN EARTH, BUT AGAIN IT SIMPLY DOENS'T ADD UP AND ODA HAS ALREADY MADE SEVERAL MISTAKES REGARDING THE SIZE OF GIANT THINGS. REGARDLESS, WE DECIDED NOT TO FIX IT TO NOT ALTER ODA'S SCRIPT.

Monkey D. Luffy started out as just a kid with a dream—to become the greatest pirate in history! Stirred by the tales of pirate "Red-Haired Shanks, Luffy vowed to become a pirate himself. That was before the enchanted Devil Fruit gave Luffy the power to stretch like rubber, at the cost of being unable to swim—a serious handicap for an aspiring sea dog. Undeterred, Luffy set out to sea, and recruited some crewmates: master swordsman Zoro, treasure-hunting thief Nami, lying sharpshooter Usopp, the high-kicking chef Sanji, and the latest addition Chopper—the walkin' talkin' reindeer doctor.

On the Grand Line, Luffy and crew struggle to help Princess Vivi save her war-torn and drought-ravaged kingdom from the evil Sir Crocodile and his secret criminal organization, Baroque Works. Now the climactic showdown between the rebels and the King's forces is at hand! While Luffy lies half-dead in the Alabastan desert following his defeat by Sir Crocodile, the rest of the crew enters Alurbarna to help Vivi put an end to the bloodshed. Usopp and Chopper outmaneuver Miss Merry Christmas and Mr. 4 in a deadly game of baseball, while Sanji squares off against the eccentric but formidable Mr. 2 Bon Clay. Will the Straw Hats have what it takes to overcome the best of Baroque Works?!

Reader: Hello. In Volume 19, someone began the Question Corner in the style of Miss Merry Christmas. So why not do it in the style of Mr. 4?
--Vice-President of the Black Den Den Mushi Fan Club.

S.....(To be continued in the next volume.)

Oda: I can't allow it. It would take too long.

Q: Hello, I've been wondering about something lately. You always begin the Question Corner with "Let's begin the Question Corner," right? Well, that's sooo boring, so I came up with this! "S!" How's that? ♪ It's a takeoff on the popular greeting, "Oha!" ♪ Let's say that from now on!

A: Hey, hey! We can't do that! That's a total rip-off. Show a little more originality, okay, people?
"S!" (Broad smile)

Q: In a Question Corner in Volume 19, someone requested that you draw the six main characters with your left hand, but you only drew Luffy, Zoro and Nami! Can you please draw the other three?

A: H-Here you go. Now gimme a break.

Reader: The *One Piece* anime isn't shown where I live!) How can this be? Please, even if it's a rerun, let it air where I live! I know, it's probably impossible…

Oda: It shouldn't be impossible. I've been getting letters like yours for a while now, but there's not much I can do about it personally. The One Piece anime (as of today, December 4, 2001) is currently carried by 27 stations, and recently began airing even in Taiwan. Three Japanese prefectures--Aomori, Yamaguchi, and Oita--can't get it, though I think there are a few people even in those places who can pick up the signal from neighboring prefectures. So let's make some waves here. One Piece is a production of Fuji TV, so send a letter to your local affiliate and tell them you want it! If all your voices reach the grown-ups at the television stations, I'm sure they will give the matter serious consideration. There are quite a few anime shows that can only be seen by people who live in the Tokyo area. I grew up in Kyushu, so there were a lot of anime I couldn't get. I understand your plight. Tokyo gets all the breaks!

Reader: Eiichiro Oda Sensei,

Let's cut to the chase.

Sincerely,
Meguko

Oda: Yes, well… I suppose I should answer your question right away. Er…um… Yes. Err…yes. Um…

Reader: What are orange pekoe and apple tea?

Oda: Surely, you know what apple tea is? It's tea. Orange pekoe is a variety of tea as well. The agents of Baroque Works all have their own favorite teas. For example, Mr. 3 likes Earl Grey, Miss Golden Week likes green tea, Mr. 5 prefers gunpowder tea, and Miss Valentine likes lemon tea. They're always drinking tea in various situations. However, Mr. 2 prefers octopars.

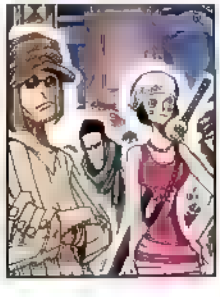
Reader: Hello, Oda Sensei. As I was rereading the books, I noticed that

in Vol. 18, page 162, panel 2, there's a person like this (←left). Then in Vol. 19, page 15, panel 5, there's a person like this (→right). Are these two the same person?

Oda: Yes, they're the same person. If you look closely at the rebel forces, you'll find a number of members of the old Sand Sand Clan. Very perceptive of you to notice.

Vol. 18, chapter 164, page 169: Sand-Sand Band

11 years later



Vol. 19, chapter 167, page 15

Vol. 19, chapter 172, page 114

Lined up like this, they're more or less recognizable, aren't they? These rebels are all former members of the Sand Sand Clan.

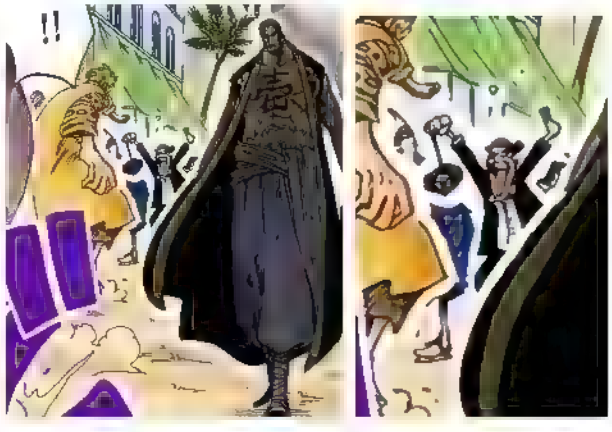
Reader: Oda Sensei, I read vol. 19 and was shocked! In the first panel on page 104, Sam is amongst the crowd that is running away! What's he doing in Alabasta? And why is he drunk again? Please tell me!!
--Takashima 192

Oda: Yes, that surprised me too. I completely forgot I'd drawn that. But he **is** there, that's for sure.
So how did he get there?
Just hear me out...
That was Sam's second daughter's wedding day.
When his older daughter was eight years old, Sam's wife left him and Sam had to raise his daughters by himself. The second daughter grew up to be a delinquent and caused him a lot of headaches. She got into fights and even ran away from home. Now that daughter was getting married. He used to tell his daughter, "I can't wait till you leave home!" but actually, he felt sad. And happy, too. Sam said, "How can I **not** drink tonight?" and he drank and drank and wandered and wandered until he found himself in Alabasta. The people around him were in an uproar, so Sam joined in--although Sam's reason and that of the crowd's differed slightly.



Reader: Sensei, I was watching TV the other day and somebody said that "Buggy pants are going to be the new rage." Will you buy some Buggy pants?

Oda: I won't buy them.

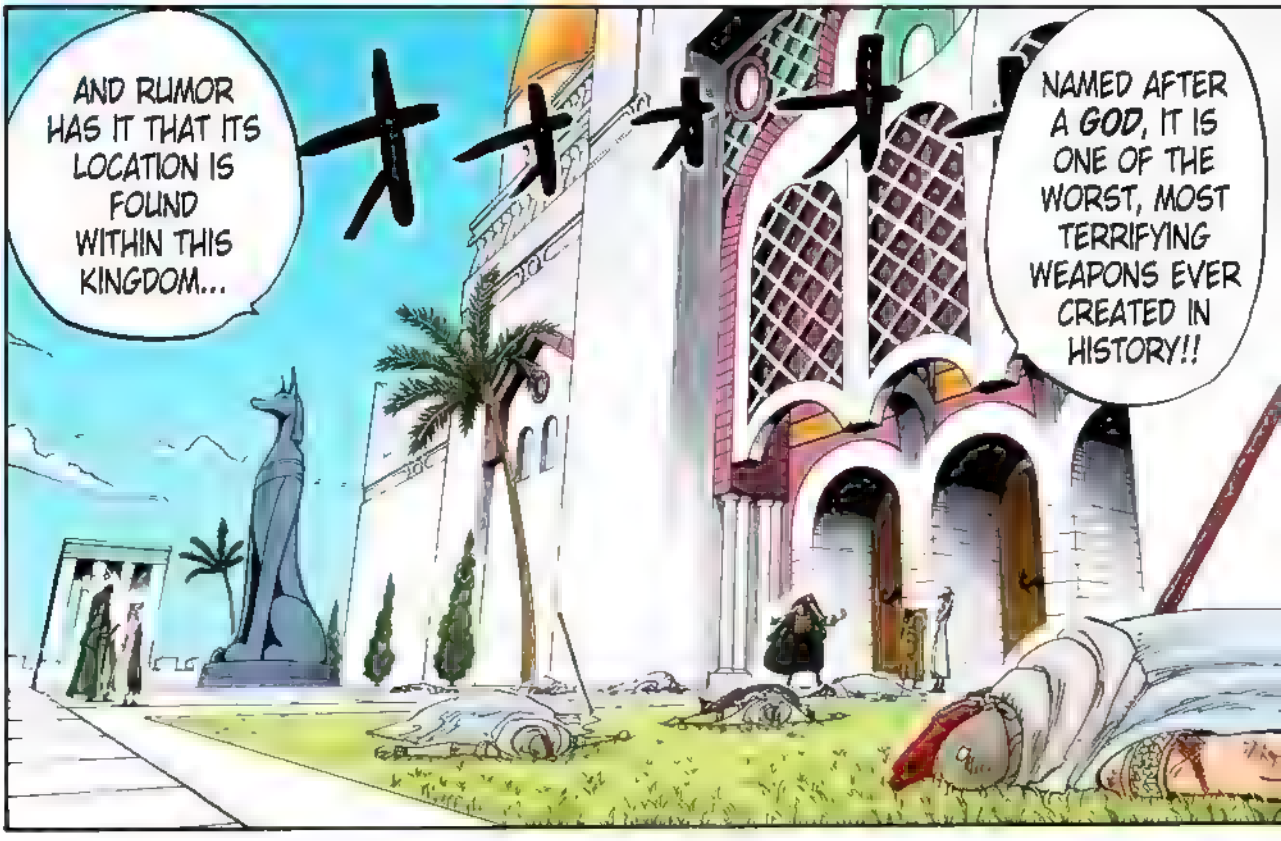
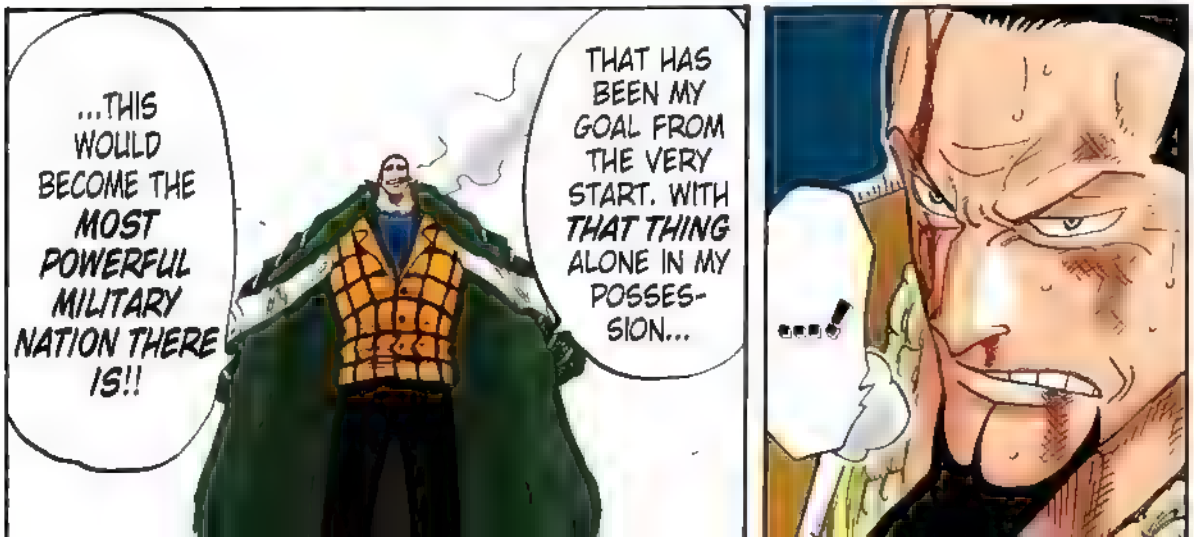
IT IS SAID THIS ANCIENT WEAPON IS CAPABLE OF VAPORIZING AN ENTIRE ISLAND IN ONE SHOT...
PLUTON.

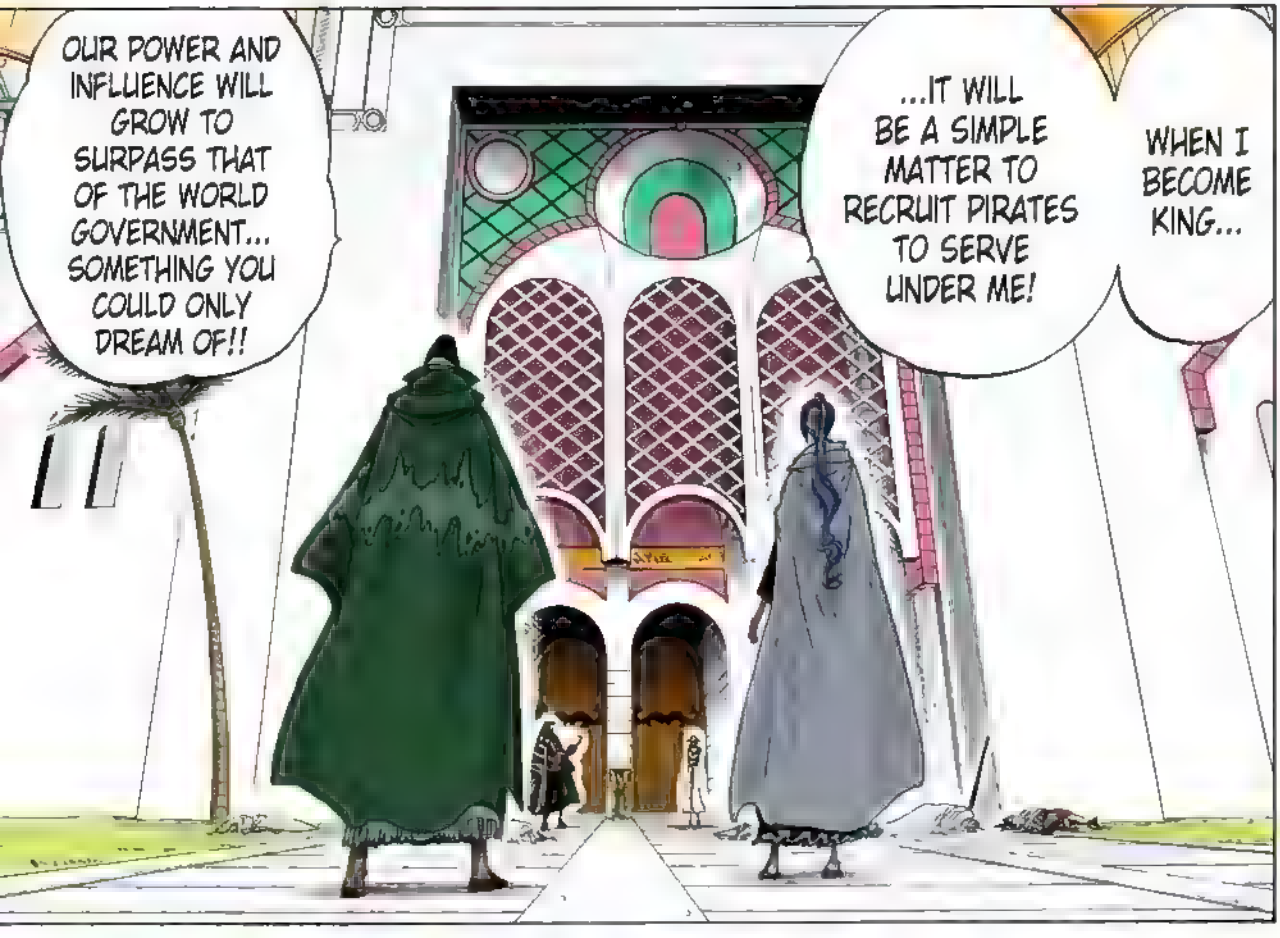


AND RUMOR HAS IT THAT ITS LOCATION IS FOUND WITHIN THIS KINGDOM...
NAMED AFTER A GOD, IT IS ONE OF THE WORST, MOST TERRIFYING WEAPONS EVER CREATED IN HISTORY!!



...THIS WOULD BECOME THE MOST POWERFUL MILITARY NATION THERE IS!!
THAT HAS BEEN MY GOAL FROM THE VERY START. WITH THAT THING ALONE IN MY POSSES-SION...
...!

IF EVEN WE HAVEN'T HEARD OF IT, IS IT A ROYAL SECRET?!
AND ITS LOCATION IS HERE ...?
SUCH A WEAPON... EXISTS?!



OUR POWER AND INFLUENCE WILL GROW TO SURPASS THAT OF THE WORLD GOVERNMENT... SOMETHING YOU COULD ONLY DREAM OF!!
...IT WILL BE A SIMPLE MATTER TO RECRUIT PIRATES TO SERVE UNDER ME!
WHEN I BECOME KING...

THE WORLD GOVERNMENT WILL NEVER ALLOW IT.

BUT EVEN I HAVE NO IDEA WHERE IN THIS COUNTRY ITS LOCATION COULD BE...
...OR IF SUCH A THING IS EVEN REAL TO BEGIN WITH.
I HAVE NO IDEA WHERE YOU'VE MANAGED TO HEAR OF ITS NAME...

AT FOUR THIRTY, OR 30 MINUTES FROM NOW, A POWERFUL CANNON WILL FIRE A PROJECTILE INTO IT.
BY THE WAY, YOU KNOW THE PALACE SQUARE WHERE THE ROYAL ARMY IS NOW GATHERED?

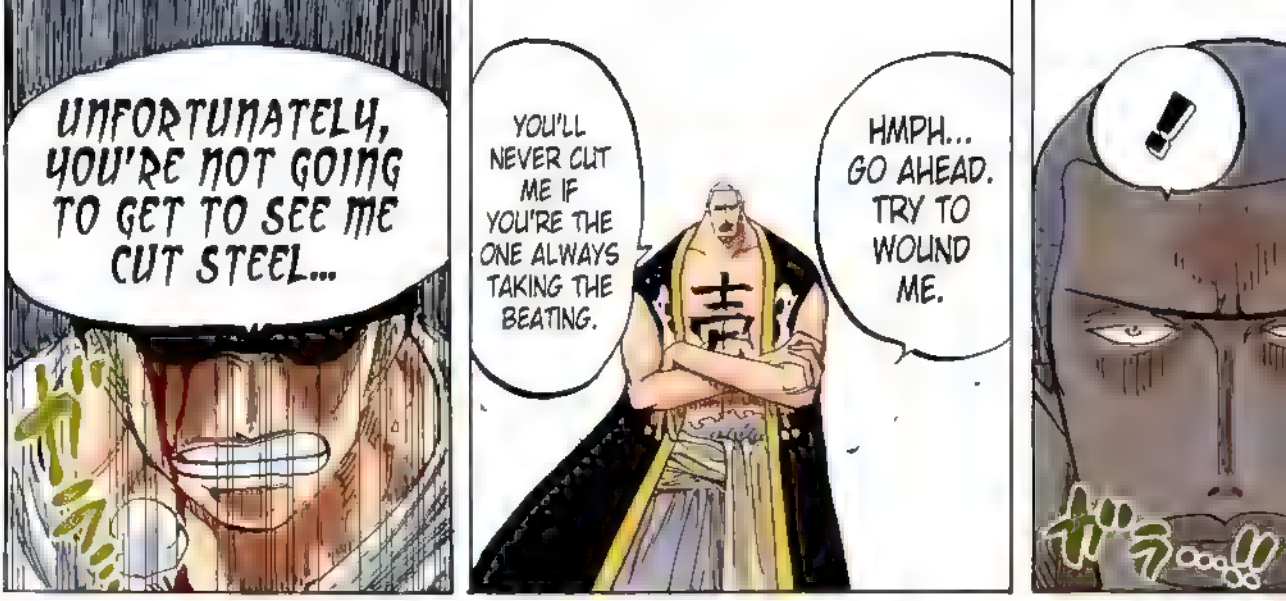
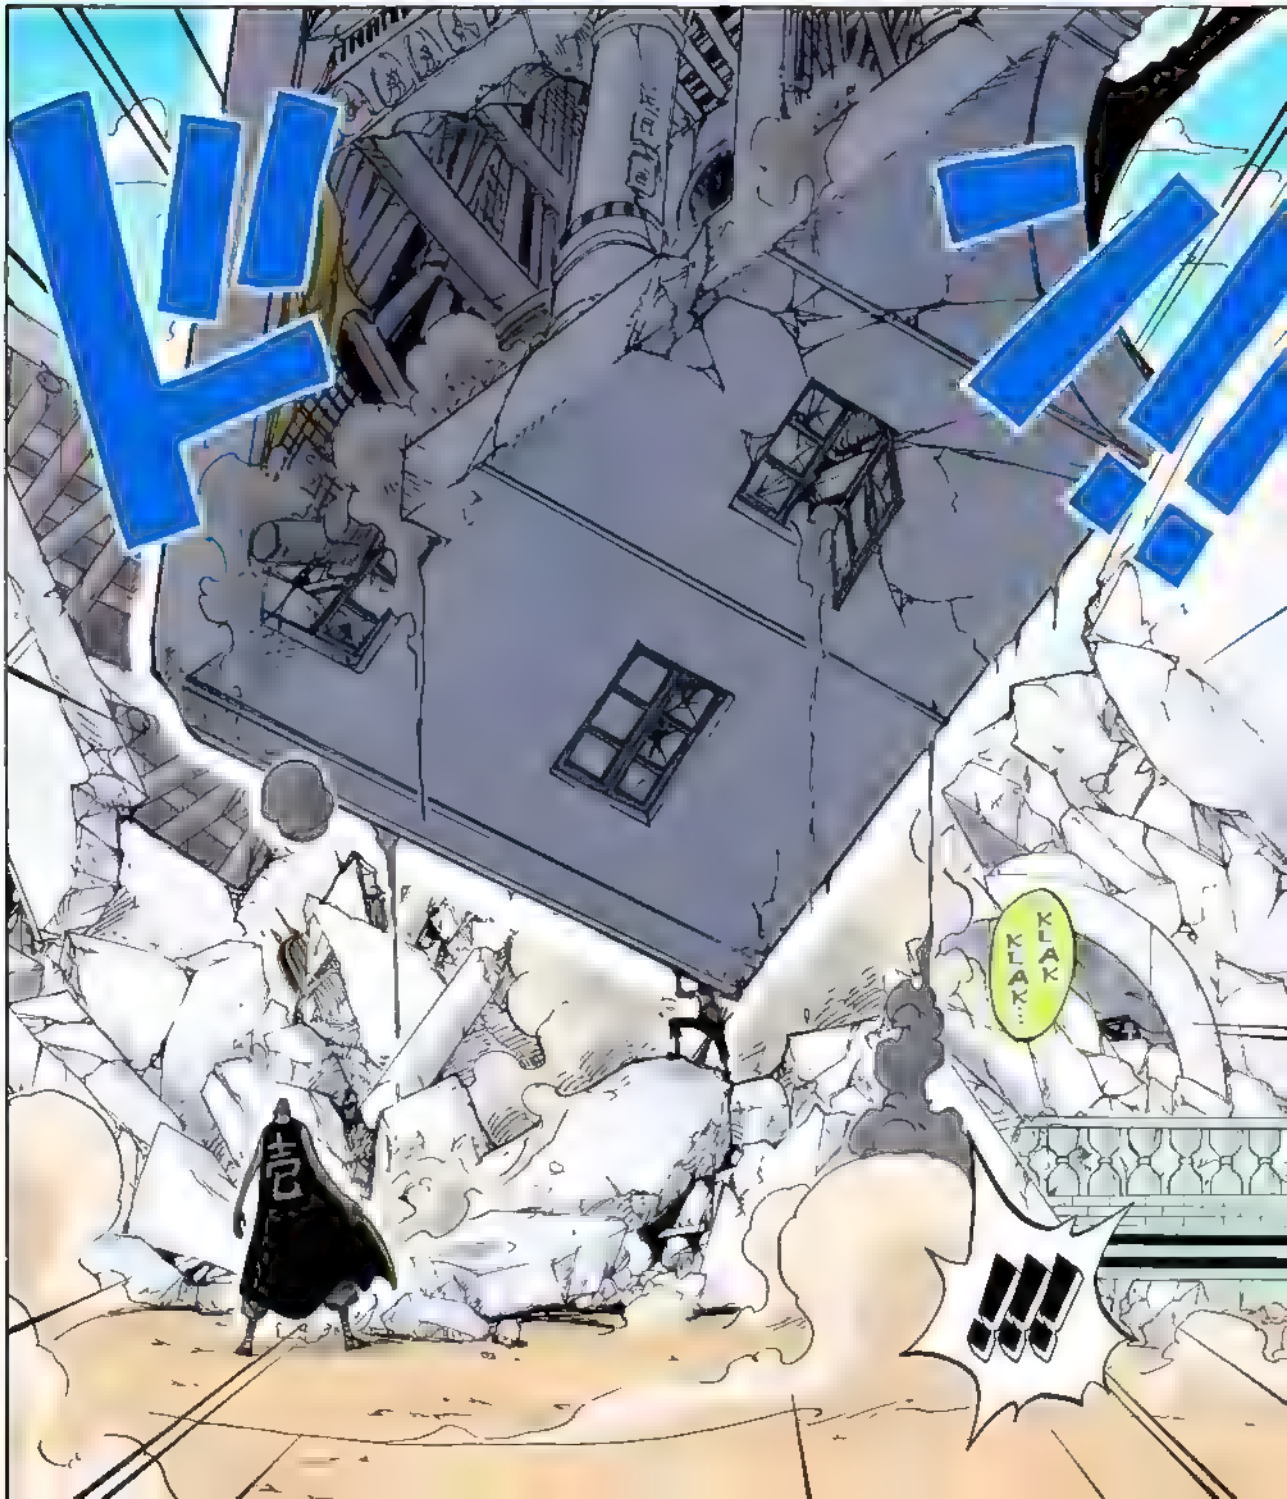
LISTEN, ZORO. THERE ARE SWORDSMEN IN THIS WORLD WHO ARE ABLE TO NOT CUT ANYTHING.
?
THESE SAME SWORDSMEN ALSO HAVE THE ABILITY TO CUT THROUGH STEEL.
AND WITH THE SAME INSTRU-MENT.
KLOP...
KLOP...
A BLADE THAT INJURES ALL THAT IT TOUCHES ISN'T REALLY A SWORD.
THE PINNACLE OF SWORDS-MANSHIP IS THE POWER TO PROTECT WHAT ONE WISHES TO PROTECT, AND CUT WHAT ONE WISHES TO CUT.
DO YOU UNDER-STAND?
...
SENSEI, I'M GONNA BECOME A SWORDSMAN WHO CAN CUT THROUGH ANYTHING!!
ZORO, DID YOU HEAR A WORD I SAID?!



UNFORTUNATELY, YOU'RE NOT GOING TO GET TO SEE ME CUT STEEL...
YOU'LL NEVER CUT ME IF YOU'RE THE ONE ALWAYS TAKING THE BEATING.
HMPH... GO AHEAD. TRY TO WOUND ME.
!
ガラ...!!



KLAK KLAK...
!!!

OH YEAH?
...THAT'LL BE THE END OF YOU!!
'CAUSE WHEN I DO...
GRAAH !!!
A SWORD THAT DOESN'T CUT ANYTHING, EH?!!
I'LL DICE EVERYTHING IN SIGHT!!
ドン!!!
ドン!!!

Oda: Allow me to address a question that comes up a lot. It's about just how involved I am in the *One Piece* anime. But first I'd like you to be aware of certain facts.

1. First and foremost, I am a manga artist. I don't create anime, and that's that. But I do help out with character design for original anime stories and movies based on my manga. I don't really do much. So I have to entrust the world and characters of *One Piece*, which I created in the manga, to other people.
2. This is one name I'd like you to remember--the one and only ★Konosuke Uda.
   This name always appears in the opening credits of the anime. He is the Series Director for the *One Piece* anime. In other words, he's in charge of everything. That's so cool... Series Director. (Ta-dah!)
3. The *One Piece* anime has seven different directors including Mr. Uda, and they take turns directing the episodes. That's because a 30-minute episode is impossible to make in just one week. A particular week's director is listed in the end credits under "Episode Director." And the one who oversees all the other directors is Konosuke Uda. (Wahoo!)
4. If he and I didn't see eye to eye, then Luffy would immediately become un-Luffy-like, and the world of *One Piece* would be completely different. No matter how poignant the original story is, if the director of the anime messes up, it's ruined. But that never happens. In fact, amazingly Mr. Uda and his warrior directors totally understand *One Piece*.
5. Direction naturally includes the music, sound effects, voice acting, and art design--the whole package. So I'm very grateful to everyone involved with the anime. By the way, my editor Habu checks the script.
6. What I really wanted to do was to call attention to the names in the end credits. I really hope you take note of them, because all of those people work incredibly hard.
7. Umm... That may have come across a bit stiff, but Mr. Uda has a good sense of humor. Often after a meeting with him and the producer (who's also a funny guy), we go out to eat. But basically for the *One Piece* anime, I leave everything up to Mr. Uda and I enjoy watching it as much as anyone. Sometimes I even cry.
8. So that's it for the Question Corner. See you in the next volume!

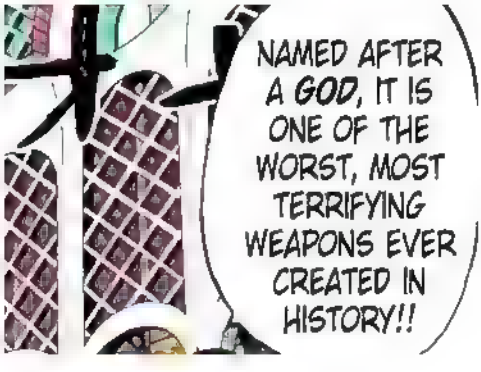
TRANSLATION NOTES CORNER
Volume 21

- MR. 2'S ATTACK AGAINST SANJI IS CALLED "***DOUZO OKAMAI KNUCKLE***". "DOUZO OKAMAI" MEANS "PLEASE DON'T MIND ME", BUT IT'S OBVIOUSLY A PUN ON "OKAMA", QUEER. WE TRIED TO FIND AN APPROPRIATE QUEER-RELATED TERM TO FIT THE PUN, SO WE WENT WITH "DON'T MIND MY TRANSGRESSION"

- MR. 2 MAKES ANOTHER PUN WITH THE ATTACK "***MASCARA CATCH***", AS CATCH IS "CACCHI" IN JAPANESE, SO HE MAKES A PUN WITH "ACHISHI", THE PRONOUN HE MADE UP FOR HIMSELF. WE TRIED TO INCLUDE THE PUN SOMEHOW BY MIXING MASCARA WITH QUEER

- THE ANCIENT WEAPON ***PLUTON*** IS NAMED AFTER THE PLANET (KNOWN AS PLUTO IN ENGLISH), WHICH WAS NAMED AFTER THE GOD OF THE UNDERWORLD FROM GRECOROMAN MYTHOLOGY (ALSO KNOWN AS HADES), WHICH IS SIMILAR TO WHAT CROCODILE SAYS THAT IT'S NAMED AFTER A GOD. IT'S WORTH NOTING THAT WHEN THIS CHAPTER WAS WRITTEN PLUTO WAS STILL CONSIDERED A PLANET, BUT SOMETIME AFTER THIS CHAPTER'S RELEASE IT WAS DEMOTED TO BEING A DWARF PLANET



TNC

TRANSLATION NOTES CORNER
Volume 21

- ZORO CALLS MR. 1 "***BALDY MONK***", BUT IN THE ORIGINAL IT'S "TAKO NYUDO", OR "OCTOPUS NYUDO", REFERRING TO THE YOKAI ONYUDO, A MONSTER IN THE SHAPE OF A MONK, WHILE "OCTOPUS" IS OFTEN USED AS A SILLY INSULT. WE SIMPLIFIED IT TO BE MORE UNDERSTANDABLE

- ZORO'S ATTACK "***BULL BEAM***", OR "USHIBARI" IN JAPANESE, IS A PUN AS "USHIBARI" CAN ALSO REFER TO A PARTICULAR STYLE OF TRADITIONAL JAPANESE ARCHITECTURE USING WOODEN BEAMS, WHICH WE TRIED TO KEEP BY TRANSLATING IT AS "BULL BEAM"

- MR. 1'S ATTACK, "***SPIDICE***", IS JUST "SPIDER" IN JAPANESE, BUT THAT'S READ AS "SUPAIDA" IN JAPANESE, WHICH INCLUDES "SUPA", THE NAME OF HIS FRUIT, SO WE TRIED TO INCLUDE IT AS "SPIDICE", AS IN DICING SOMETHING TO SLASH IT.

THE ATTACK CLAW CLEAVE IS A SIMILAR PUN, AS THE ORIGINAL SPAR CLAW IS ANOTHER PUN ON SUPA. SAME WITH FRESH-CUT DAISY (SPARKLING DAISY), ATOMIC SLICE (ATOMIC SPAR), SPIRAL SLICER (SPIRAL HOLLOW), SPAR GASH (SPAR BREAK), AND ATOMIC SLIDE SLICE (ATOMIC SPUR), AS WE TRIED TO FOCUS ON KEEPING THE SLICING THEME

Even among the Japanese, the ones with the best reading comprehension are those who read manga. Isn't that terrific news? Seriously. Isn't it très magnifique? (←French style)

Monkey D. Luffy started out as just a kid with a dream—to become the greatest pirate in history! Stirred by the tales of pirate "Red-Haired Shanks, Luffy vowed to become a pirate himself. That was before the enchanted Devil Fruit gave Luffy the power to stretch like rubber, at the cost of being unable to swim—a serious handicap for an aspiring sea dog. Undeterred, Luffy set out to sea, and recruited some crewmates: master swordsman Zoro, treasure-hunting thief Nami, lying sharpshooter Usopp, the high-kicking chef Sanji, and the latest addition Chopper—the walkin' talkin' reindeer doctor.

Luffy and crew fight to help Princess Vivi save her war-torn and drought-ravaged kingdom from the evil Sir Crocodile and his secret criminal organization, Baroque Works. Having finally reached the royal palace in Alubarna, Vivi devises a plan to end the civil war, only to be thwarted by the sudden arrival of Sir Crocodile, who reveals his true objective—to get his hands on the most destructive weapon of the ancient world, Pluton! But first he intends to put an end to the rebellion himself by blowing up everyone near the palace, regardless of whose side they're on! With Luffy half-dead in the Alabastan desert and the rest of the crew taking on the Officer Agents in the streets of Alubarna, can anyone stop this fiend from realizing his evil plan?

Reader: Just now, I came upon a person in strange glasses lying in the street. So I bought him a beef bowl for lunch. Out of gratitude, he gave me an unusual ring with a sheet of instructions that read "How to Hypnotize People." So, since you've been having trouble lately getting the Question Corner started, I'm going to hypnotize you to help it go more smoothly.
Are you ready? Look closely at the ring. When I say "One, two, Janko!" you will begin the Question Corner immediately, no matter what.
Here I go. ♡ One, two, Janko!

Whoa! Let's start the Question Corner!

Oda: Whaat?! Did you hypnotize yourself?!

Reader: Oda Sensei! I love, love, love, love, love *One Piece!*
I go to the store every day to see if the latest volume has arrived. The waiting is agony! So would you list the dates when *One Piece* hits the stores?! Please!
--White Cat Pirates

Oda: Huh? That's a lot of trouble, but I understand. So for the sake of you fans that buy the graphic novel, I'm going to reveal the release schedule. Please note it in your calendars. *One Piece* comics are released in the following cycle: two months, two months, three months. So after three months, you'll know when the next two volumes will be released. Got that?

Oda: Oh yes, I forgot. There was an error in Volume 21. I found it myself and I wanted to tell you about it right away. In the title drawing for the Question Corner I drew Crocus and Laboon again, like I did in Volume 18. Oh well. I must've had Crocus fever in Volume 21. Am I repentant? Yes, yes. (←I say this as I pick my nose.)
Anyway, we'll continue in the next Question Corner

Chapter 197:
THE LEADERS

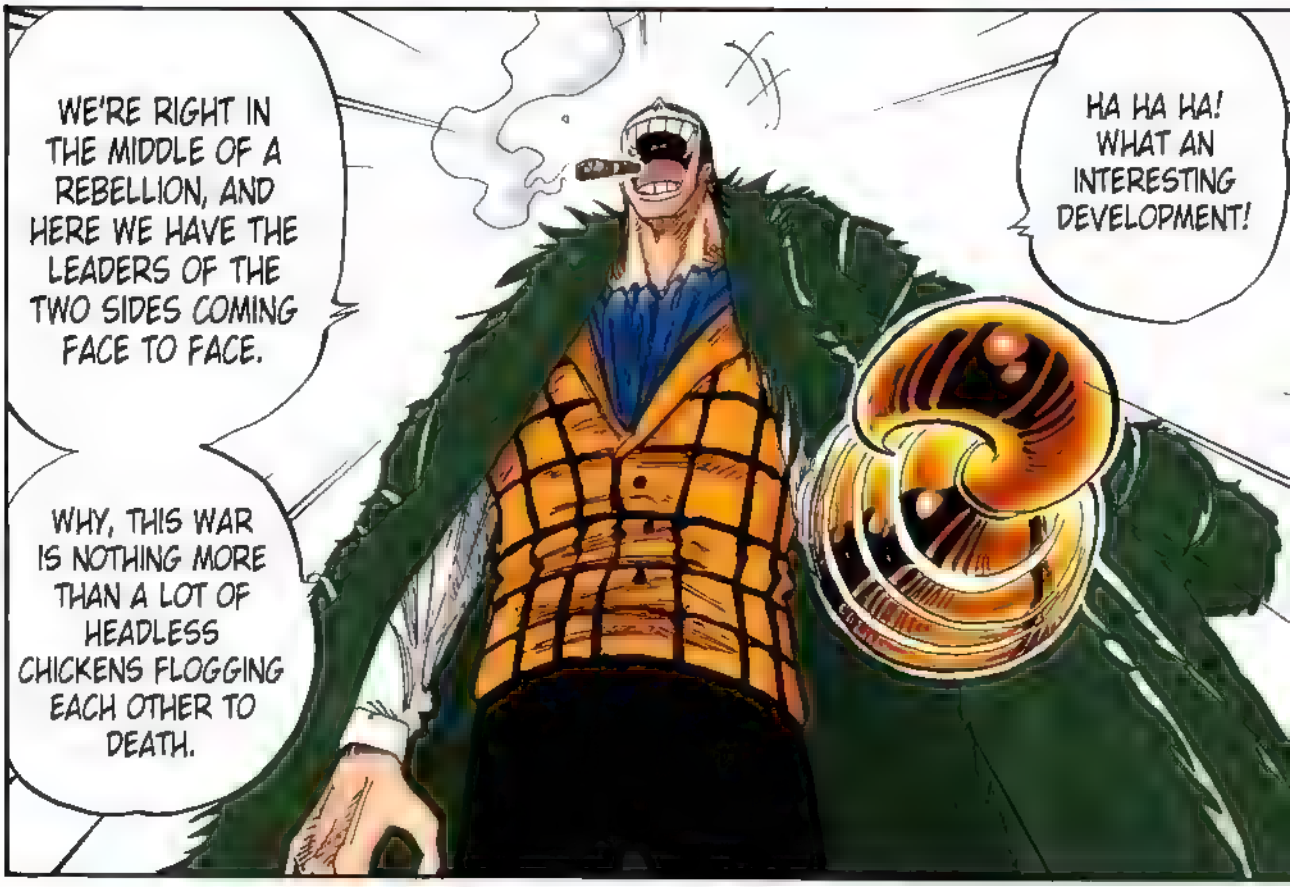
...I FIND THE KING BEING KILLED BY OUR NATIONAL HERO!



WE'RE RIGHT IN THE MIDDLE OF A REBELLION, AND HERE WE HAVE THE LEADERS OF THE TWO SIDES COMING FACE TO FACE.
HA HA HA! WHAT AN INTERESTING DEVELOPMENT!
WHY, THIS WAR IS NOTHING MORE THAN A LOT OF HEADLESS CHICKENS FLOGGING EACH OTHER TO DEATH.

...
JUST IMAGINE THE WORST POSSIBLE SCENARIO.
CONFUSED? IT'S ACTUALLY QUITE SIMPLE.
...

BMP BMP BMP
PLIP
DO YOU LOVE THIS KINGDOM?

WHO WAS IT...

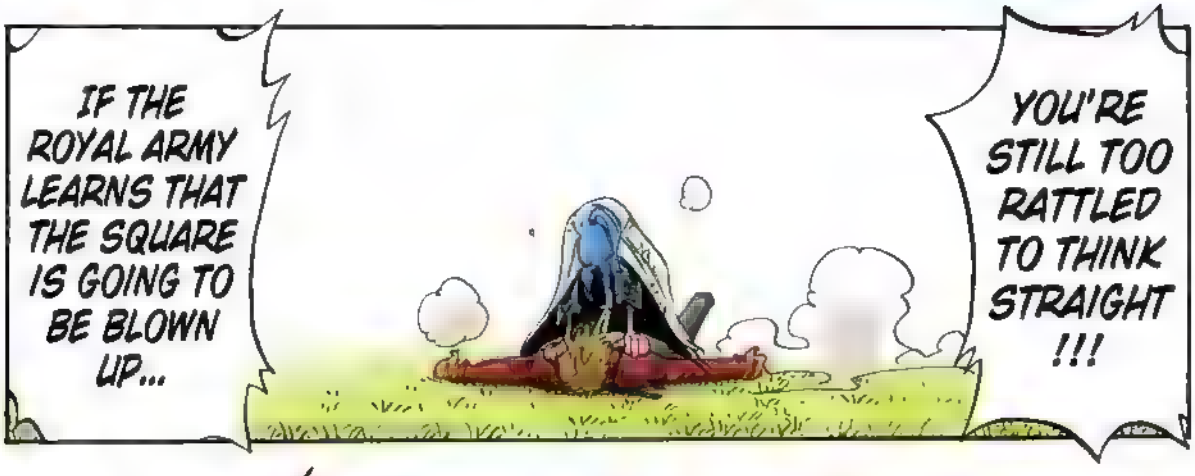
THAT SQUARE IS GOING TO BE A BATTLE-FIELD! IF IT'S GOING TO BE BLOWN UP...
HEY! LET ME GO, VIVI! WHAT ARE YOU DOING?!



IF THE ROYAL ARMY LEARNS THAT THE SQUARE IS GOING TO BE BLOWN UP...
YOU'RE STILL TOO RATTLED TO THINK STRAIGHT !!!

WE WON'T BE ABLE TO STOP THE WAR AND THE BLOOD-SHED WILL CONTINUE !!!
...CHAOS WILL REIGN!!

THERE'S ONLY ONE THING TO DO!

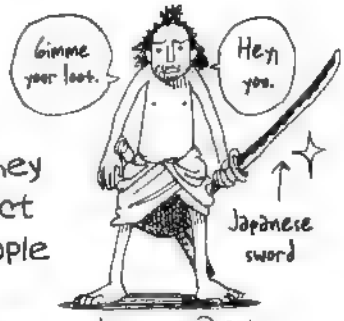
Reader: Oda Sensei, something's been bothering me. What country are Luffy and the others from? In my sociology class we learned that Japanese pirates were called *wakô*. Is this a Japanese translation or something, or is "pirates" a special term used in this manga? Please tell me.

--Kuroman

Oda: Well, first of all, Luffy and his crew are not citizens of any country. And I won't make any conclusions about their ethnicity. As for *wakô*, let's see. Historically, *wakô* were pirates. *Wakô* mostly attacked in boats along the Korean peninsula and the Chinese mainland. Once in a while our history books mention "sending soldiers to Korea." These soldiers were actually pirates. They went there to pillage. They were bad guys. The *Murakami Suigun* ("Water Army") terrorized and controlled the Seto Inland Sea. They were pirates too. They had a real impact on Japanese history, though most people don't know much about them. I once researched the difference between the *wakô* and the *suigun*. Actually the *suigun* were sometimes called *wakô*, so there really wasn't much difference. In any case, there were lots of pirates in Japan.



Japanese Pirate

Reader: What is the speed limit on the "Queer Way"?

--Mr. Tsu Bon Curry

Oda: The speed limit is 300 fake eyelashes an hour.

Reader: The town on the other side of the tunnel was very strange.

Oda: Okay, let's continue.

Reader: Hey, Mr. Bon! Yeah, you! You brag about your dancing too much! Your *port de bras* stinks! Get it right! And your toe shoes aren't even tied properly! The ribbons go around your ankles… Your **ankles!** They should go two centimeters higher. And your Swan Arabesque--ha! You're not raising your leg correctly! You won't be ready to attempt an attitude turn for at least another hundred years.
Start over from the beginning! And shave your legs!
--Studied Ballet for Ten Years

Oda: Hmmm… Well, let's hear it from the mouth.

Mr. 2: **This ain't no joke!! Shave my legs?! Never! If I shaved my legs, I'd be nothing! My leg hair is what makes me unique! Unless you're saying you want to get rid of me! Is that it?! Oh, and you say you studied ballet for ten years? Well, isn't that something?! But I've been studying my Kenpo for 20 years! Got any complaints?! If you do, I'll be happy to give you some free lessons! I'll twirl and twirl and twirl! Yes I will!**

Oda: Okay, enough of that ham-bone.

Reader: Hello, Oda Sensei! My name is Enari. Why does Vivi always pull on Usopp's nose?

Oda: Well… Let's say there's a pot in front of you. What part of it would you grab? You'd grab the handle, right? You'd grab the part that sticks out. I guess that's the reason. It's probably the easiest place to grab. Right? I guess it just works.

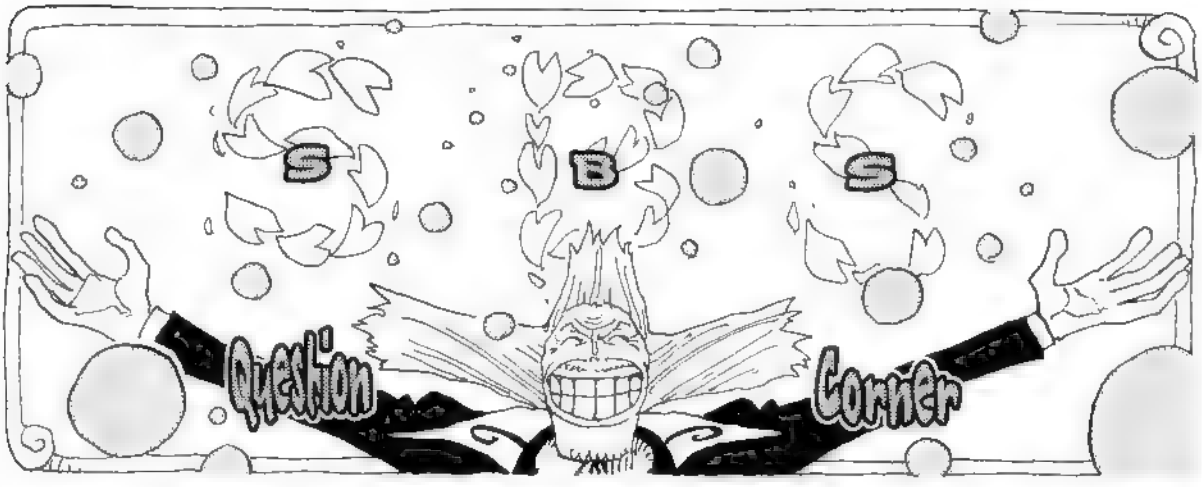
PALACE SQUARE
TIME UNTIL THE EXPLOSION...

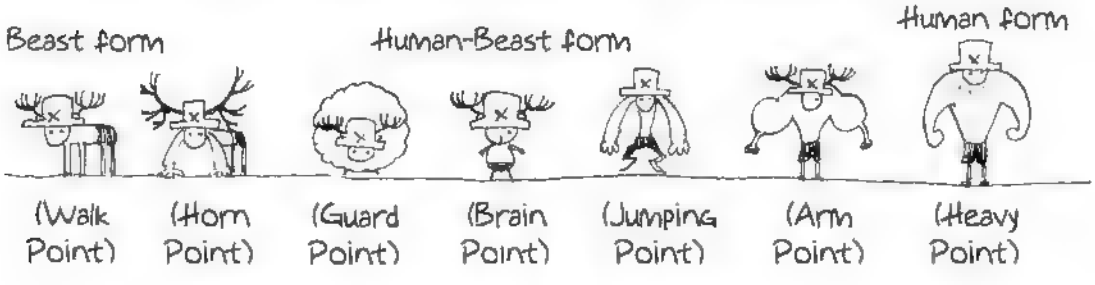


Reader: Found him! Fo!! Pa!! Pa!! Sa!! Also, Que!! Whe!! Do!! …Ack! (Translation) Panda Man!! It's Panda Man!! I saw Panda Man running away!! (Volume 20, page 60, first panel) Also, I have a question. Where does Panda Man live? Does Panda Man like to travel?

Oda: The last part was a little hard to make out. Are you all right there? Anyway, about Panda Man's residence—rumor has it that he's a very important person (on some islands anyway). Maybe that's why he's being pursued, and therefore needs to be on the run... Sorry, but if I say any more, I'll put myself in danger...
Oh no! It's them!! (Runs away)

Reader: Hello, Oda Sensei. I have a question for you! Because Chopper ate the Rumble Ball, he's able to perform seven transformations, right? But Chopper has already done more than seven. Why is that?

Oda: You're wrong there. There are only seven.



↑ And there are the seven. His usual Beast form is "Walk Point." His usual Human-Beast form is "Brain Point," and his Human form "Heavy Point."
So the Rumble Ball allows him to do four transformations in addition to these three. I hope this clears that up.

WHERE IN ALL THE LAND SLEEPS THE WORLD'S MOST TERRIFYING MILITARY WEAPON?!!!
I DON'T CARE ABOUT THIS COUNTRY'S HISTORY!!! JUST TELL ME WHERE IT IS!!!

THAT WAS GOOD ENOUGH FOR ME.

YOU INTEND TO BURY YOURSELF ALIVE, TAKING ME WITH YOU FOR THE SAKE OF THE KINGDOM, EH?!
BUT YOU CAN'T KILL ME.

Reader: *Ding-dong.* Hi, Oda Sensei! You always seem awfully busy, so today, eighth-grader Meg is going to help you with your illustrations.♡ Eighth-grader Meg got an A in Art class, plus she's an aspiring manga artist!

splat (the sound of ink dropping) Oops. Sorry.♡
I'll be leaving now…♡♡

--Eighth-grader Meg

Oda: What do you think you're doing?! Hey, you!! Get back here!!
C'mon.. You could at least... white out that inkblot. (pathetic)

Reader: In Volume 19, upon close inspection, it seems that Chopper is pulling at the mouth of the mysterious Moving Crab in order to make it move faster. Why is that?
Please tell meeee!!

--Moomin

Oda: You're right. Emigrate Crabs are very hard to control, so if you want it to go right, you tug at the right side of its mouth, and if you want to go left, you tug at the left side. In Emigrate Crab language, it would be a "right smirk" and a "left smirk". If you want to go slow, you give a little tug on both sides--doing a "right half-smirk" or a "left half-smirk." And if the rider happens to make a lame joke, the Emigrate Crab's face will cramp up making it impossible to control. So you have to be careful.

Reader: Mr. Oda, can you explain what the "ran" in "Gakuran"* means?

Oda: I dunno. Huh.. Maybe it's the "ran" in "RANou" (egg yolk). Hmm. I know! It's "ran" as in "RANpaku" (egg white)! How's that?

*"Gakuran" is a boy's school uniform. "Gaku" means school and "ran(da)" means clothing.

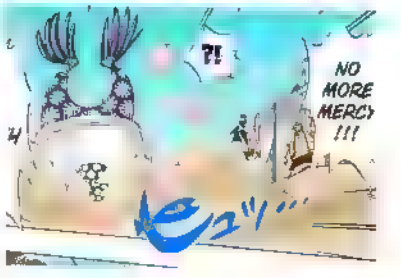
Reader: Umm, I have a question for Mr. Oda. In Volume 20, page 174, panel one, where Miss Merry Christmas dives in a hole, the sound effect "ヒュッ" (Hyu-) → has an it. Why did you do that? I have to know!



Oda: Oh, it was just because she was doing her Mole Digging-Mole Swim. Why don't we try it? How to say "hyu-" 1) Arch your eyebrows as high as you can. 2) Without moving your face, look up as high as you can. 3) Push out your lower teeth. Ready? HYU-

Were you able to do it? Go ahead and show your parents and friends. (But they're going to think you're a goofball!)

Reader: Even though Nami and Miss All Sunday were wearing short skirts when they're fighting, we never see their undies. What color are they? Please tell me.

Oda. That's rather personal. What a question... And yet you seem so casual about it, as though you'd be surprised if anyone thought that was weird. You shouldn't be asking these things. But if I were to take a guess... Back in volume 14, Nami was wearing a black bra, so... Uh, we'd better end it right there. I value my life, you know.

Reader: Hello, Mr. Oda. What's next week's Question Corner gonna be about? How about "Usopp Lies," "Luffy Finds a Treasure Chest," and "Chopper's Nose Turns Red"? Okay? ♪ I'll be looking forward to it!

Rock-paper-scissors!

Oda: Darn it!! I was going to do scissors!! I overthought it too much!! Darn it!! I knew I should've gone with scissors!!
Oh well, see you in the next volume. Darn it

Sazae-san, a popular and long-running anime, always ends each episode with a game of rock-paper-scissors.

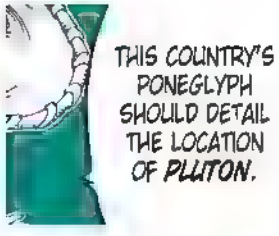
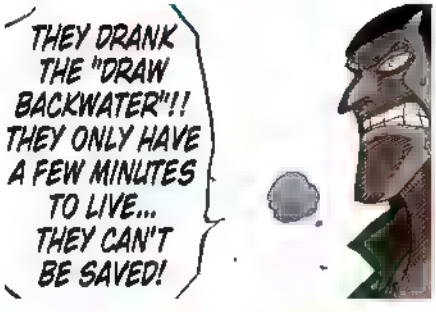
TRANSLATION NOTES CORNER
Volume 22

- THE WRITTEN READING FOR ***"PONEGLYPH"*** READS AS "HISTORICAL TEXT", INDICATING IT IS, AS ITS NAME SUGGESTS, A HISTORICAL TEXT CARVED WITH GLYPHS



- AS YOU MAY HAVE REALIZED THE ***"DRAW BACKWATER"*** IS A PUN. THE ORIGINAL NAME, "GOSUI", CAN MEAN "STRENGTH WATER" BUT ALSO "BACKWATER", SO IT WORKS FAIRLY EFFICIENTLY WHEN TRANSLATED



- CROCODILE EXCLAIMS ***"WHERE IN ALL THE LAND SLEEPS THE WORLD'S MOST TERRIFYING WEAPON"***. THE EXPRESSION HE USES COULD ALSO BE TRANSLATED AS "WHERE IN THIS LAND", WHICH MADE MANY FANS THINK AT FIRST THAT THE WEAPON WAS IN ALABASTA ITSELF, BUT IT'S LATER SUGGESTED THE WEAPON IS HIDDEN SOMEWHERE ELSE IN THE WORLD BUT THIS PONEGLYPH DETAILS ITS HIDDEN LOCATION, SO WE TRANSLATED IT MORE ACCURATELY TO BE CONSISTENT. AT THE SAME TIME, IT'S ALSO POSSIBLE CROCODILE MAY HAVE JUST ASSUMED IT WAS IN THIS COUNTRY OR MISINTERPETED THE RUMOR HE HEARD

巻二十三 "ビビの冒険"

EIICHIRO ODA

Nowadays, every book I read says that the mermaids that sailors of yore saw might actually have been dugongs. But there's something I'd like to say to those scholars. Imagine a sailor back in the old days. (Let's call him Mr. Nishimura.) He says, "I saw a mermaid," and that's how the mermaid legend gets started. Then you come along and say, "Maybe what you saw was a dugong." Great. And now the whole world believes you. Can you imagine how disappointed Mr. Nishimura is? He's probably crying himself to sleep in the other world right now. *"I saw a mermaid! Really!"* But cheer up, Mr. Nishimura. *Dugongs are pretty cute too.*

Monkey D. Luffy started out as just a kid with a dream—to become the greatest pirate in history! Stirred by the tales of pirate "Red-Haired" Shanks, Luffy vowed to become a pirate himself. That was before the enchanted Devil Fruit gave Luffy the power to stretch like rubber, at the cost of being unable to swim—a serious handicap for an aspiring sea dog. Undeterred, Luffy set out to sea and recruited some crewmates: master swordsman Zoro, treasure-hunting thief Nami, lying sharpshooter Usopp, the high-kicking chef Sanji, and the latest addition, Chopper—the walkin' talkin' reindeer doctor.

Luffy and crew fight to help Princess Vivi save her war-torn and drought-ravaged kingdom from the evil Sir Crocodile and his secret criminal organization, the Baroque Works. Having finally reached the royal palace in Alubarna, Vivi devises a plan to end the civil war, only to be thwarted by the sudden arrival of Crocodile, who reveals his true objective—to get his hands on the most destructive weapon of the ancient world, Pluton! Now, with just a minute to go before Crocodile's henchmen blast the city of Alubasrna into a three-mile wide crater, Luffy battles it out with the evil mastermind down in the Royal Mausoleum. Meanwhile, the Straw Hats, after having defeated Baroque Works' deadly Officer Agents in fierce combat, join Vivi in scouring the city to find the city-destroying bomb. Vivi has her suspicions about where it might be, but with the seconds ticking away, can they possibly reach it in time?

Reader: Hello, Oda Sensei. This is the first time I've written to you. The thing is… I can't draw, I don't have an interesting question, and there's no way I'll ever get to meet Brogy, so I just have a request. Please allow me to say the words that everyone is dying to say lately. Here goes…

Let's start the Question Corner!

Heh heh heh… That felt so good!
P.S. I'm sure you get a lot of letters like this, but it would really mean a lot to me.

Oda: No, thank you. I appreciate your politeness. And thanks for reading *One Piece*. All right, let's get started.

Reader: Oda Sensei!! How do you do, Oda Sensei?!!!
Who is he?! Who was that Baroque Works agent Tashigi cut down at the beginning of this volume?! The back of his jacket said, "I ♡ Miss Valentine"! Huh?! Do I have a rival?! Is there a Miss Valentine fan club?! If so, please let me join!! Please!!

--Miss Letters Day

Oda: Whoa! That was fast. That happened in this very volume, on the very first page of the first chapter. Baroque Works has nearly 2,000 agents, so there are all types of people in the organization. Some of them see the Officer Agents as rivals, but others look up to them. They even have fan clubs. If you're interested, send a postcard with your name, address and age to the Officer Agent Fan Club office at Whisky Peak. Oh, that's right, Zoro destroyed it.

Reader: You owe me an apology, Odacchi! One "big-time" apology... You know all the Marimo terms and Moss head jokes you're using? (anger) Well, my name is Mariko and my nickname since the sixth grade has been "Marimo" (or "moss" in Japanese). But then you had to go and use "Kuromarimo" and "Moss head" in *One Piece*!! Now that I'm in middle school (and ever since the Drum Kingdom arc), kids are saying "Hey, fluffy Kuromarimo" to me (anger). What're you gonna do? My life is ruined!!

Oda: What're you saying? You're probably enjoying all the attention. Right?! If they say that to you again, just hit them back with this. **"Eat this!! Marimo's Static Cling!!"** Now go and show them how cool you are!!

Reader: Where did the members of Baroque Works go on their most recent company vacation?

Oda: I understand they went to the Snow Festival in Hokkaido. But they don't like hanging out with each other, so they all traveled there separately.

Reader: *Ring...ring...* Hello? Odacchi?
Stick your thumb in your mouth and turn around.
Made you do a sexy pose!♡ Hee hee, got you!

Oda: Hey hey. Did you see that? Man, I looked so sexy. Almost too sexy for this book! Whew, that was dangerous--we almost had to change the rating to a T+ (ages 16 and up).

Reader: No greeting, just a question. Has Miss Goldenweek eaten any Devil Fruit?

Oda: No, Ms. Goldenweek's powers are derived not from a Devil Fruit but from the power of suggestion. She uses colors to make people feel nervous or weak so that they will be vulnerable to her attacks.

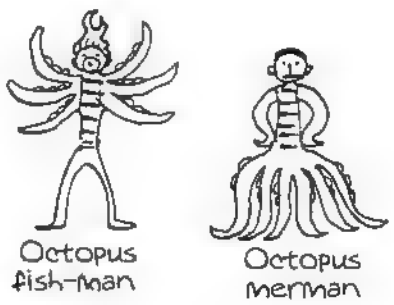
Reader: In the chapter title page series, Camie the Mermaid and Octopako the Fish-woman appear. What exactly is the difference between the merfolk and the fish-men?

Oda: You see, merfolk are fish from the waist down, and the fish-men are fish from the waist up. Here's an example using an octopus. (→)



As for differences in personality, merfolk are nice to fish and the fish-men want to rule over them. I guess that's it. Of course, their habitats differ as well, but more on that when the fish-men show up again in the story someday.

Reader: In a Question Corner back in vol. 20, you said that Sanji's left eye was one of the "Seven Mysteries of *One Piece*." What are the other six? If you don't tell me, I'll do an "Out of the Back Attack" on you!

--Blatant Fool

Oda: Right, I'll list them right now. Er, let's see... The second mystery is...the Seventh Mystery is a Mystery! The third mystery is...the Sixth Mystery is a Mystery! The fourth mystery is...the Fifth Mystery is a Mystery! Ha ha ha! Geez, so many mysteries! Sorry. Let me give it some serious thought. (Fat chance.) (What, really?)

Reader: In a Question Corner in vol. 20, I was surprised to learn that *One Piece* is sold in Taiwan. I understand that Nami's name is written in Chinese like this: 娜実. Can you tell me the kanji for the other main characters and Vivi?

Oda: We've been getting a lot of letters about the foreign versions of *One Piece*, so I've been thinking of compiling the data and dedicating a page to it. So please be patient. Actually, *One Piece* is published in many different countries.

Reader: Hello, Oda Sensei!! I have a question about Vivi and Zoro!! (Ta-dah) Why does Vivi call Zoro "Mr. Bushido"?! (Da doom) I'm super, super, super curious!!! Please tell me. Bye! See you in a million years!

--Mr. Potato

Oda: You know how sometimes you give a friend a weird nickname and it sticks so you can never take it back? I guess it's like that. It would seem strange if she suddenly started calling him Zoro, right? I think Vivi will be calling Zoro Mr. Bushido forever.

Reader: Oda Sensei♡, I enjoy both the manga and anime for *One Piece*. (^v^)V By the way, there's something I've been wondering about. What is the liquor that Dr. Kureha drinks? The label says "Ume" ("Plum" in English), but what kind of drink is it?

--Chopper's picture is on my cell phone♡

Oda: It's plum wine. Homemade plum wine.

Reader: C'mon, Oda Sensei! Don't you even know what the "ran" in "gakuran" is? Then let me give you a special kanji lesson! The "ran" in "gakuran" means "clothing" and comes from *randa,* which was a slang word used in the Edo Period. How's that? Amazing, huh? It has nothing to do with the "ran" in "ranpaku" (egg white).

--Miss Bon Curry

Oda: Oh, is that so? *Randa,* huh? That's the origin? Well, I'd been thinking about it all this time and I'd concluded that it sounds like it was from "Lumberjack Death Match." It seems I was wrong.

Reader: Hey! Here's a question for you. "B.W." stands for "Baroque Works," right? But recently in geography class, I learned that BW means "desert" and I felt a jolt of surprise! You're knowledge is impressive, Oda Sensei! I really admire you! Sensei… You **did** know that, didn't you?

--A sophomore from Akita

Oda: Of course I knew that. It's from the Köppen climate classification system, right? How's that for smart?! I give careful thought to everything I create!! Really!!
Well...actually... I didn't know that..

Reader: Draw the six main characters with your foot. (Please.)
Show me what you've got, Oda Sensei.

--Ainya

Oda:

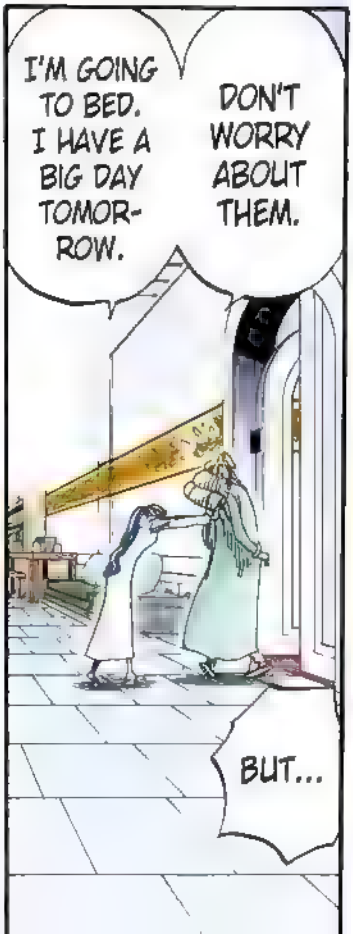
OH YES, THAT'S RIGHT. YOU'LL BE SPEAKING TO THE ENTIRE KINGDOM.
COME ON, KAROO. YOU CAN SLEEP WITH ME.



I'M GOING TO BED. I HAVE A BIG DAY TOMOR-ROW.
DON'T WORRY ABOUT THEM.

Chapter 216: VIVI'S ADVENTURE

HATCHAN'S SEA-FLOOR STROLL
VOLUME 30: "HACHI'S ESCAPE!"

YOU DON'T KNOW WHO'S BEHIND THE REBELLION?
NO.
IT'S AN UNDERGROUND ORGANIZATION. NOT EVEN ITS MEMBERS KNOW THE IDENTITY OF THE RINGLEADER.
SO THEY'RE THE ONES...
...TRYING TO OVERTHROW THE KINGDOM!!
YOU HAVE A LEAD... RIGHT?
BUT...
ANY FURTHER INQUI-RIES...
...THERE'S NO WAY FOR US TO FIND OUT FROM THE OUTSIDE.
SINCE NO ONE KNOWS WHO THE LEADER IS...
...
...WILL BE TOO RISKY FOR THE KINGDOM.
YES.

ギクッ!!
OH NO. I'VE SAID TOO MUCH!
HUH?
UH...
IGARAM, DO YOU KNOW WHAT I'M THINKING?
NO!! I DON'T KNOW!! I DON'T KNOW!! I HAVE TO GET TO WORK!!
IGARAM !!!
NO! NO!! THIS ISN'T A GAME!! IT'S DEADLY BUSINESS!!

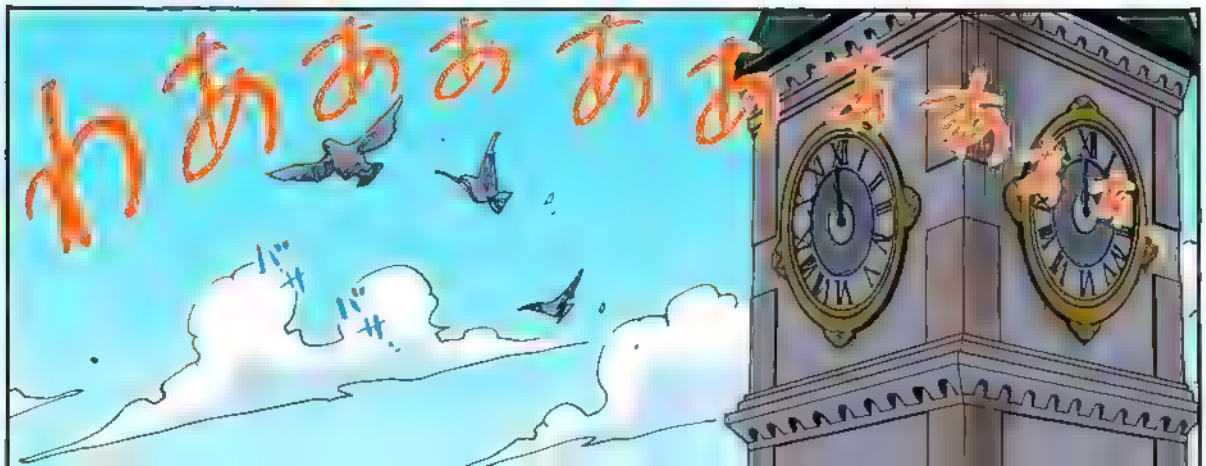
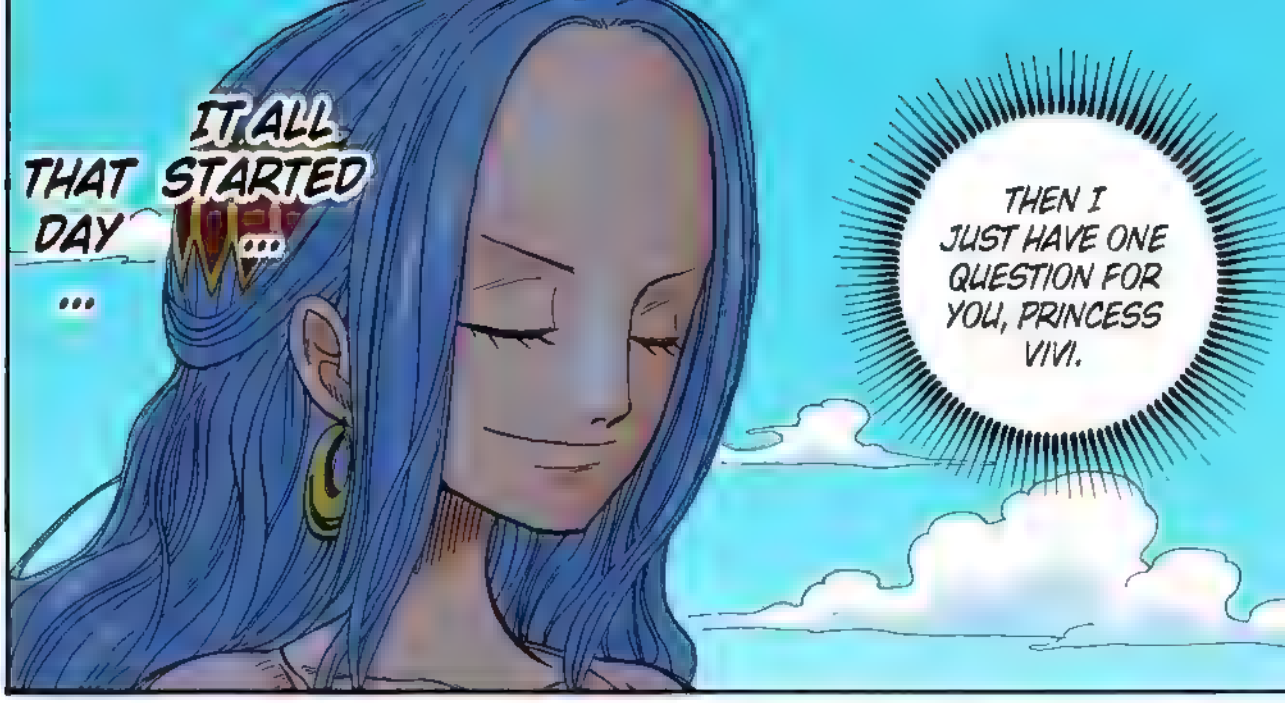
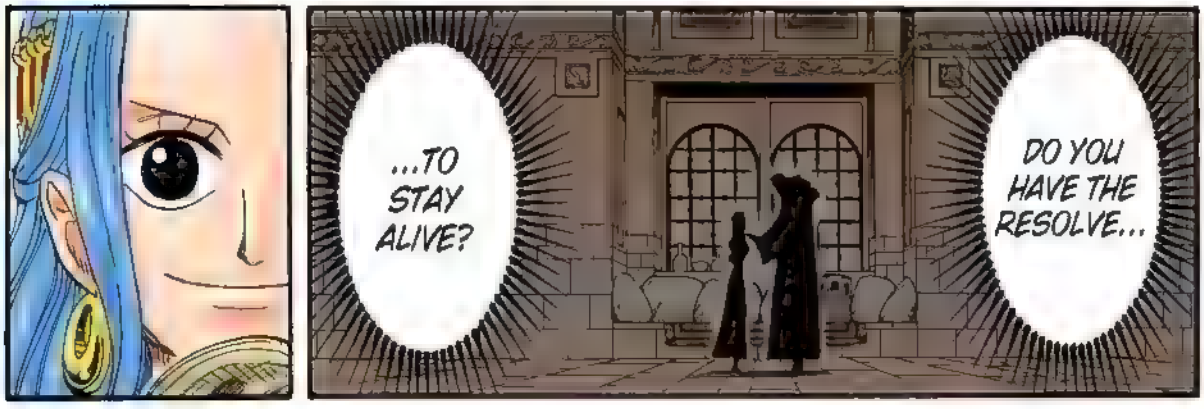
わあああああああ



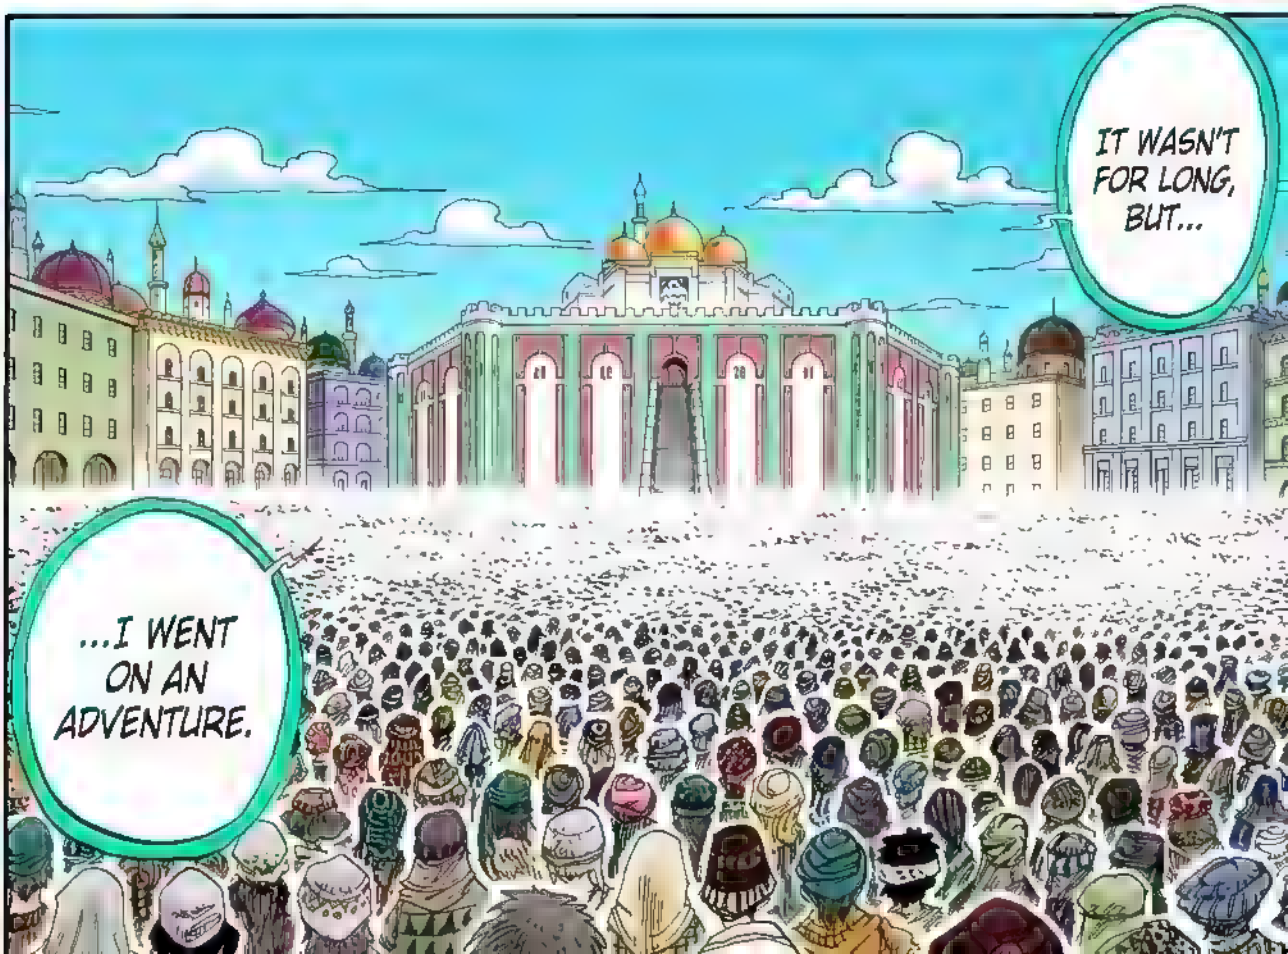
わあああああ
バサバサ



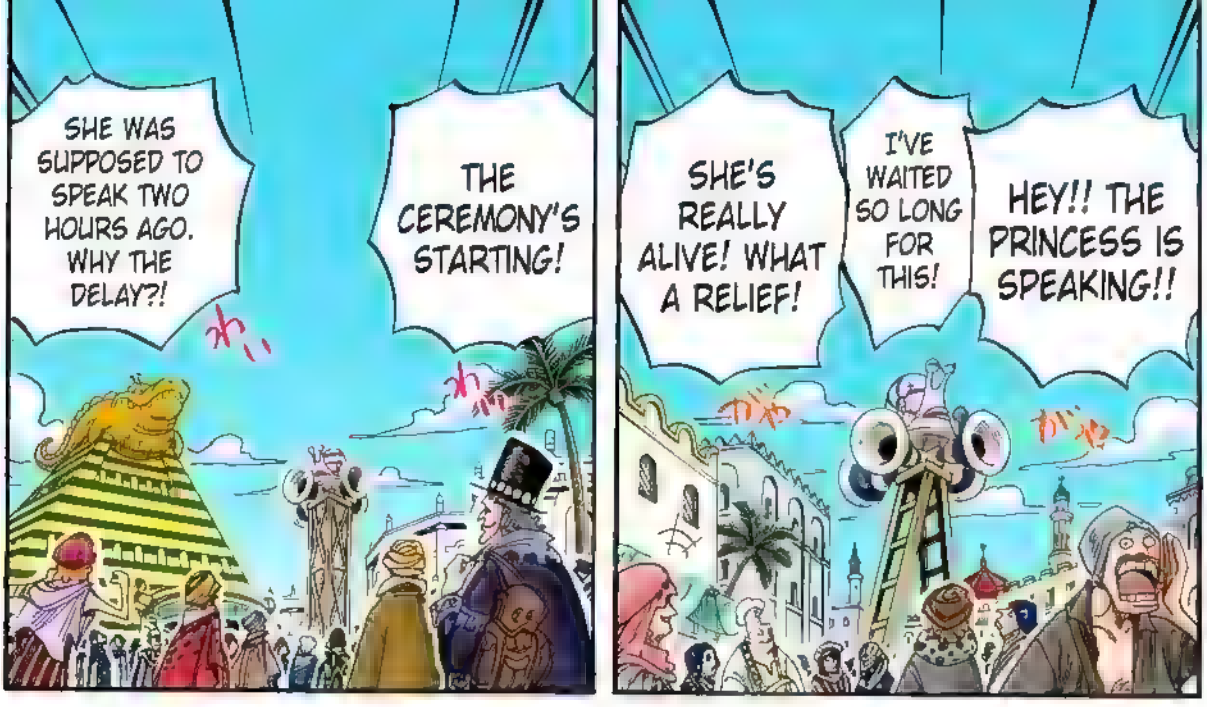
THAT DAY ...
IT ALL STARTED W...
THEN I JUST HAVE ONE QUESTION FOR YOU, PRINCESS VIVI.



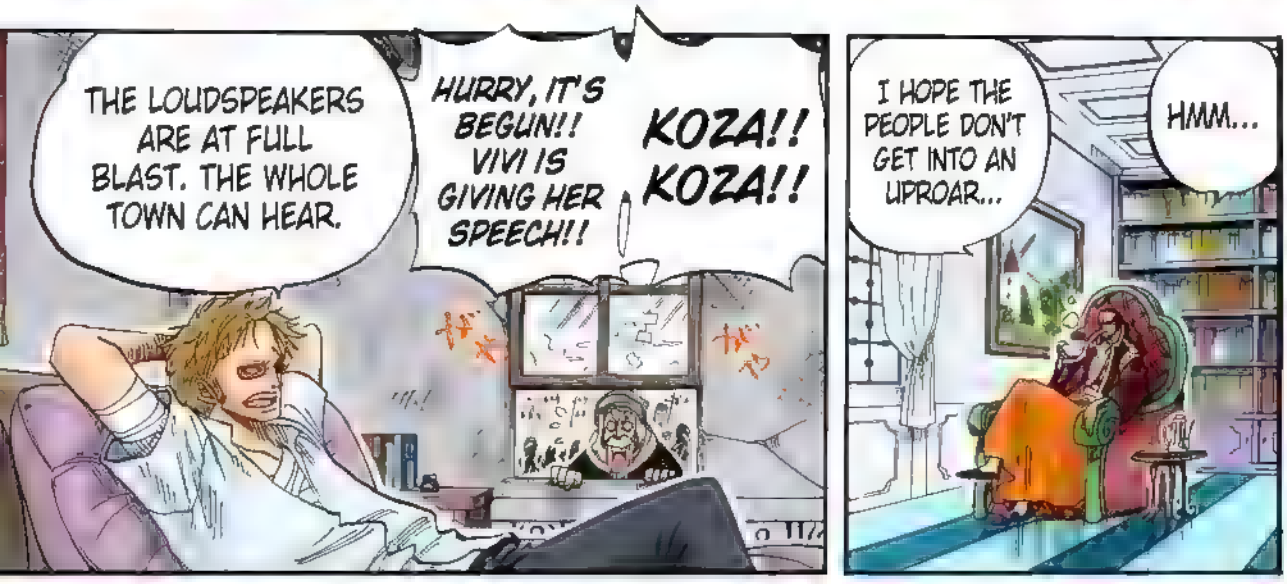
...TO STAY ALIVE?
DO YOU HAVE THE RESOLVE...



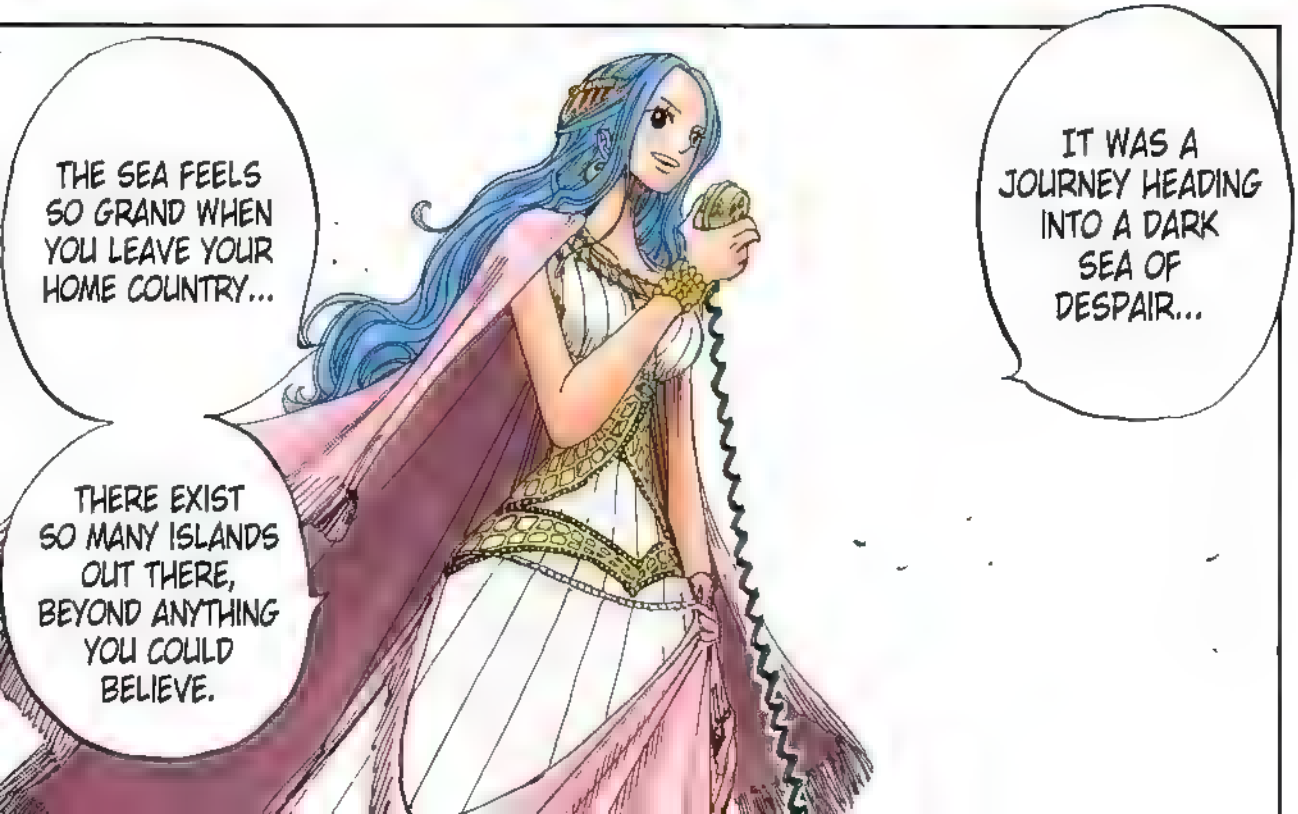
IT WASN'T FOR LONG, BUT...
...I WENT ON AN ADVENTURE.



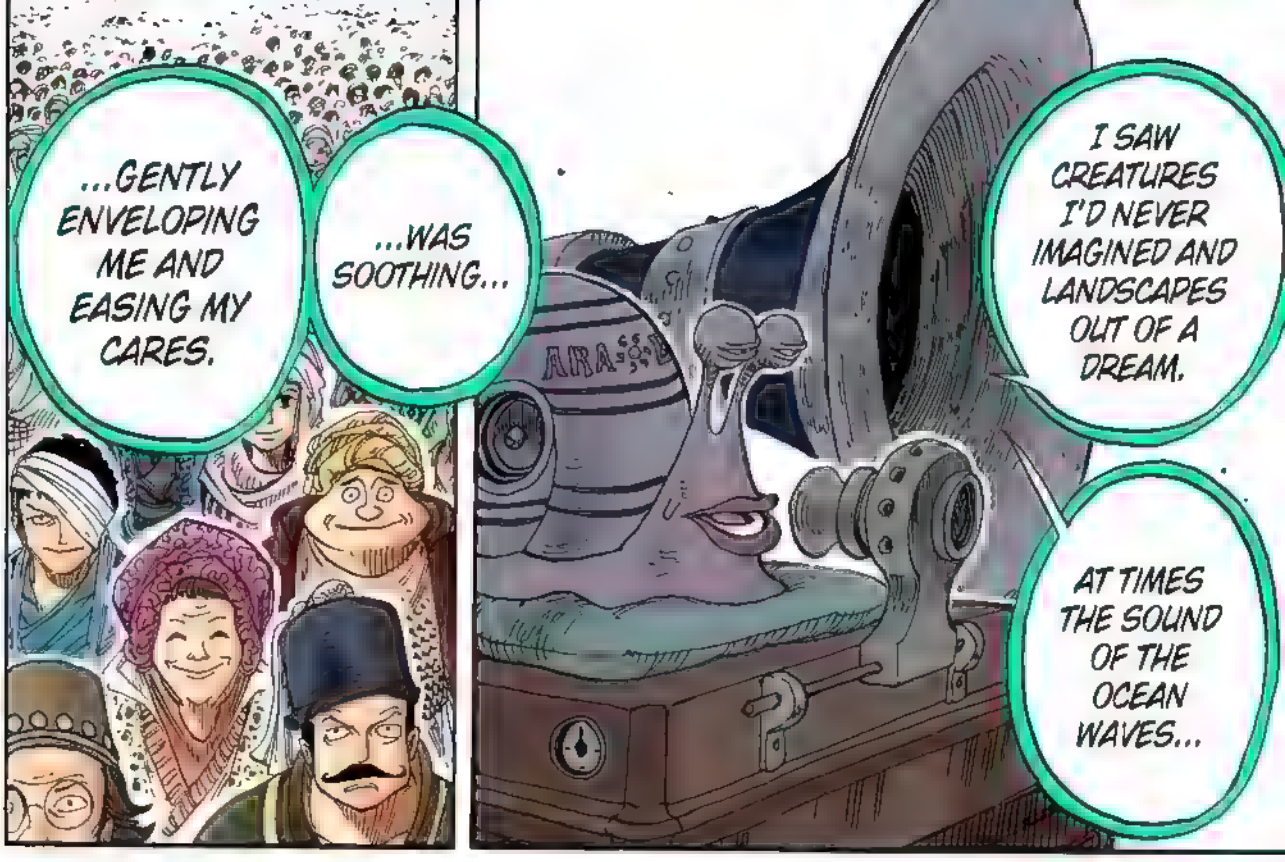
SHE WAS SUPPOSED TO SPEAK TWO HOURS AGO. WHY THE DELAY?!
THE CEREMONY'S STARTING!
SHE'S REALLY ALIVE! WHAT A RELIEF!
I'VE WAITED SO LONG FOR THIS!
HEY!! THE PRINCESS IS SPEAKING!!



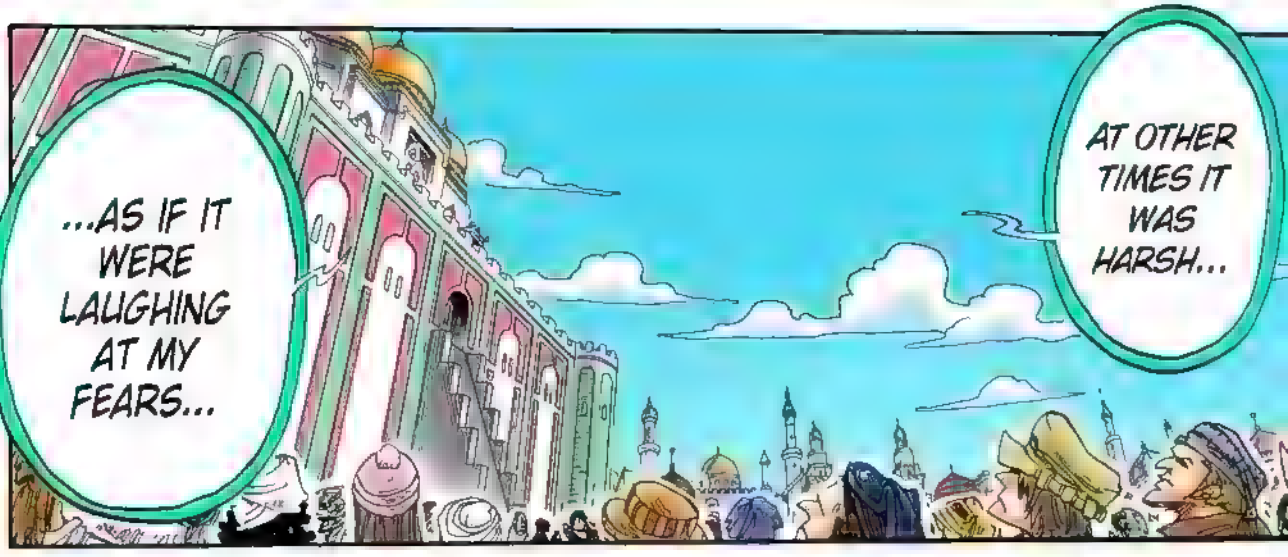
THE LOUDSPEAKERS ARE AT FULL BLAST. THE WHOLE TOWN CAN HEAR.
HURRY, IT'S BEGUN!! VIVI IS GIVING HER SPEECH!!
KOZA!! KOZA!!
I HOPE THE PEOPLE DON'T GET INTO AN UPROAR...
HMM...



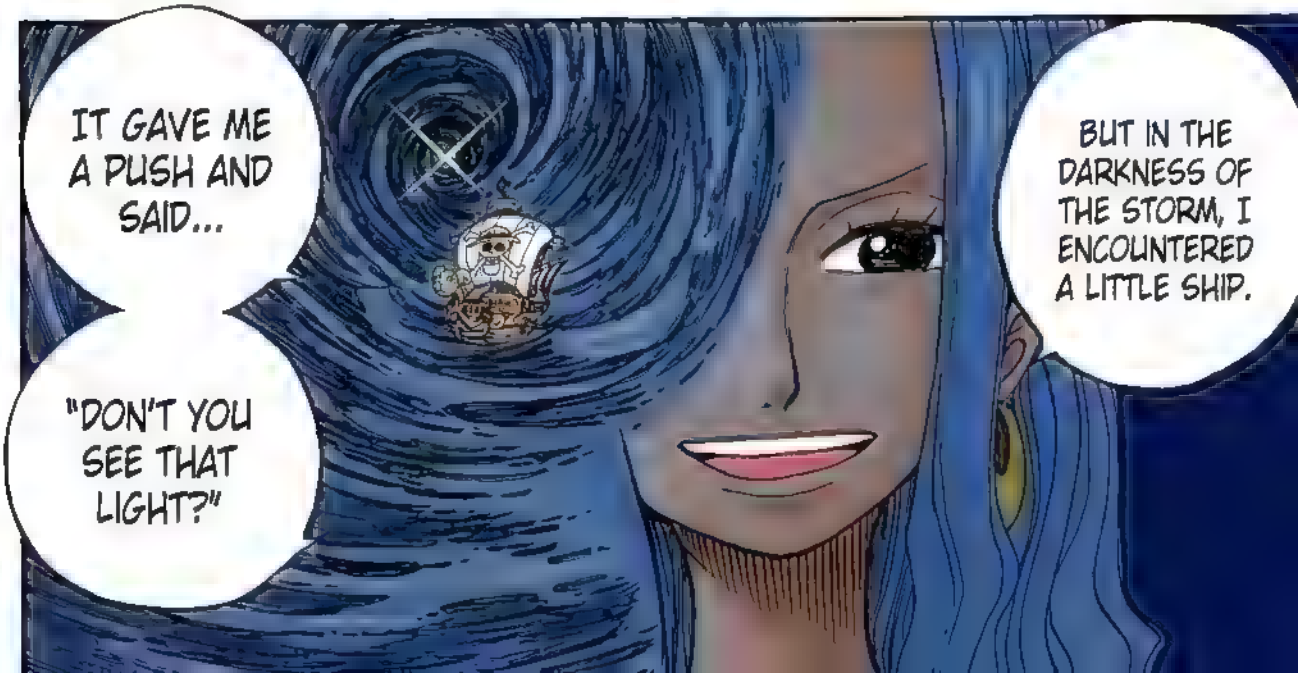
THE SEA FEELS SO GRAND WHEN YOU LEAVE YOUR HOME COUNTRY...
THERE EXIST SO MANY ISLANDS OUT THERE, BEYOND ANYTHING YOU COULD BELIEVE.
IT WAS A JOURNEY HEADING INTO A DARK SEA OF DESPAIR...



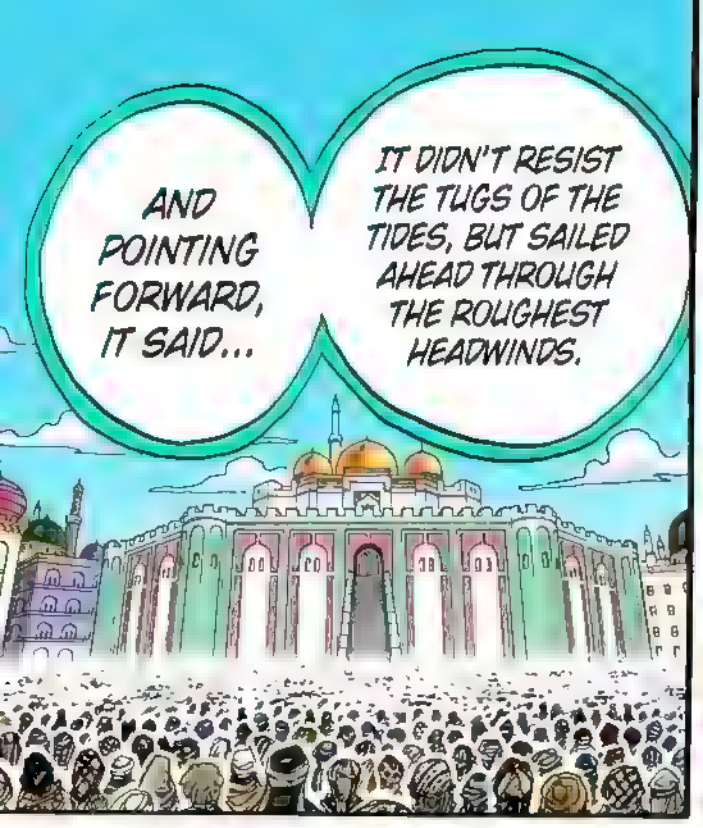
...GENTLY ENVELOPING ME AND EASING MY CARES.
...WAS SOOTHING...
I SAW CREATURES I'D NEVER IMAGINED AND LANDSCAPES OUT OF A DREAM.
AT TIMES THE SOUND OF THE OCEAN WAVES...



...AS IF IT WERE LAUGHING AT MY FEARS...
AT OTHER TIMES IT WAS HARSH...

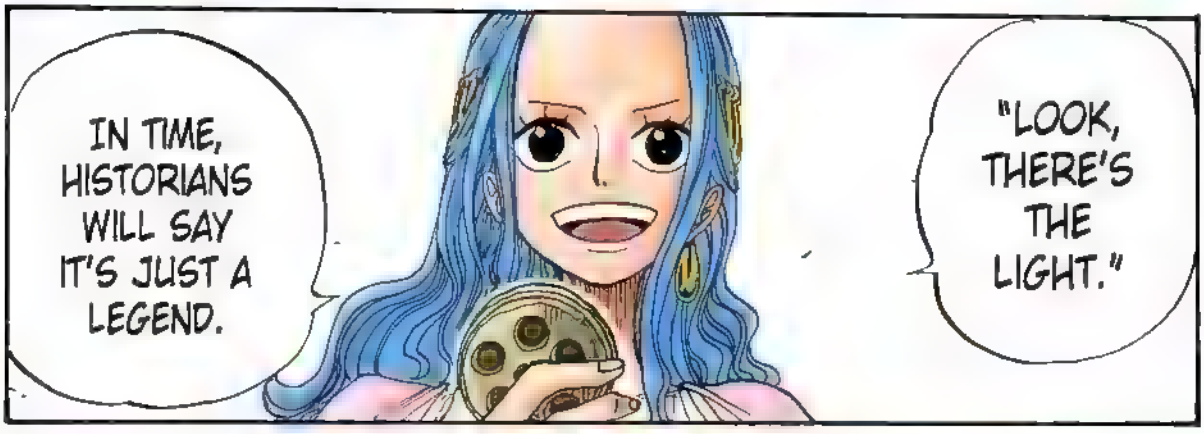


IT GAVE ME A PUSH AND SAID...
"DON'T YOU SEE THAT LIGHT?"
BUT IN THE DARKNESS OF THE STORM, I ENCOUNTERED A LITTLE SHIP.

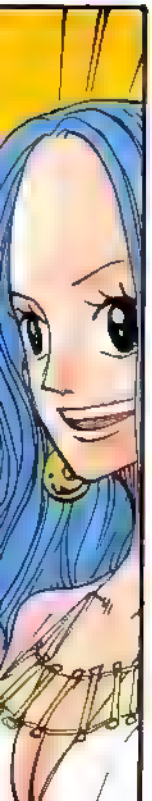


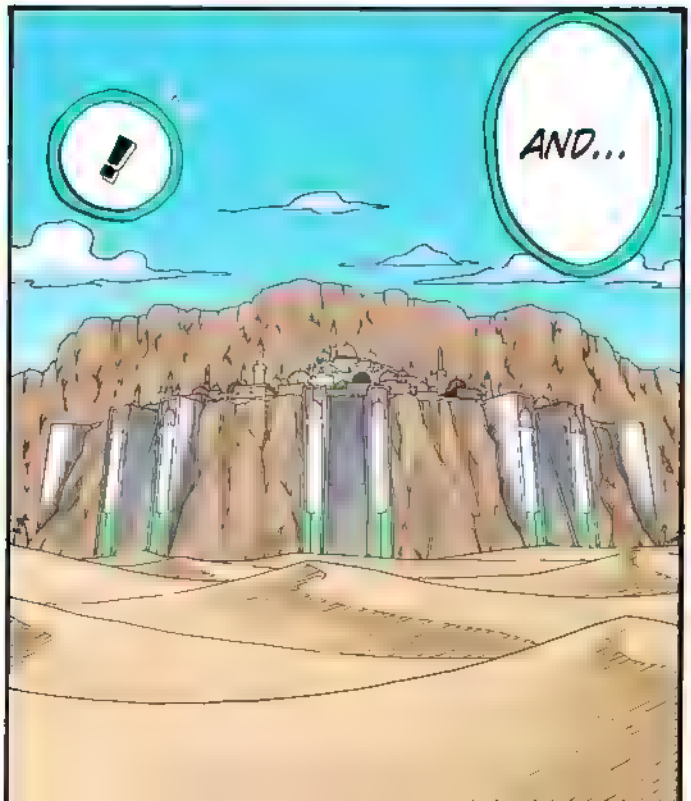
AND POINTING FORWARD, IT SAID...
IT DIDN'T RESIST THE TUGS OF THE TIDES, BUT SAILED AHEAD THROUGH THE ROUGHEST HEADWINDS.

THAT STRANGE LITTLE SHIP NEVER LOST ITS WAY EVEN IN THE DARK.
IT WOULD DANCE ON THE GIANT WAVES.



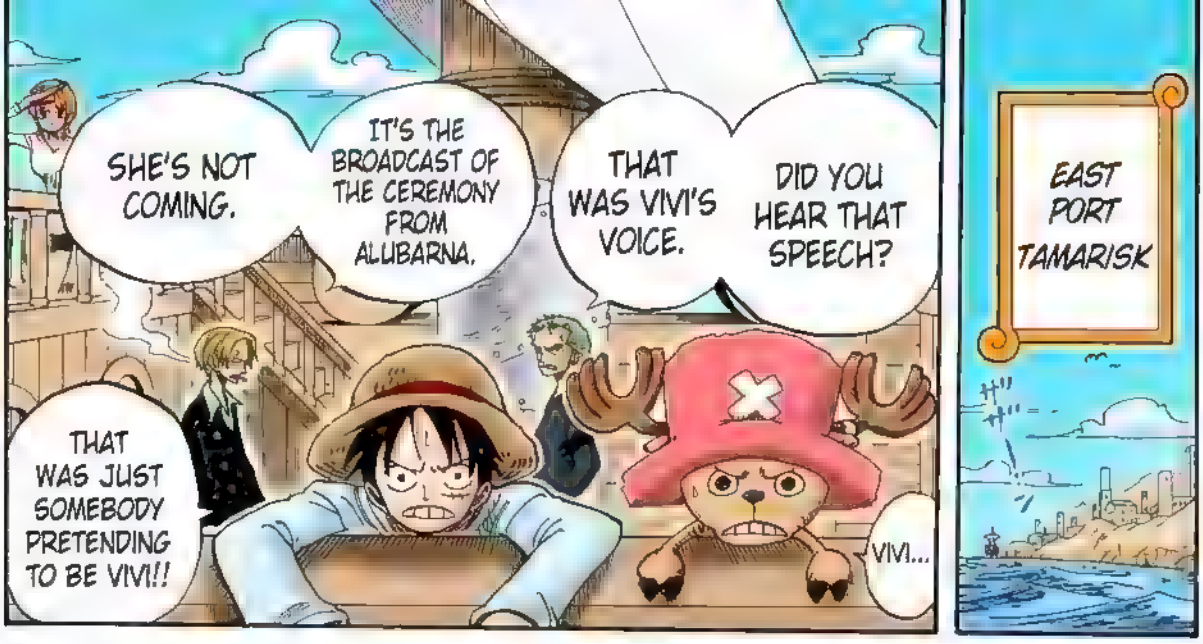
IN TIME, HISTORIANS WILL SAY IT'S JUST A LEGEND.
"LOOK, THERE'S THE LIGHT."





!
AND...

WHAT'S SHE TALKING ABOUT?
BUT TO ME ALONE, IT WAS THE TRUTH.
IT'S THE UNTOLD STORY OF HER STRUGGLE.



SHE'S NOT COMING.
IT'S THE BROADCAST OF THE CEREMONY FROM ALUBARNA.
THAT WAS VIVI'S VOICE.
DID YOU HEAR THAT SPEECH?
THAT WAS JUST SOMEBODY PRETENDING TO BE VIVI!!
VIVI...
EAST PORT TAMARISK

LET'S GO.
IT'S PAST NOON ALREADY.

SHE CAN'T JUST LEAVE LIKE THAT.
GIVE IT UP, LUFFY.

TRANSLATION NOTES CORNER
Volume 23

- SMOKER'S COMMENT TO THE RULERS OF THE GOVERNMENT TO ***"EAT SHIT"*** IS VERY MUCH LITERAL AND JUST AS EXPLICIT EVEN IN JAPANESE, DESPITE HAVING BEEN CENSORED IN THE ORIGINAL TRANSLATION (WHERE IT WAS "TELL'EM TO SHOVE OFF"). THOSE REREADING MAY ALSO NOTICE THIS IS A FAIRLY EARLY MENTION OF THE ELDERS RULING THE GOVERNMENT SOME TIME AHEAD OF THEIR DEBUT, WHICH OLDER TRANSLATIONS FAILED TO MENTION, SO WE TRIED TO MAKE IT A BIT CLEARER IN THE WORDING

- ONCE AGAIN, THE WORD ***"NAKAMA"*** IS USED FOR IMPACT, AS THE STRAW HATS REASSURE VIVI SHE'LL ALWAYS BE THEIR CREWMATE (NAKAMA). DESPITE RETIRING, VIVI IS STILL CONSIDERED AN OFFICIAL FORMER MEMBER OF THE STRAW HAT CREW IN THE DATABOOKS, BEING CONSIDERED MEMBER "5.5". INTERESTINGLY, ODA EXPLAINED THAT HE CAME UP WITH THIS SCENE LAST MOMENT, AND THAT IT WASN'T PLANNED AHEAD OF TIME

- ***ALABASTA'S TOWNS*** ARE LIKELY NAMED AFTER FLOWERS: NANOHANA, KATOREA, TAMARISK, AND SUIREN (ONLY MENTIONED IN A DATABOOK). ERUMALU IS LIKELY DERIVED FROM "EMERALD", DUE TO BEING CALLED THE "GREEN TOWN"

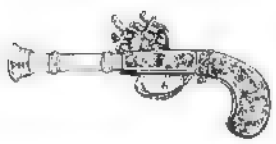
When I visited my family recently, my parents expressed an opinion about *ONE PIECE* for the very first time. "That story about the deer was really good."
...Deer?

-Eiichiro Oda, 2002



Eiichiro Oda began his manga career at the age of 17, when his one-shot cowboy manga **Wanted!** won second place in the coveted Tezuka manga awards. Oda went on to work as an assistant to some of the biggest manga artists in the industry, including Nobuhiro Watsuki, before winning the Hop Step Award for new artists. His pirate adventure **One Piece**, which debuted in **Weekly Shonen Jump** in 1997, quickly became one of the most popular manga in Japan.

THE STORY OF ONE PIECE

Monkey D. Luffy started out as just a kid with a dream—to become the greatest pirate in history! Stirred by the tales of pirate "Red-Haired" Shanks, Luffy vowed to become a pirate himself. That was before the enchanted Devil Fruit gave Luffy the power to stretch like rubber, at the cost of being unable to swim—a serious handicap for an aspiring sea dog. Undeterred, Luffy set out to sea and recruited some crewmates: master swordsman Zoro; treasure-hunting thief Nami; lying sharpshooter Usopp; the high kicking chef Sanji; and the latest addition, Chopper—the walkin' talkin' reindeer doctor.

Luffy and crew fight to help Princess Vivi save her war-torn and drought-ravaged kingdom from the evil Sir Crocodile and his secret criminal organization, the Baroque Works. But Crocodile's true objective was to get his hands on the most destructive weapon of the ancient world, Pluton! With such a weapon, world domination would be his! After numerous hair-raising battles, Crocodile and Baroque Works are defeated and the kingdom is saved. The people rejoice and Luffy and the others recover from their wounds. But there is little time to rest as the Marines are hot on their tail! So Luffy and crew bid farewell to Vivi and set sail once more. Their hears are heavy, but they all find solace in the friendship that remains forever in their hearts.

Reader: Huh? What, Eiichiro? Hold on! I'm in a hurry! Huh? Say it? Say what?! No, I won't say it! I'm leaving now! I'm outta here! (running off into the distance)

The Question Corner will now begin! (Being nice)

Oda: You said it after all?! ...Have a nice day.

Q: Oda Sensei, just how many liters are you?
--Nori (liquid glue)

A: That's right. It must have been in elementary school... When I was in the fourth grade... That's when I saw a kappa (water sprite).

Q: I have a question for you, Oda Sensei. Some of the Marines wear uniforms and others don't. Is that based on rank or what? Or do they just get to choose whatever they want?

A: Hmm... I guess you could say that. When you join the Marines you're issued the standard Marine uniform and cap. (see drawing) This is a very proud moment for the new recruits, and many of them call home via Den Den Mushi to share the news. All the lower ranks have to wear the uniform. (Jango and FullBody are violating regulations.) Once they reach the rank of petty officer, they're allowed to choose different types of uniforms, and civilian clothes are okay too. But all clothing must conform to Marine standards. Those above the rank of lieutenant are also allowed to wear the word "Justice" on their backs. It seems the preferred attire for those above the rank of captain is a Justice coat over a suit. (See volume 8 for more details on the Marine ranks.)
